Miss Wright has a well controlled voice which along with a melodious tone makes her singing very effective. An attractive feature of next Sunday evening's service will be a song service given by 25 of the male members of the church.

A DIFFERENCE OF OPINION.—A well-known cattle-buyer travelling through Bentinck township last week condemned the crops as the worst he has seen for several years. No doubt in this talk he was hoping to help his business but since then we have heard a different report from a well-to-do farmer near town who went over the same ground. From him we learn that the crops, barring hay, are well developed and should yield very good harvest.

SEVERE ACCIDENT.—Wednesday last, Geo. Hazen, a boy of 12 years of age at work at Mr. Charter Smith's, in some way came in contact with the single saw and before he could be freed came near having leg and arm amputated. The injuries are very severe and he was at once taken to Fergus Hospital, accompanied by Messrs F. Irwin and Caton. A subscription list was taken up round town and a sum of about \$80 was secured. Mr. Smith being especially generous through in no way to blame for the accident.

ACCIDENT AT CEMENT WORKS.—Monday last Jas. Donnelly was underneath the trestle work as the rail was being dumped and some one above picked a stick of some kind out of the rail and flung it carelessly away. It fell on Donnelly's head cutting it severely, requiring a number of stitches to close the wound and will give him some days of enforced idleness.

PRIZE LISTS.—This week the Prize Lists for Durham Fall Show are being issued from this office, and farmers, their sons, wives and daughters, poultrymen, florists, gardeners, etc., should all get busy in preparing to win the prizes offered by the Society and advance the interests of this big County Institution. Even now there's a colt being trained and a pumpkin coddled to make them the best of their kind. Get busy.

TRADE GROWS LARGER.—Favorable reports are received from all the trade centres of Canada. The trade for June is \$9,628,858 greater than it was in June of last year. For the first three months of the current fiscal year, there has been an increase in trade of \$20,686,824 over the corresponding period of last year. The public revenues are increasing in proportion to the growing trade, and the commercial conditions for the future are very favorable.

WAS AGAIN PROMINENT.—In last Saturday's lacrosse match between the Nationals of Montreal and the Ottawa Capitals in Ottawa, Harry Lavelle, who has the reputation of being the smallest player in the N. A. L. U., was again in the limelight for his team. On being ruled off with Gagnon, an opponent, the latter commenced a scrap, and Harry, ever aggressive, retaliated with blows. This drew three or four players and some of the spectators into a general melee, and the police interfering, marched Gagnon and Lavelle to the station. They were released on bail, but it was subsequently returned and no further action taken. The Montreal Star terms Harry "the find of the season."

Civic Holiday. The Mayor has declared, Monday Aug. 2, Civic Holiday for the Town of Durham. Country friends will please take notice for business places will be closed all day, employers and employees will be "free niggers" by statute to do as they please.

Obituary

GODFREY MCTAGGART. Monday of last week, 19th inst., the summons came to one of the most genial and kindly of the residents of Glenelg, Mr. Godfrey McTaggart, the cause of death being pneumonia. He was in his 78th year and for over 50 years has been a resident of the township, where he was widely known and respected. He was a native of the Island of Mull, Scotland. He was twice married, the issue by the first marriage being a daughter. His widow is a sister of Mr. John McGillivray: to them were born three sons and one daughter, and all will mourn deeply the loss of husband and father, while a large circle of friends will long keep his memory green. He was an ardent Liberal in politics, and a member of the Pricerville Pres. Church. He was buried in Pricerville on Wednesday last, a large number paying the last tribute.

MISS MAGGIE HAMILTON. Painfully startling was the news that got around on Saturday last that the above young lady was dying and later that she was dead. A week before only she was at her duties at Mr. Stinson's and was taken ill. The trouble proved to be appendicitis. Dr. Groves, of Fergus was called in in consultation and an operation was decided upon but this did not save her and the young girl, budding into womanhood, the pride of her home, is numbered with the dead.

Deceased was the second daughter of Mr. and Mrs. David Hamilton of "the Lake," and in her nineteenth year. She was a clever girl, and her ability as a student, trained and tested at the Northern Business College, Owen Sound, was of a high order. The promise of a life of usefulness thus cut short has brought sorrow not only to the home but to a wide circle of friends among whom her personality was greatly admired. Two sisters and a brother as well as the bereaved parents have the sympathy of the whole community.

The funeral on Monday was very largely attended, away over 100 vehicles being in procession, all testifying to the depth of sincere sorrow felt over her death. Rev. Mr. Kendall conducted the services, and was assisted by Rev. Mr. Bice. Mr. Kendall reminded all, especially the young of the uncertainties surrounding this life, compelling the attitude of preparedness under all conditions. He made fitting reference to the lovable character and demeanor of deceased. "Rock of Ages" was sung, a favorite hymn of deceased which she repeated the morning of her death, other hymns being "Lead Kindly Light" and "Nearer My God to Thee." "Gone to the grave is our loved one" was rendered as a solo by Mr. Wm. Ramage, at the close of the address. Wreaths were given by Mr. and Mrs. Stinson, Mr. and Jas. M. Allan, and Miss Nellie Allan; bouquets by Mr. and Mrs. Wm. Brown, Mrs. Wm. Ritchie; a spray by Mrs. Joseph Lawrence, sheaf by Mr. and Mrs. W. J. McFayden, a cross from Dr. and Mrs. Jamieson.

