VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT. Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I continued to look upon all doctors as little better than quacks. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Mrs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got Dr. New Marton's treatment. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$25 and never lose a day. I wish all sufferers knew of your valuable treatment."
