the disease arrested, by inflation of the ears through the nose and enstachian tubes with medicated air. A very safe and efficient means of secomplishing this end can be had by the use of Catarrhozone, a positive cure for catarrh in the most chronic form. It is sure death to the microbe life which maintains

perties restores the diseased organs to a healthy, normal theory. The result of actual experience proves that ninety hundred can be cured, and stay cured of impaired hearing by

Catarrhozone Cures

Catarrhozone is a new scientific remedy for all diseases of the nasal and respiratory passages caused by microbe life, and if you are affected with oatarrh, asthma or bronchitis, it is well deserving of your attention. It never fails to cure any of these affections, because it is sure to reach the seat of the disease. That is why Catarrhozone is far in advance of treatment by snuffs, washes, douches, etc., which are absolutely useless, because

they cannot reach the root of the trouble. You simply breathe the medicated air, it does the rest-nothing could be simpler. Complete outfit sufficient for two months' treatment, price \$1.00, at all dealers or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford,