Loving hearts prompted loving hands to soften even the asperities of the yawning grave, for, unplanned for, several neighbors met at Maplewood Cemetery in the forenoon, to line the grave with cloth and flowers. The pall-bearers were Messrs Peter Hay, Wm. McFadden, Jr., Palmer Patterson, Sam Patterson, Jr., Chas. Reid, — Chalmers.

Mr. and Miss Chalmers, of Owen Sound, intimate friends in student days, were at the funeral.

"Hosanna! For the Peace of the World." The above was the message sent on Sunday last by the French Aviation Society to M. Bleriot when it was announced that he had landed on the cliffs of Dover after a sensational flight across the channel in his monoplane. The time taken was less than 30 minutes and he wins a prize of \$5000 offered to the first man who crossed in a heavier-than-air machine. However, far above money value will he reckon the honor and the fame the feat will bring him. It marks an epoch in transportation and it will give a stimulus to aviation that will ultimately lead to general use in commerce and travel.

Other French aviators were all eagerly getting ready for the coveted prize and honor, and one tried a week before, but his motor gave out when half way and he was picked up, wet but not discouraged. He has tried again since Bleriot won but again fell short. Bleriot started immediately after sunrise and owing to morning mists, had an experience he didn't reckon on, of being completely out of sight of both shores for a time and he had no compass. As like as not there will be some ghastly tragedy before long, just as there have been by boat and rail, but that won't stop the conquest of the air.

BARK WANTED.—200 Cords of Hemlock bark wanted for which highest price will be paid. T. SMITH

MOUNT FOREST BUSINESS COLLEGE has started hundreds of young men and women on the road to success. Will you be the next? Every trimmed hat in stock will be sold Saturday for 98c each, some beautiful hats worth \$4.75. Sale lasts only one day. Miss Dick.

CRESSWELL—JACK. On Monday evening, July 19, a very pretty wedding took place in the Salvation Army Barrack No. 1, Toronto, when Miss Sophia Elizabeth Jack, eldest daughter of the late John Jack, formerly of Durham, was married to Alfred James Cresswell, of Toronto. The ceremony was conducted by Brigadier Taylor of the Salvation Army College. Miss Barbara Corbett assisted the bride while Mr. Richard Penford acted as best man. About forty guests partook of a sumptuous wedding luncheon. The bride received many handsome and useful gifts. After an enjoyable evening the guests departed in the early hours of the morning. The Review extends congratulations.

Cement Situation Very Serious.

Keen Competition of American Cement causes Mills to shut down all over the country.

"The condition of the cement market" says the O. S. Sun, "was never more serious than at the present time. The keen competition which comes from the Leigh cement interests operating at Belleville has caused nearly all the cement factories in the country to shut down. The disastrous price was brought on by the Leigh people, has made it impossible for any plant those with the most economical prices and strongest financial backing to continue.

The Owen Sound Portland Cement Co's plant at Shallow Lake closes down to-morrow night after running for only a short time. The Lakefield plant, which is owned by the same interests, has been closed for some time, while their Montreal mill is running about half time.

The only local mill to be running after Saturday night will be the Sun Cement Works. A meeting of the company was held yesterday afternoon to consider the situation and it was decided to continue running the works. A large contract covering a greater part of the output of the mill was offered at a close figure and its acceptance by the company will likely mean that the mill will be in operation for the balance of the season. The company is in first-class financial condition and while the present course of keeping the mill running will not likely be a money market, it is claimed that their product will not be sold below cost. Their manager, Mr. T. L. Dates, told us of some occurrences which show how keen, and in many cases unfair, has been the competition of late. One extreme instance was the action of a company which sent out its representative to get business at any price list; his instructions were simply to get the business. Which meant that he was to find out what the other concerns were asking, and make his price just enough below them to cut them out. It is such conduct as this, that has brought the cement industry to its present critical state. How long it will last depends entirely on how long this cut-throat concern can stand the loss which it must be suffering daily.

Durham mill is still running though from the insane pressure mentioned above, it may have to curtail its operations also in the near future.

Angus McKelvie in the Limelight

Monday's papers contained the sensational intelligence that Mr. Angus McKelvie, well known here, had been arrested on a charge made by one Piche that two years ago he (Piche) had been bribed to leave the country, the alleged reason being that he possessed information that would have helped the government in a dispute it had with the Temiskaming and Hudson Bay Mining Co., of which Mr. McKelvie is a Director.

The arrest was duly made and bail for \$4000 accepted and the trial comes off Thursday of this week. The proceedings are taken by the Attorney-General's Department, which, we venture to say, will be found to have been wrongly informed or hugely imposed upon. Those who know Angus McKelvie since boyhood, as the writer does, cannot believe him to be guilty of this serious charge, and we look with confidence for his acquittal and vindication.

Mr. McKelvie has been a successful man but it has never been suspected that he was a selfish one. Somewhere we think it will be found, envy has got the better of some one's spirit, with the result we see.

Twice he has been honored with the Mayoralty of New Liskeard, and in other ways his fellow citizens have honored him, especially on delegations to represent his town and district. At the last Provincial election he was the Liberal candidate for his district, but was defeated.

The whole north country is said to be greatly excited, and further developments eagerly looked for.
