stopped in 20 minutes and with Dr. Sherry's Compound. One will surely prove. No vomiting, no diarrhea. A safe and pleasing remedy. Druggists.

PERSONAL MENTION

Miss Margaret Hunter is spending a few days this week with friends in Toronto.

Mrs. Ellison of Idaho, sister of Mayor Laidlaw, came home last week to keep house for her aged father.

Mrs. R. MacFarlane, accompanied by her mother, Mrs. McMillen, went to Toronto Wednesday for a few days visit.

Mr. Guy Kearney returned last week from Dakota, where he has been travelling, and leaves Wednesday for Toronto.

Mr and Mrs. A.H. Noble and family left for Toronto Monday, where he has secured a situation with a furniture store.

Mrs. Angus Cameron and son Alister left last week for Milk River, Alberta, to nurse her husband, who is in poor health, pneumonia the cause.

Mr. Jas. R. Gou was in Stratford Tuesday, and returned to the city, where his wife, Mrs. Marion, who we are pleased to state, has made rapid recovery since her operation.

Mrs. Thos. Aikins, Buffalo, who is visiting her mother and brothers in Pricewille, visited last week end at her uncle's, Mr. Allan McKinnon and other town friends.

Mr. Brad Jamieson and his cousin, Russell Brambow of Toronto, have been visiting at the former's home here. Brad returned to Toronto Wednesday to write on his final exams.

LIZZIE BINNIE, Teacher.

Fergus has a record for widows and spinsters, but there is one house there in which at present there is residing all in good health, three widows, three grandmothers, two great grandmothers, one great grandfather, and one great grandmother. Can any town in America beat this?

A Bentinck Wedding

A very pleasing event occurred on Wednesday last at the home of Mr and Mrs Archie Park, Vickers, when their eldest daughter, Miss Sarah Mather, was united in wedlock with the man of her choice, Mr Wm. G. Henderson of Hampton. Promptly at 4 o'clock the strains of Miss Jennie Derby, the bride entered supported by her father, Rev. A. L. Budge of Hanover, presiding over the ceremony. The young couple were unattended. The bride looked charmingly dressed in grey wool tulle, trimmed with cream silk. Her traveling gown was of blue velvet.

The many beautiful and costly gifts received, testified to the esteem in which the young couple were held, gold watch and chain. Only the immediate relatives and neighbors were present. Among the former was the bride and groom, Mr and Mrs. Geo. Turnbull of Durham, the uncle of the groom. About a hundred others of close kindred and neighbors, comprised the party.

The ceremony over, there followed the mingling of good cheer and blessing and the examining of the presents, which to the bride is away ahead of anything Christmas ever brought. For they are to be beautiful what has been her dream—the bridal home.

First of these was the gift of the betrothed—a fine gold watch and chain. Then were almost everything to make a home beautiful, which the ladies cleared to be "lovely." The time went merrily. The bride's table in partaking of the good hospitality of Mr and Mrs Park. And there was joy to the health of the happy bride, there followed both instrumental and vocal music, and a long to be remembered evening was spent.

Mr and Mrs Henderson will live on the homestead in Norwauy. They had a reception for their young happy event it was. Along with those who thus celebrated, a very wide circle of friends extend the warmest congratulations to them.

A Warning.

Business men frequently accept by mail, and otherwise, postage stamps in settlement of balances of accounts, and perhaps are in the habit of sending away stamps for the same purpose.

It may be news to most people to hear that such a practice is forbidden by the postal law, with severe punishment for any postmaster permitting it.

The Government's official instructions to postmasters, page 123, rule 123, deals with the matter in the following paragraphs:

(a) The Postmaster is aware that his salary is based on the volume of business done at his office; and that the volume of business is, to some extent, shown by the amount of his stamp sales. He will therefore understand that the stamps and post cards sold by him should, as far as possible, be used as correspondence posted at his office. The postmaster is therefore forbidden to make a business of selling stamps or post cards for use at other offices; or for the purpose of making remittances.

(b) Any violation of the above regulation will expose the postmaster to the risk of instant dismissal.

