Early History of Edge Hill Locality

As a community grows older the interest in the history of that community always increases. This fact is partly due to change that goes on in the appearance of the country, the change of customs and manner of living of the people.

The early pioneers suffered many hardships and privations. Coming into land covered with forest, without roads, mills or markets or other conveniences, theirs was a difficult work. The pioneers were not independent but had to lean on one another. Their log-cabin, their buildings, their clearings were all works of mutual aid. But the same spirit that actuates man now was at work sixty years ago and even a much longer period than that. So with all reverence let us humbly give admiration to those pioneers who suffered so much privation for the upbuilding of their country.

The earliest pioneer of Edge Hill was James Edge who came out in 1844 but did not settle in this neighborhood until 1846. John McPayden and Joseph Linn were also among the early settlers in 1846. Messrs. Davis, Firth, Banks and Greenwood came in 1848. Messrs. C. Williams, Elias Edge, Staples, Ector, Tophan, Bell, McCracken, Collier came in during the years 1849 and 1851.

Lot 32, Con 2, E. G. R., the farm now owned by Mr. Ector, was settled by Geo. Lamb. Lot 33 belonging to Mr. Howie, was taken by Hugh Foley. The McNally farm was taken up by Kenneth McKenzie who held it 2 years when John McNally bought it in 1850. Lot 35 was settled by Mr. Ritchie. Lots 36 and 37 the Firth farms, were first settled by Geo. Putterbough also in 1848. Christopher Williams settled on lot 38 in 1850. The farm on which Mr. A. Ector now lives was taken up by a Mr. Clarke who sold to Mr. Bell who again sold it to Mr. Robert Ector. Lot 40, where W. J. Ritchie now lives was taken up by John Tophan Sr. Lot 41 was first taken up by Mr. Richardson and George Staples secured it in 1852. The adjacent lot was also taken by Mr. Staples. A Mr. O'Donnell took up lot 43 but afterwards it was bought by Mr. Jos. Firth who had settled on lot 44 in 1848. His son Jos. Firth now lives on this lot.

The farm of the late Daniel Greenwood was first owned by Elias Edge afterwards of Zion. Lot 42 was settled by Matthew Davis, father of Mrs. Jas. Edge. James Lindlaw bought it and after a time a Mr. Wilson secured it and then Mr. Robert Ector bought it. This adjacent lot, 47, was taken up by Wm. McCracken whose son James lives on it until his death. The farm is now owned by Thos. Ritchie. Lot 48 was settled by Thos. Collier, whose son John still owns it.

Lot 31, Con 2, E. G. R., was taken up by James Vaughan a few years later than the first settlers. Lot 32 was taken up by Hugh Foley. Lot 33 was taken up by Hugh Foley. Lot 34 by John Halpeny, lot 35 by Wm. Morrison and lot 36 by Wm. Ritchie whose son George now owns it. The farm of Thos. Greenwood was settled by his father William Greenwood. Lot 38, now owned by Thos. Williams. The Moffatt farm was settled by Wm. Bell, and lot 40 by Frank Jasper. Thos. Banks' farm, lot 42 was taken up by John Spry who sold it to Samuel Edge in 1854. B. B. Edge now lives on this lot. Lot 43 and 44 was settled by James Edge, lot 45 by Jos. Lindsay. Lots 46, 47 and 48 were settled by the McPaydens, Hugh Colvin and Donald in 1846. The next lot now owned by J. P. Hunter, Durham, was settled by James Dillon.

The majority of the early pioneers have passed, Mrs. Morrison, Mr. Robert Ector, Mrs. John McNally, Mrs. Christopher Williams, Mrs. Samuel Edge.

When the early settlers had found homes for themselves they did not neglect spiritual affairs. For about three years prayer meetings were held in the different houses, and a class was formed which met at the home of John Banks. A new connection missionary, Mr. Baskerville, came and preached from house to house, holding the first service at the home of John Banks. A new connection meeting was held at Andrew Mc-Girr's for about two years until lack of accommodation necessitated the building of a meeting house. This was erected in Durham about 1853 and most of the pioneers attended divine worship there on Sundays, the ministers still coming out to hold meetings in the houses of the new and being service at the home of John Halpeny's and other places. When the school was built about 1856, service was held there, conducted by ministers of all denominations, Messrs. Cross, Baker, Hutchison, Anderson, Austin and Hanna, Wesleyan Methodists; Messrs. Fowler, John and Joseph Walker, New Connection Methodists; Mr. Stewart, Baptist; Mr. Haynes, Anglican; and Mr. Park, Presbyterian, all held service there.

After a time the people decided to build a church of their own, so Messrs. Putterbough, Firth and Williams were appointed managers. A church called Bethel was built on Joseph Firth's farm Edge Hill. All the neighbors joined together and brought the materials for it, while Messrs. S. McCracken, and H. Firth were the builders. The structure was a frame one, furnished with a platform 8' by 12', with a plain roof about 2 1/2 ft high. The pulpit was like those of the present day only perfectly plain without either paint or varnish. For a few years, the seats were of plank laid on blocks, when new seats of plained boards, also without paint or varnish were put in. The church was built as a union and was dedicated by Mr. Johnson, New Connection Methodist. Service was conducted by the New Connection Methodist and Wesleyan Methodist ministers of Durham. In 1875 the two branches joined, and divine service was held by them until 1880. Other names of those who preached here, are Messrs. Weaver, Godfrey, Glover, Langford and also an Evangelist, an English church clergyman. Since 1880 no service has been held. The people of the neighborhood from that time have formed part of the congregations of the several Durham churches. Prayer meetings have been held since then by Messrs. Park, Boyle, McNair, Jansen, Farquharson and Bice.

In the meantime Union Sunday School was held in the school house until 1874, when Mr. Rosewell was superintendent for 4 years, and was succeeded by Mr. Putterbough until 1878. He was followed by Edward Williams until 1885. For three years there was no Sunday School in the neighborhood when in 1888, Miss M. A. Edge opened a S. S. in her house. In 1891 the school was transferred to the Grange Hall, Edge Hill. For two years it was an English church Sunday School with Mr. R. Meredith of Durham, as superintendent. In 1893 it was organized as a Union S. S. with Mr. Thos. Banks as superintendent. He filled that position for seven years when he was succeeded by W. J. Ritchie who is at present superintendent.

ROBERT BURNETT

The L. M. M.

The Laymen's Missionary Movement stands for investigation, agitation and organization; the investigation by laymen of missionary conditions; and the organization of laymen to co-operate with the ministers and Missionary Boards in enlisting the whole church in its supreme work of saving the world.

It is noteworthy that wherever the Movement has been presented in scores of cities of the United States and Canada, it has received the enthusiastic commendation and co-operation of representative men. A commission of six laymen from the United States and Canada presented the Movement in Great Britain, where it was at once taken up, and National Committees organized both in England and Scotland. It has since spread to Germany and Australia.

The power of the Movement in the lives of men seems to be partially answered by the following considerations:

1. The Movement presents to men the greatest possible spiritual challenge—the need of the world.
2. It makes the largest possible demands upon men; reminding them that all life is a trust involving stewardship of opportunity, influence, time and treasure; that spiritual values are the only permanent ones, and that selfishness is suicidal.
3. The effort to evangelize the world presents to every man the largest opportunity of service which can come to him in this life.
4. The life purpose emphasized by the Movement when followed satisfies the deepest spiritual ambitions of men.
5. The effort to evangelize the world presents the speediest and surest method of saving the church.
6. The union of all branches of the church in such co-operation emphasizes as nothing else can, the unity of the church.
