The Flames Prevent Mother From Rescuing Her Child.

Medina, July 20.-The barn on the place of Lawrence Nowak, who resides about a mile east of this village, caught fire at noon to-day, and in spite of the efforts of the neighbors, burned to the ground. After the fire was well under way, it was discovered that Edmund, the four-year-old son of Nowak, was in the barn, and he was burned to death. Mrs. Nowak attempted to extinguish the blaze, but the flames drove her back, and then she began to look for the lad, and not finding him implored the farm hands to enter the building and rescue him, but the fierce flames made an entrance impossible. His body was recovered from one corner of the building, badly charred.

"Did the play have a happy ending?" "It might have been worse. My wife lost only her handkerchief and one glove."-Louisville Courier-Journal,
