### The Ladies' Home Journal Patterns

The secret of success in store-keeping is progressiveness and with the new trend we take to-day in selling patterns, by becoming the sole agents for the popular and famous Ladies' Home Journal patterns, we feel sure that in adding this part to our store service, we will win the instant approval of the entire public.

1000 Patterns 10 and 15 cts.

Every thing from a Baby's Bonnet to a Lady's Trousseau 10 and 15 cts.

In the Ladies' Home Journal patterns, the large and small sizes are not obtained by grading but a model is made for each size. Thus collars and all curved parts join like clockwork and give satisfaction never before obtained in a dress pattern.

Each Month you may have a Style Book, Free, for the asking.

The leading Dry Goods stores all over America have discarded all other patterns and installed the Ladies' Home Journal patterns. They have simply taken the country by storm and are acknowledged to be the best on earth—Best in Style, Best in Fit and Best in Simplicity.

## OWN TOPICS

Big sale of Millinery now on at S. F. Moulton's.

WANTED.—A general housemaid. Apply to Mrs. J. P. TELFORD.

Last week's grocery bargains on sale this week also. See papers.

H. H. Mockler.

The 32nd Regimental Band, of Walkerton, are endeavoring to secure Mr Chas. Scholtz, of Berlin as leader, to succeed Mr G. Wright, who comes here.

Mr Skelton, of Walkerton, is the owner of the first gasoline launch ever built in Walkerton. It was launched Friday week on the Saugeen and christened "Agatha."

HARD LUCK.—The heavy rains causing a swollen river have given the bridge contractor a hard time of it lately in securing a foundation. Twice his coffer dam has been swept away.

IMPROVED MAIL SERVICE.—Our worthy member Mr H. H. Miller has secured for Irish Lake and Pomona a tri-weekly mail instead of the semi-weekly service they had had: a boon that will be duly appreciated.

CIVIC HOLIDAY.—The Mayor has issued a Proclamation declaring, Monday, 3rd August, a Civic Holiday for the town of Durham. All parties will therefore govern themselves accordingly. Country friends will bear in mind that stores will be closed for that day.

AN ELECTRIC BELL.—The result of the Mayor's visit to Ottawa to meet with the Railway Commission to decide as to the protection of Gararaxa street crossing, is that we are to have an Electric bell to give warning of approaching trains. A sum of \$400 is also allowed in lieu of the widening of George Street. This is not what we wanted nor what we deserve, but we'll have to be content. The bell has been ordered and will be in position before this is read.

WE are congratulated on all sides by our store friends for having the agency for The Ladies' Home Journal Patterns. For years women have longed to obtain patterns of the smart and distinctive designs shown in The Journal, and now they can do so. Prices are only 10 and 15 cents. The House of Quality.

H. H. Mockler.

BAPTIST GARDEN PARTY.—The Annual Garden Party under the auspices of the Baptist Church here will be held in Joe Brown's new Rink next Tuesday evening, July 28. At present the site is a piece of grassy bottom and no levelling done. It also ensures protection should the evening be wet. Band in attendance, good program. Admission 10c. Everyone invited.

CEMENT.—Circulars have been issued to Cement shareholders pointing out the success of the recent campaign with the western marl beds, the material being first class and supply regular by C. P. R. connection. Manager McWilliams has recovered from his recent serious illness, and credit is due the efficient staff under Secretary C. R. Lavelle for keeping things moving so successfully. Cement is lower in price this year but there is nevertheless the prospect of a successful season.

WON MEDALS.—Congratulations to Misses Lyla Kelsey and Vivian Crawford the winners of the two medals offered at Durham for highest standing in Entrance Examination. The former takes Dr. Jamieson's medal offered to highest Scotch Grey pupil writing in Durham. Miss Crawford taking Trustees' medal for highest in Durham. Miss Kelsey of course earns both, but the rule is that no pupil can hold the two.

