Priceville

Fine ploughing weather for the last ten days and gave those behind a chance to catch up to those who finished some time ago.

12 teams with their owners turned out on Tuesday last week and ploughed for Robert Fisher some ten acres in an afternoon, taking no thought of the showers of rain during the afternoon. We are pleased to see him so well now, that he was able to ploughing himself the latter part of the week. Bob is hard to kill.

The approaching winter is reminding some of our citizens that it is not good to be alone, and some have joined the matrimonial list, but as we are not positive we will deter giving the parties till we are better informed. A couple of strangers got married one day last week and some of the youngsters indulged in what is generally known as a "shivari." It is too bad that civil citizens cannot perform a lawful deed without being as it were, punished for their actions. It is a poor precedent for any one that is in charge of teaching the youth in the ways they should go to set an example before the pupils by being one of the number enjoying themselves in such low business as a charivari.

The A. O. U. W. Lodge, 140, Priceville, intends to have a concert some time in the near future, of which due notice will be given in these columns. It is a progressive Society now. The ladies are taking an interest in its welfare, for we have five of them in 140. Miss Jennie McArthur joined at last meeting, also Martin McLeod.

Some of us were disappointed that we were kept at home on the evening of the entertainment in the Glenelg Centre Baptist church, on account of the darkness of the night. We remember in years gone by long ago of attending services held by the late Rev. Robt. McIntyre, in the late Mr. Angus Beaton's old log house conducted in Gaelic. The great house would be crum full of eager listeners to a powerful sermon in their native language. The good old people of that day are nearly all, if not all, laid to rest beneath the sods, a good many of them in Priceville cemetery and the pastor one of the number. We venture to say if we met some of these good old people's grand children to-day and ask them in Gaelic, "Ciamar tha sibh an daig?" or how are you to-day, they would stare us in the face thinking perhaps we were swearing at them.

Three men were appointed by Priceville Presbyterian Church to attend the Laymen's Convention to be held in Orangeville on the 15th Dec. next. These going are Alex McLeod representing the Session, Dan Melnick representing the Managers and Peter Muir this congregation.

Mrs. McQueen (Mrs. Chas. McKinnon's mother) South line, Artemesia, although in her 100th year has all her faculties yet. She spends her time singing and composing hymns in her own language, the Gaelic, being totally blind, yet she sees with the eye of faith the brightness of the future life for her.

The Annual Sunday School Anniversary will be held in the Presbyterian church here on the 16th December next, when a good program will be prepared for the occasion as usual.

We congratulate Mr. Hector McDonald, of our town, on receiving the appointment of County Constable for the County of Grey, an office to which he will do credit to those that elected him.

Mr. Donald McLean, of our town, has 1000 views and photos of the principal places in Priceville for sale. This will give opportunity to all who have friends in far off countries to present them with photos of the churches and other buildings of which they were familiar when residents of the place.

Glenelg Centre.

The tea-meeting held in the Glenelg Centre Baptist Church on Friday the 27th inst. was well attended considering the very dark night. Tea was served about eight o'clock, and we heard some say that the eatables were much to the credit of the young ladies that baked them. After tea was served Mr. George Binnie took the chair to dispose of a lengthy program. As we all know Mr. Binnie makes a good chairman and by his good command of the audience the very best of order was kept.

Appropriate speeches were made by the Rev. F. Harrison, Jamieson and Newton who is pastor of the church. Also Mr. H. H. Miller, M. P. of Hanover, whom Glenelg people were pleased to see, gave a fine address. Mrs. Newton of Durham, gave two or three solos, showing her ability as a musician and was greatly applauded by the appreciative audience. Miss Maud McMillan gave a recitation in which took very well. Also Mr. Andy Watson of McWilliamsville gave two recitations that were well received by the audience. The Glenelg Centre choir under the leadership of Mr. Binnie furnished excellent music throughout the evening.

Door keeper C. H. Kennedy handed the treasurer \$19.00 being the proceeds of the evening. After singing the National Anthem, all went to their respective homes well pleased with the evening's enjoyment.

As there was a lot of eatables left over, it was suggested that any who would could come the following evening and finish what was left. Quite a number turned out and a very sociable evening was spent.

The weather continues exceptionally favorable for this season of the year. Earth's beautiful white mantle disappeared in a few days and the dusky, hazy weather, characteristic of Indian Summer is welcomed by all in preference to the iron hand of King Winter.

CANADA'S POOR CONSUMPTIVES.

A Story more Touching than anything from the Pen of the gifted Ian MacLaren.

In the current issue of the DOOR OF HORN, published by the National Sanitarium Association, 317 King Street West, Toronto, a page is given over to letters received from the many persons from all parts of the Dominion seeking admission to the Muskoka Free Hospital for Consumptives. Seldom have we read anything more pathetic. Here, for example, is a letter from a physician in Greenore, Ont., asking for the admission of a patient by the name of Morrison. He says: "I would like to urge strongly upon you the great claims of this patient. He has no home—mother dead—father working as a farm laborer. The boy has been living with an unmarried uncle—no housekeeper—work, cooking, etc., being done by the uncle. The boy has absolutely no place to go where he might be given any reasonable care, and he can get none where he is."

Another case is from Thorold. Johnston Weldon writes: "I am a young married man, twenty-three years of age. For several years I have been sick, but always able to keep my feet. Now I have come to the time when I cannot work, and cannot get medicine without means. My lungs are affected, and I am writing now to see if you can get me into the Muskoka Free Hospital for Consumptives. My young wife is here, and her parents have kindly opened their doors to her to go away."

Just one more of the many we might quote. This is from a physician in Campbellford, Ont. He writes: "I have a patient suffering from pulmonary tuberculosis, who has been laid off work for about three months now—was in bed part of that time, but latterly both his pulse and temperature have kept down and his weight going up. He is the only support of the family—mother, crippled father, and younger brother, but his neighbors are trying to raise a small amount of money to help him."

We have sometimes thought that if Ian MacLaren, who has given us so much of his character of Dr. McClure, were alive to-day that in letters such as these he would find material for a book more touching and pathetic in many parts than his Bonnie Brier Bush.

It is on behalf of cases like these, of which there are scores reaching the Secretary of the Sanitarium every week, that the Muskoka Free Hospital for Consumptives makes its appeal to-day for funds.

This institution has not at any time, since its doors were first opened in April, 1902, refused a single patient because of the applicant being unable to pay.

Contributions may be sent to Mr. W. J. Gage, 81 Spadina Ave., Chairman of the Executive Committee, or to J. S. Robertson, Secretary-Treasurer of the National Sanitarium Association, 317 King Street West, Toronto, Ontario.

"Yes, I had a very bad one a few weeks ago, was confined to the house, head all stuffed up and bones aching, heard of 'Gun's Grip Capsules' and got a box, also a box of their 'Nasaline' and was fixed up in short order; They are good things."

This is part of the conversation of two Durham gentlemen, whose names can be given if necessary.

Weak Women

To weak and ailing women, there is at least one way out. But with that way, no treatment, must be combined. One is local, one is constitutional, both are important, both essential. Dr. Shoop's Night Cure is the Local. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all tissue, and all blood elements.

The Night Cure, as its name implies, does its work while you sleep. It soothes soreness and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well.
