If you would have a safe yet certain Cough Remedy in the home, try Dr. Shoop's—at least once. It is thoroughly unlike any other Cough preparation. In taste it is entirely new to you—unless it is already your favorite Cough Remedy. No opium, chloroform, or any other stupefying ingredients are used. The tender leaves of a harmless, lung-healing mountain shrub, given to Dr. Shoop's Cough Remedy its wonderful curative properties. It is truly a most certain and trustworthy prescription. Sold by MacFarlane & Co.

Hopeville.

Within the last week Miss Annie Fettes and Miss Sarah Fettes have given up the store to Mr Edward E. Hockridge, who purchased and moved into it. He is preparing to put in a good large stock of goods and we are expecting him to do a good business. The two Misses Fettes are going back into Egremont. In the meantime Miss Annie Fettes has commenced to teach school at Swinton Park, the teacher there being sick.
The Misses Fettes were highly respected here, they were useful members of the Esplan Presbyterian church; both financially and helping with the Ladies' Branch, they will be badly missed, but our loss will be a gain to others. In leaving here they carry with them the highest respect of all the people here and will be long remembered for their good traits.
The Esplan congregation had their annual meeting last week and some changes in officers of Management, electing only five instead of nine, formerly. The good members getting scarce?
Mr and Mrs George Strickland gave the young people a grand party Friday night. About 75 of the youth and beauty of this neighborhood were invited, but the weather turned out bad and not as many turned out. Reports say a good time was spent.
Mrs E. E. Hockridge here has her mother, Mrs Weary of Dundalk, to help her superintend the fixing of the house here.
The big Orange County meeting held in Dundalk on Tuesday, the 2nd, was attended by one of our village men.
Mr Wm Dezell is fixing up a new sawing machine to cut wood here. I do not know what sort of power he will have to drive it. Will is a pusher.

Varney.

Congratulations! Miss Annie Petty and Mr Alfred Vollett were quietly married on Wednesday last, the 3rd, and are on a little wedding trip to friends in Elmsy and returned Saturday to their home in Markham, after a week's visit with relatives here.

Mr and Mrs T. McNiece visited their sister in Varney Sunday.
Mrs Jno. Carson visited over the week end with her brother, Robt. Eden.
Mr Chas Crawford, of Ingersoll, visited Dr. Leeson a few days the first of the week.
The Women's Institute social at Mrs D. McCrie's Friday evening was a great success, in spite of the inclemency of the weather, over 90 were present, an excellent program, and sociability abounding made one feel that the Institute was a "grand and glorious thing."

In sickness, if a certain hidden nerve goes wrong, then the organ that it nerve controls will also surely fail. It may be a Stomach nerve, or it may have given strength and support to the Heart or Kidneys. It is Dr. Shoop's Restorative that restores directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten day's test will surely tell. Try it once, and see! Sold by MacFarlane & Co.

History of the Laymen's Missionary Movement.

The shorter career of the Laymen's Missionary Movement, which is to hold a national missionary congress in Toronto, March 31st to April 4th, is full of interesting incidents, and the movement has shown a most remarkable growth.
It was organized in connection with the Centennial celebration of the Haystack prayer meeting in New York, November 13th and 14th, 1906. Following the meetings there was a group of laymen who met for prayer in the chapel of the fifth Avenue, Pres. Church, continuing all afternoon and evening, and closing with resolutions covering the following points:
The 10th anniversary of the first American Foreign Missionary work finds the door of every nation open to the Gospel; the organizations at work are doing excellent service; business men are taking a vital interest in every form of church work, and such men have been very successful in the management of large business and political enterprises; a committee should be appointed to co-operate with the Mission Boards for three purposes: to project a campaign of education among laymen; to devise a comprehensive plan looking towards the evangelization of the world in this generation; to endeavor to form through the church boards a commission of fifty or more laymen to visit the mission fields, and report to the church at home.
The work since that time has taken giant strides, and quite a number of denominational Laymen's Movements have been organized. The work in the Canadian churches has been particularly strong, though the churches in the Southern States have their denominational organizations very complete.
It has no organization apart from a general committee, with headquarters in New York, meeting twice a year, and an Executive Committee of 21 members meeting each month. These Secretaries give their whole time to the work of the general movement, besides the denominational Secretaries.

Stop That Cold
To check early colds or Gripes with "Preventics" means sure relief for the patient. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but takes effort at the source—right at the break, or head of these early colds. That's surely better. That's what they are called Preventics. Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. New for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Preventics may also save half your usual address. And don't forget your child. If there is feverishness, night-cry, etc. Herein probably lies Preventics' greatest efficiency. Sold in bottles for the parent, also in six loaves of 48 Preventics.
