DYNAMITERS AFTER C. P. R.

Plot to Dynamite Winnipeg Shops, But Strikers Frustrate Plans of the "Force" Group.

Montreal Officials Claim Men Are Returning to Work.

Winnipeg despatch: The first sensational development since the strike mechanics on the C. P. R. commenced, was revealed to the public this afternoon, when it became known that a plot had actually been formulated to either dynamite or burn the company's shops here. It was hatched by the "Anarchistic" group of sympathizers in North Winnipeg, who had planned to pull off their coup last Sunday night.

Mr. J. H. McVeigh this morning admitted that he had heard of contemplated attack on the company's property, and said that the executive had stopped it. Strong pickets went out to guard the yards, and to prevent any living in smaller places outside wanting electric transportation facilities into the city.

From members of the strikers' executive it was learned that great fears are entertained that "force" element in the north end of the city, principally composed of foreigners who have no real connection with strikers, may get out of hand any night. It is said that speecies in the foreign clubs have been very inflammatory and that the members of these clubs have not hesitated to tell the strikers that they are slow, and that if "this was in their country there would soon be a big bonfire."

DUTCH WANT NO AID

Are Quite Able to Handle the Venezuelan Difficulty.

United States Sailors Meet With Warm Welcome.

The Hague, Aug. 24.—The Government of the Netherlands has no intention of giving out terms of its reply to President Castro, of Venezuela, until its communication to the chief executive of the republic is actually delivered. This will be done through the intermediary of the German Minister at Caracas, Baron Von Seckendorff, who is looking after Holland's interests in Venezuela.

This afternoon the admirals of the fleet and the captains of the various battleships came ashore and called on the Governor, Lord Northcote, Governor-General, Sir Harry Rawson, and Sir George New South Wales. Later the Governor returned this official call.

This evening Lord Northcote gave a dinner in honor of the American officers.

With Dead Man. Craft Battered by Wild Storm For Three Days.

Milwaukee, Aug. 24.—Beaten about by a storm from Monday night until Wednesday night, the little schooner-rigged yacht Junius, of Milwaukee, with David Bebe and the dead body of his sailing companion, Philip Thompson, on board, was picked up in mid-lake yesterday by the steamer Helena and was towed to the harbor here.

Thompson had been steadily at the tiller for hours when in the height of the rain and windstorm he was to be seen on the bottom of the boat dead. As the Junius neared the harbor she sank out of sight.

YOUNGER MINISTERS

Are Said to be Causing Annoyance in the British Cabinet.

A London despatch: The return this morning of the Prime Minister from the holidays, where he had been taking a holiday, and his lengthy conference in Downing street with Sir Edward Grey, Secretary of Foreign Affairs, are being connected in some quarters with the recent meetings of King Edward and Emperor William and Emperor Francis Joseph.

So far as known, however, nothing occurred at these royal conferences, and it is likely to have necessitated this urgency meeting of the British Ministers. It is much more probable that Mr. Asquith was obliged to interrupt his holiday to pacify Sir Edward, who it is known, keenly resents the incursion of Winston Churchill, president of the Board of Trade, and David Lloyd-George, Chancellor of the Exchequer, into the sphere of the Foreign Office.

Berlin, Aug. 20.—The Tageblatt today publishes a despatch from Frankfurt, in which Mr. Spender, secretary to David Lloyd-George, Chancellor of the British Exchequer, speaking in the name of the Minister, is quoted as saying that the maintenance of peace between Great Britain and Germany alike will be an important question, yet in this visit to Germany the only object of Mr. Lloyd-George is to study social and political institutions.

FOR THE WEST. Wants to Bring Canada 3,000 Austrian Farmers.

Ottawa, Aug. 24.—Mr. Taniguchi, commander of the Japanese navy, is the guest of the Japanese Consul General here, and will spend a few days sight-seeing. He arrived last night and during the evening he will probably call on several of the Cabinet Ministers. It is his first visit to Canada. From here he purposes taking a trip by way of the Great Lakes to Kingston, Ontario, and thence down the St. Lawrence to Montreal and Quebec.

TORONTO RADIALS. Conference as to Suburban Railway Service.

Toronto despatch: A conference was held this morning between members of the City Council and about one hundred delegates from points within a radius of thirty miles of Toronto, for the purpose of discussing the question of a suburban railway service. A strong resolution was passed expressing a unanimous desire for an interurban service with commutation tickets, and emphasizing the desirability of discussing the question of a suburban railway service. A committee was appointed for the purpose of interviewing officials of the C. P. R., G. T. R. and the Canadian Northern, with a view to seeing to what extent the desires of the meeting can be carried out.

ATTACKED BY MANIAC. Mayor of Hoboken's Narrow Escape From Death.

New York, Aug. 24.—Attacked by an insane man armed with a knife in his office today, Mayor Steil, of Hoboken, had a narrow escape from death and was saved by the arrival of a critical guard, a detective, at a critical moment. Wm. Carmody, who was released from an insane asylum a few days ago, entered the office when Mayor Steil was alone and demanded pay for his time spent in the asylum. The Mayor endeavored to temporize with him, but Carmody whipped out a knife and started for him.

