Ceremonies at St. James' and St. Alban's Cathedrals.

Sermon by Bishop DuMoulin-Nine Bishops Present.

The Story of Consecration and the Enthronement.

Toronto Despatch- As the result of the stately ceremonies vesterday at St. ames' and St. Alban's Cathedrals, the Right Rev. James Sweeny, M. A., D. D., is now duly consecrated and enthroned to a vestry to array himself in his Thursday, and held him for the \$10,000 as Bishop of Toronto. The attention of robes of office. all ecclesiastical Canada was centred yesterday on the ceremonies here. The congregation listened intently to every word of the stately ritual appointed for the occasion, so that the clear, resonant voices of Bishop Hamilton, of Ottawa, and Bishop Du Moulin, of Niagara, were tor Spiritus." not dimmed in the faintest degree by any shuffling of feet or other uneasy movements of the mattentive listener. The ceremony of enthronement in Alban's Cathedral at night was no le impressive.

Directly after the ceremony yesterday morning Canon Welch, on behalf of the assembled clergy, presented Bishop Sweeny with an episcopal ring. Bishop Sweeny, in reply, said he was more thankful than he could express in words that he had been appointed the head of a diocese so well known and so dear to him as that of Toronto.

There were nine bishops present at the consecration ceremony. These were: Senior Bishop of Ottawa, Bishop Hamilton; Bishop Dunn, of Quebec; Bishop Farthing, Montreal; Bishop Mills, Ontario; Bishop DuMoulin, of Niagara; Bishop Williams, of Huron; Bishop Darlington, of Harrisburg, N. Y.; Bishop Stringer, of the Yukon, and Bishop Reeve, of Toronto. The Provincial Government was represented by Lieut, Governor Gibson and Hon, Mr. Matheson, the city of Toronto by the Mayor and other officials. Bishop Sweeny was at tended by Dr. Broughall, his examining chaplain, and Canon Dixon, the Bishop of Ottawa, and the senior Bishop by Canon Welch, his examining chaplain. Injuring Two of the Suspected Manufacturers of the Missiles-One Prisoner 19 Years Old.

Rome, March 29 .- The accidental discovery early this morning of two bombs nidden in the Aurelian wall near the Porta San Lorenzo is reported to have brought to light an Anarchist plot to kill King Victor Emmanuel yesterday on the occasion of the opening of Parliament.

For some reason the plot miscarried. In appearance the bombs are like the counter weights used in balancing heavy hanging lamps. The police are investigating the affair, found a handkerchief in which gunpowder and nails were tied near the spot at which the bombs had been found.

The presence of the bombs first became known when one of them exploded this morning. It was at first reported that two boys who found them were injured while playing with them. Later it was learned that two men were injured, and that they have been held as suspicious characters. One of them is 19 years old.

This wonderful ship is yet afloat; anchors were needed to hold her, yet she was held; no helm of human navigation was needed to guide her, yet sho was steered; there was never a cry "All hands to the pump," for it was never intended that she should sink. And yet she was a perfect ship. Marine architects do not fail to admire her proportions of length, and depth, and breadth of beam. She was not built for commerce, but for salvation. She is the boldest type of Christ in the Old Testament, "Come, then, and all thy house to old and young, to sinner and saint, is
