Almost \$800 worth Ladies' Hats to be Cleared

This Great Sale closes on Christmas Eve, Thursday, Dec. 24, '08 Not one day sooner or one day later.

Last week we were accorded a very liberal share of patronage for which we heartily thank the ladies of both town and country. We have still on hand however, a large and excellent stock of Hats which we are determined to dispose of on and before December 24th. Never before was such a price reduction thought of: former high-priced modern and handsomely trimmed hats going away below cost. We are aiming for a clean sweep. It's to your advantage to select at once. Every minute is precious and should not be neglected.