(c) If the postmaster finds that letters, etc., are being posted at his office in large numbers by persons who do not purchase their stamps from him, he should, in his own interest, once bring the fact to the attention of the Department.

Municipality Profits.

From the third Annual Report of the Ontario Railway and Municipal Board we call some figures to show how some municipalities are making out owning and running their own Electric Light and Power Plants.

Out of 55 municipalities owning these plants, 42 reported a surplus, 13 reported a deficit.

The total of the deficits was \$28441.19 an average of \$3160.13. How ever leaving out Kenora which alone had \$12425.64 and Windsor which had \$8871.21 (evidently something not normal), the average deficit is \$1019.85.

The total surpluses was \$92,853.26 an average of \$2486.28. However as Port Arthur with over \$3000 surplus, has evidently something special, the average surplus of the remainder is \$1900.00. The preponderance of chances then is in favor of municipal ownership.

Mt. Forest had the modest sum of \$22.50 on the right side, Dundalk \$132.10, Jean Sound \$3155.23, Kingcardine \$539.02, Collingwood \$2124.40, Barrie \$5468.50, Hespeler \$387.22, Wingham \$880.80. On the wrong side were Palmstoun \$2655.46, Whitby \$531.51, St. Mary's \$553.77 and so on.

Out of 86 municipalities owning waterworks, 64 reported and of these 27 reported deficits, amongst these being Hanover \$1494.45, Mt. Forest \$367.73 of towns nearby. Owen Sound, Stratford, Shelburne, Walkerton came out on right side. The cost per 1000 gallons ranges all the way from 18.7 cts in Essex to 1.25 cts in Southampton.

Prevent Consumption.

The ninth annual meeting and convention of the Canadian Association for the Prevention of Consumption and other forms of tuberculosis is to be held in Hamilton on Wednesday, Thursday May 19 and 20 next.

The morning of the first day will be devoted to the reading of reports and the appointment of committees. In the afternoon Dr. White, of ritaburg sanatorium will deliver an address on the Duty of Municipalities in Relation to Tuberculosis. In the evening a number of many day his worship the mayor will deliver an address of welcome, after which Dr. Adams, of Montreal, will speak on a subject which ought to command the attention, How Our Canadian Health is Being Destroyed by Tuberculosis at the Smallest Outlay.

The topic set down for general discussion during the forenoon of Tuesday is the Movement for the Extinction of Consumption. Hon. Adam Beck, M. P., Dr. Geo. D. Porter, and a number of other health physicians and laymen, are expected to take part in the discussion of this subject.

On Thursday afternoon at 4 o'clock the meeting will adjourn to the sanatorium to attend to a reception given by the ladies of Hamilton. Not the least interesting part of the program is the visit to the sanatorium, when it will be seen how and where to cure the disease, and the success of the treatment and cure of consumption at a moderate cost. The success of the Mountain sanatorium should furnish an object lesson well worthy of the study of municipalities contemplating the actual plan for the reduction of tuberculosis within their own neighborhood.

Special for Saturday

A. McCORMICK.

Alexander, the Great

When he had conquered the whole world, sighed for other worlds to conquer.

We Have no Desire

"to gain the whole world" and put a fence around it, and thus have all the inhabitants thereof for tenants but we do most earnestly desire such patronage from the people of this community as shall enable us to pay every dollar we owe, in order that we may discharge from business life, and at the same time retain our limited amount of dignity and self respect.

We consider that we have obtained an honorable discharge from our post as nurse; and it is entirely in our power to do so. We consider it the hands of the people whether we are worthy to judge whether we are worthy of consideration; and if after reflecting, their decision is in the affirmative, we shall esteem their approbation desired patronage as practical evidence of their conclusions.

We modestly ask for our share of the business in this town and surrounding country. It is no more our desire, than it is in our power to corner the whole volume of business; thus selfishly forgetting that there are other decent industrious people in the town who deserve their daily bread, and who desire the luxury of having butter on it.

Kindly favor us with your cash and produce this summer, but ask your credit: at the big circus where they have the money.

We are only the Side Show
