

The Green Inn.

(By Theodosia Garrison.) I sieken of men's commany-Also efformed tavera's diff,

Where all day long with oaths and song bit they who entrance win; So come I out from noise and rout To rest in God's Green Inn.

Here none may mack an empty purse, Or ragged cost and poor, But Silence waits within the gates, And Peace beside the door; The weary guest is welcomest, The richest pays no score.

The roof is high and arehed and blue, The floor is spread with pine; On my four walls the sunlight fails In golden flecks and fine; And swift and fleet, on noiseless feet,

The Four Winds bring me wine. Upon my board they set their store→ Great drinks mixt cunningly,

Wherein the scent of furze is blent With odor of the sea, As from a cup I drink it up To thrill the veins of me.

It's I will sit in God's Green Inn Unvexed by man or ghost, Yet ever fed and comforted, Companioned by mine host, And watched at night by that who

High-swung from coast to coast,

Oh, you who in the House of Strife Quarrel and game and sin, Come out and see what cheer may be For starving souls and thin,

Who come at last from drought and fast To sit in God's Green Inn!

## Purity of Heart.

The passionate and unceasing prayer of each one should be for fruth and heart purity and for deliverance from every suspicion of pretence and sham and unreality. While charitable to others we should deal unsparingly with our-\* selves, "Search me, O Lord, and try me, and see if there be any wicked way in me." We should learn even to distrust ourselves, and to live as in the presence of Him before whom the secret thoughts of our hearts stand naked and revealed. For the halting, penitent sinner, Jesus had nothing but sympathy and love, but for the men who lived lives of pretentione sham he had words of scathing, withering denunciations, the most awful that ever fell from the lips of man. What boots it if we win the golden opsmions of men if even at the bar of par lice, stir, serve with spoon. own conscience we stand condemn sil Our self-condemnation is but the prehide to that more awful condemnation which shall come when we stand in th white light of the presence of Him was pleads with us now as a Savior, but be fore Whom we must appear as a Judge.

### Monarchs of the Seas (By a Banker.)

Compared with the "cornele," the wicker, skin-covered boat in which our forefathers, the ancient Britons, ferried over the rivers or coasted along the shores, the modern liner is indeed a mighty and gigantic vessel. Instead of a capacity for the accommodation of one or two persons, the largest of these greehounds of the seas have ample space | soaked in orange juice. Serve in small for a complement, including passengers | glasses. and crew, of five thousand or more persons. The principal saloons are magnificently and sumptuously decorated pillared halls, as stately and as imposing as the banqueting halls of almost any palace, while the luxurious state rooms are musterpieces of the decorators' art. In some a daily newspaper is published; and although happily there is no delivery of letters, yet the passenger is never sure that the throbbing pulsations of The electric current, set in motion a Fate or caprice may lead his steps ere thousand miles away, will not be arrested by the wired crossbar at the masthead and be resolved into a message of good or bad news for himself.

And the pasengers-all sorts and conditions of men, women and children. Here a multi-millionaire, with an income larger than that of any monarch since the time of Croesus; but notwithstanding his colossal wealth as liable to the ills to which flesh is hear, and to the harassing slings and arrows of vexation and of grief as any ordinary mortal. Here a newly-wedded pair, positively engrossed, each in the other, setting out to fight the battle of life side by side togother in a new country, with all the glad anticipations of sanguine youth: or here a gang of confederates, apparently unknown to each other, but intent on robbing their fellow pasengers by cheating at eards, or by any other way which their distorted ingenuity can devise. But the detectives know each one of them, and before the journey is over perhaps one of two of them will be in durance vile. And in the steerage is the vast crowd of emigrants; some, determined by perseverance and hard work to achieve success; some, lazy and without energy, sure to remain down at the bottom rung of the ladder; and some, discontented and misled, fatnorsly thinking that their wild and impractionble theories would have better chance of !

## Pe-ru-na Useful for Catarrh?

Should a list of the ingredients of Peposing Peruna are of two kinds. First, to keep cool." standard and well-tried catarrh remedies. Second, well-known and generally acknowledged tonis remedies. That in one or the other of these uses they have stood the test of many years' experience by physicians of different schools. There can be no dispute about this, whatever. Peruna is composed of some of the most efficacious and universally used herbal remedies for catarrhal diseases, and for such conditions of the human system as require a tonic. Each one of the principal ingredients of Peruna has a reputation of its own in the cure of some phase of catarrh or

as a tonic medicine. The fact is, chronic catarrh is a disease which is very prevalent. Many thousand people know they have chronic catarrh. They have visited doctors over and over again, and been told that their case is one of chronic catarrh. It may be of the nose, throat, lungs, stomach or some other internal organ. There is no doubt as to the nature of the disease. The only trouble is the remedy. This doctor has tried to cure scribe for them.

No other household remedy so universally advertised carries upon the inspection of the critics.

Lightning Strokes.

Fire insurance me nestimate that 40 per cent, of barn fires are due to light ning, 10 to 15 per cent, to carelessness, 8 to 12 per cent, to overehated flues, the balance to other causes, including incendiarism. According to the report of the weather bureau of the department of agriculture for 1900, the total You surely have heard of the old Wo- number of strokes of lightning in 1899, which caused damage, was 5,527, the number of buildings injured 6,256, value of property dost \$3,016,520, npmber of sons injured 820, number of live stock What would we all do if she lived in killed in the field 4,251.

Tall chimneys emitting smoke that carries moisture with it are more often struck than other objects, barns containing hay that gives off moisture by packed them in closely, pulled up evaporation, and porous tree barks are frequently struck. For the asme reason ice houses are more attractive to lightning than other storehouses.-Suburban

> The New York American of Dec. 18th, 1907, says the common house fly is one that he is one of the worst disseminators of disease known, far surpassing the mosquito in this respect. Wilson's Fly Pads will kill many times more flies than any other article.