NEW STAMPS ISSUED.—The special stamps issued in commemoration of the centenary of Quebec are now on sale at the post offices and in general use. They are of the most artistic design and larger than the ordinary size, to allow of adequate representation of historic scenes, portraits, etc. The description of each denomination is as follows:—Half-cent, grey, picture of the Prince and Princess of Wales; one-cent, green, portraits of Champlain and Garter; two-cent, red, King Edward and Queen Alexandra; five-cent, blue, representation of U. Habitation de Quebec; seven-cent, yellow, picture Montcalm and Wolfe; ten-cent mauve, picture of Quebec in 1700; fifteen-cent, picture of the old regime; twenty-cent, green picture of a courier du bois with Indians.

UNIONED.—We have received a communication from the West, quite legitimate, but not being signed, we cannot publish, even though from "a friend." Of course we ask for the name only, as a guarantee of good faith, not for publication.

Many farmers think it is a mistake to prohibit animals from running on the public roads. A lot of good grass goes to waste and weeds have a free course to multiply and scatter. If the sheep are allowed to run they will settle the weeds and turn the grass into good mutton.

The monthly Style Book, illustrating The Ladies' Home Journal Patterns, is furnished free to all of our store friends. It is an excellent fashion periodical. It will be found the latest styles and many helpful suggestions for the home dressmaker. The House of Quality.

The bell has been ordered and will be in position before this is read.

SENT TO THE HOSPITAL.—How to prevent vagrants and unfortunates of one kind and another from being dumped into urban municipalities, is a problem. The other day, a Brant farmer drove into town with an unfortunate woman, who had wandered into his place, unloaded her here and there had to get busy. She said that she had been deserted by her husband in Durham, and that she had walked all the way from Durham to the home and elect farm, in the home of a hotel, at the town's expense for a day or two, and as she was in bad shape physically she was then sent on to the hospital at the town's expense. We are quit of her.—Walkerton Telescope.

SUNDAY SCHOOL PICNICS.—Thursday last the Methodist Sunday School workers enjoyed themselves at Saugseon Park. Tuesday, Trinity Church went by C. P. R. to Priceville, a ride on the new road being an attraction. The Presbyterians are planning theirs in the same direction, date not fixed yet. We have not heard where the Baptists are going.

C. P. R. NORTHWEST EXCURSIONS.—The next Homeeekers' excursion leaves on Tuesday, July 31st, by special train, leaving Toronto at 2 p. m., carrying through colonist and tourist sleeping cars. To catch the special intending passengers should take morning trains to Toronto. C. P. R. excursions are run by the new Muskoka route, making a considerable saving in time, and the advantage of traveling by a through car line, without trouble of transfers and possible delays is obvious. The local C. P. R. agent will be glad to furnish free booklet giving rates and full particulars. Reports from the West indicate early crops this year, and within the next two or three week's announcement will likely be made of the low rate Farm Laborers' Excursions.

A little daughter of Mr Peter Muir, near Ceylon, had an exceedingly narrow escape from drowning one day last week. The little one, about two years of age, fell into a cistern filled with water. A little playmate saw her, which had been left open, and gave the alarm. The women folks attempted to fish her out with a hoe but failed to locate her. Her father who was working across the road, was summoned and got into the cistern, a structure eight feet long by four feet deep, and hoisted her with only a few inches between the boards and the water. He was about to give up the search when he found the child. She was quickly lifted out, quite unconscious. Fortunately some of those around understood resuscitation methods, and after working over her for some time consciousness returned. It is estimated that she was under water more than five minutes.—Flesherton Advance.

De Grant and Mr Will Glass left on Saturday last for Toronto and proceed this week to the "tented city" at Quebec to take part in the tercentenary celebrations. They will be gone about ten days.

Mr and Mrs Geo. Towner and children and her mother, Mrs Bradford, left for Morden, Manitoba, last Friday, where they will holiday for a few weeks. Mr D. P. Walker, of Orillia, is in charge of the G. T. R. station here during Mr Towner's absence.

