PURE WOOL BLANKETS

We handle the celebrated Grant Blankets made by the Chesley Woollen Mills. They are known all over Ontario as the finest blankets in the market. They are made from pure wool and have not an ounce of shoddy in them. Therefore when washed they don't turn hard like most blankets but retain their softness until worn out.

We have a great stock of all the different weights and sizes in white, grey and checked and every pair at as low a price as you will pay for an inferior Blanket.

Pure Wool Yarns

You will find that our yarns are spun evener and will knit nicer than any other yarn you can buy. They are made by the same firm and we have a big stock of both 2 and 3 ply in all colors to choose from.

We also carry in stock a fine line of

TWEEDS, FLAN-SHEETINGS AND NELS

which we are selling at special prices.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got The New Method Treatment. My progress was somewhat slow and during the first they were square and skillful. I wrote them and got the New Method TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$21 and never lose a day. I wish all sufferers knew of your valuable treatment.
