A Tale of the Sea.

The most thrillin; tale of disaster at sea and scientific to scue that has ever been told was told last week. The Feb. 16. Italian steamer Florida in a fog ram med the white Sta liner Republic out in mid-ocean, the 1 tter so badly that she began to sink. However she had wireless telegraph and at once sent the danger signal abroad. This was caught by no fe ver than 7 vessels distant from 50 to: 00 miles. Enquiry soon informed the 1 of the location the injured vessel and at once out the darkness help; ushed to the scene of the disaster. Meanwhile the Florida, injured, but not fatally, had taken over the pa sengers of the Re.

public, and before ong another steamer the Baltic came in sight and they were transferred a gain as being safer. The Republic, sur ly sinking, efforts were made to tow her to shallow water, Captain Scalby and his first mate alone remaiting on the Republic to direct operation s. It would not do down went the m llion dollar yessel, stern first, leaving the two braye men in the whirlpool of the sinking, struggling for life. At once boats went from the Baltic, and Captain

and Mate were saved, but by a narrow

Small wonder that cheers and counter cheers rang out from the rescued passengers and crew, baggage and valuables all gone, but life preserved. Small wonder Captain Sealby and Binns, the telegraph operator, were carried shoulder high on reaching New York, heroes not of a day, but for many s year, an example of duty done in danger, of presence of mind, that furnishes a lesson to the world.