Prof. Konold for a week had the pleasure of entertaining his son Arvin (or Arminius), who has not been home for 21 years. He is conductor on a railway in Southern California and though on duty during the earthquake, escaped unharmed.

Silver Wedding.

Mr and Mrs Geo. Binnie celebrated the twenty-fifth anniversary of their wedding at their home Bunnison, on Saturday, July 1. Their many friends came to express their good wishes to them. Mr John Snell briefly spoke of the esteem and respect with which they were held and after his remarks, Mr and Mrs Binnie were presented with a beautiful silver tea service and silver baker. Mr Binnie made an appropriate reply and thanked them for their kindness towards Mrs Binnie and himself. They also received other beautiful presents from their family and others. Supper was spread on the lawn and the afternoon was spent pleasantly in games and music.

HUNTER—PATTERSON.

A very quiet but pretty wedding took place at the home of Mrs A. W. Patterson, on Thursday morning, July 23rd, when her second daughter Katie Isabel, was united in matrimony to W. Franklin Hunter of this town. The ceremony was performed by the Rev G. Morton Walker, pastor of the Baptist church, in the presence of only the immediate relatives of the contracting parties, while the wedding march was played by Mrs Walker. The bride who was given away by her eldest brother, J. H. Patterson, of Toronto, wore a travelling suit of blue chiffon broadcloth with dainty waist of silk lace and tulle and hat.

The house was tastefully decorated with myrtle and roses. After the wedding breakfast the young couple took their departure on the noon train, amid showers of rice and confetti for Toronto and other places. On their return they will reside on Bedford St.—Wiaroon Echo.

[The Review extends congratulations. Mrs. Hunter was a much respected Durham girl and her many friends here extend best wishes.]

Western Fair, London

The Western Fair, of London, Ont., is expected this year to eclipse all previous exhibitions. A very large amount of money has been expended on the grounds and buildings, thereby giving increased accommodation to visitors and exhibitors. The prize list has been very materially added to and several new features inserted. For cattle exhibitors the milking contest will be interesting, for which good prizes have been offered. Manufacturers will be busy and machinery will be running, which is always interesting. The Old Curiosity Shop, Carpets Weaving, The Bakery, and many other interesting exhibits will be seen. Don't miss this year's exhibition. Prize lists, entry forms, and all information on application to A. M. Hunt, Secretary, London, Ont.

Obituary.

MRS. LACHLAN McNAUGHTON

In the death of Mrs. McNaughton, on Wednesday night, June 15th, of the vicinity of Hampden lost one of its old and respected pioneers. The deceased had been in failing health for more than a year, but nothing serious was expected until a few months ago when her sickness took a more malignant form and although everything was done that loving relatives, medical skill and kind neighbors could do she continued to become weaker and weaker until her sufferings were relieved by death.

On Saturday afternoon her remains were laid to rest in the Hanover Cemetery, to which place they were accompanied by a great many friends and acquaintances. The Rev. A. L. Budge, her pastor, conducted very appropriate services at the house and grave and the Hampden congregation "turned out" en masse to pay its last respects to her who had been a consistent member of that church since its origin nearly fifty years ago.

Mrs. McNaughton's maiden name was Margaret Muir. She was born on December 20, 1837, in the Parish of Crawford, Lanarkshire, Scotland, and with her father and the other members of the family came to Waterloo, Ont., in 1855 where they lived for a few years before moving to the bush farm in Bentinck.

Over forty eight years ago she was married to Mr Lachlan McNaughton, of Normandy Township, and settled on the farm where she spent the whole of her married life. Their family consisted of four children, two daughters and two sons. The daughters are, Janet, Mrs. John Kerr of Varney, and Flora at home, the sons, Robert in Saskatchewan and William on the home-stead. These and her aged partner in life, one brother, Mr. Jas. Muir, of Waterloo Co. and her niece, Miss Janet Waters, and many others will ever fondly cherish the memory of her who was so kind, gentle and loving.