NOT EQUIPPED FOR FIRE. Manager of English Company Refuses London Business.

London, Ont., despatch: To-day the inspector of an English insurance company, who came here from Montreal on account of Tuesday afternoon's disastrous fire, instructed the company's local agent to refuse all new insurance in the congested business part of this city. He also ordered that, where possible, the company's present insurance liability should be reduced. To a newspaperman the agent said: "The instructions given me are to accept no more business in London until the present shortage of water for fire-fighting is remedied." The local agent, in referring to the matter, said: "It was not the loss in this case that caused the inspector to make up his mind, but the conditions that he found to exist."

HARVESTERS WERE BRUTAL. Heaped Indignities on a Woman Whom They Kidnapped.

Toronto, Aug. 24.—Reports that have come to hand tell of some outrages which were committed by the first body of harvesters which went to the West. A train of 21 dilapidated coaches, with windows broken, chandeliers smashed and shutters splintered, arrived in West Toronto yesterday. According to the stories of the trainmen the excursionists kidnapped a woman at one of the stations and took her along with them. The masculine passengers were nearly all drunk. Only two constables were provided to maintain order, and they failed to do so.

DAMAGES HEAVY.

Will Require \$10,000 to Repair the Dredge Destroyer.

Windsor, Aug. 24.—An examination of the hull of the Sullivan Dredging Company's drill destroyer, which narrowly escaped being blown to atoms in the Detroit River, by dynamite, yesterday, made this morning at Amherstburg. A big hole was found in the vessel's steel bottom, and only her bulkhead kept her afloat. It is estimated that it will take a rigid investigation as to the causes leading up to yesterday's explosion will be instituted, and it is expected that within a few days the blame will have been fixed where it properly belongs. Over four thousand pounds of dynamite exploded off Amherstburg every day in the river bed, and many buildings in the town are feeling the effect of the continued heavy explosions.

36 MUST DIE. CONDEMNED BY RUSSIAN COURTS IN TWO DAYS.

St. Petersburg, Aug. 24.—There were ten more death sentences in Russia today, five at Vilna, two at Warsaw and three at Lodz. Yesterday there were 26, a sinister record. Two of the men were farmers, and had been found guilty of taking the lead in an attempt to pillage an estate. The others were convicted of train robberies and murders. There were two executions yesterday at Warsaw, at Vilna and several at St. Petersburg.

A second unsuccessful attempt was made yesterday evening to assassinate the Chief of Police of the department, Von Oglio. Three men emptied their revolvers at the Chief, but failed to hit him. The police shot down one of the revolutionists, but the other two escaped. A despatch from Tcherdyn tells of an armed collision between the inhabitants of two neighboring villages over the ownership of a piece of disputed land, in which two men were killed and several seriously wounded.

SOLDIERS FOUGHT POLICE. A Serious Riot Precipitated at Atlanta, Georgia.

Atlanta, Ga., Aug. 24.—Late today police officers were called to the terminal station to quell a riot that broke out among United States regulars on route from Fort Slocum to the Pacific coast. When the soldiers saw the black and white flags of the police officers they were unable to curb the soldiers' anger, and a riot broke out. The police shot down one of the revolutionists, but the other two escaped. A despatch from Tcherdyn tells of an armed collision between the inhabitants of two neighboring villages over the ownership of a piece of disputed land, in which two men were killed and several seriously wounded.

SIX BURNED TO DEATH. Children Lost Their Lives at Colfax, Wash.

Colfax, Wash., Aug. 24.—Six children are dead and two others are burned so seriously that recovery is doubtful, at the H. W. Schultz ranch between Colfax and Helon, resulting from a fire that destroyed their home last night. Four of the dead were children of W. W. Fox, the other two were children of Schultz. The brother-in-law, the men were away harvesting, and the mothers were attending a theatrical performance. The two eldest Schultz girls attempted to rescue the children, but lost the way to the door, and were forced to drop the babies and make their own escape. The cause of the fire is a mystery.

LESS JUVENILE CRIME. The New Law Works Excellently in Winnipeg.

Winnipeg, Aug. 24.—The Provincial Superintendent of Neglected Children, an official appointed at the last session of the Legislature, has given to the public a report for the past six months, showing that juvenile crime has been greatly decreased in the city under the new law, and in that time scarcely one child has been committed to the reformatory. Even better conditions are expected when the juvenile court is instituted under the new Federal law.

Northwest Harvest. Bradstreet's: The first ear of new wheat is reported at Winnipeg, where it arrived from Rathwell, in southern Manitoba. The grain is plump and firm, of excellent color, and will probably grade No. 1 northern. Other ears are in the different points on the line and indications are that the movement is well under way. Winnipeg grain dealers who are on a tour of inspection have arrived at Regina, and they are unanimous in their expression of satisfaction at the forward condition and possible yield as much greater than had been expected. Around Regina most of the grain has been cut, and the samples of all varieties in their condition and possible yield as much greater than had been expected.
