Haying is general this week throughout the community. Although the crop is not to be compared with the bumper yield of '08, yet the ample showers of the past fortnight have produced tons of extra fodder in the meadows, and as the weather conditions for Spring crops are ideal, the outlook is exceedingly more hopeful than once anticipated.

Miss Sadie Duncan, of the Queen City, is visiting her aunt, Mrs. Thos. McKnight, of the village. Miss Duncan possesses a sweet modulated voice and her solo at Christian Endeavor, on the Sunday preceding last, was full of pathos and greatly appreciated by all.

Miss Mary McArthur left on Tuesday of this week for the Canadian West, her destination being Calgary, Alta.

Mr Edward Coleman, of the County Town, is visiting his nephew, R. J. Corlett, of Bentinck. Mr Coleman's conversation is rich with original ideas and sound logic which being coupled with a rare gift of Irish wit and humor, makes him one of the most pleasant of entertainers.

Mr Robt. Campbell, of Chesley, accompanied by his friend Mr Becker, spent Sunday in the burg and by his genial disposition won a host of friends, all of whom were pleased to renew his acquaintance. In all likelihood he retired so late Sunday night that he met himself getting up in the morning.

We had a pleasant chat with Mr Mack Jones, of Toronto, who spent Saturday and Sunday very pleasantly in the village. During the few years that Mack catered to the wants of Mr Hunt's customers he gained a mercantile experience which to-day stands him in good turn as he is now representing one of Toronto's leading wholesale houses, a position which insures a substantial salary, with opportunities for advancement.

The community was shocked with grief on Sunday morning when it was learned that Mrs. Wm. Davay had passed to the Greater Beyond. The gentle summons which called her spirit home came in the early hour of the peaceful Sabbath morn, and her departure was as calm and serene as the morning in of the dawn. Deceased was a most pleasant and hospitable, pious and exemplary Christian and was possessed in no mean degree those traits which made the home life ideal and are a source of inspiration to those who are left behind. She leaves a husband and a family of two sons and four daughters to mourn for her "who was true to the kindred points of heaven and home." The respect in which the deceased was held was shown by the unusually large concourse of sorrowing friends who followed her remains to the English Church cemetery, at Williamsford, where the interment took place on Tuesday afternoon. We tender our sincere condolence to those who in the grave have sown the seed, that they had garnered in their hearts, their bread of life, alas! no more their own.

Mr H. Trafford and family contemplate leaving the village shortly to take up their residence on Mr Hunt's farm in Glenelg township. Not only an estimable citizen will Herb be missed around the burg, but the loss of his ability as a tonorial artist will be a great inconvenience to the general community.

The party given by Mrs James Vasey on the Thursday preceding last, in honor of her sister, Miss Etta Quirk, who left recently for the Queen City, was one of the most pleasant social functions of the season. A large number of lads and lassies were present and the acme of social glorie was reached in the various dances, games and amusements, until Friday began to unfold its auroral bonbons.

Mr Joseph Brown accompanied by his sister Mae and cousin Miss Morton of Toronto, visited, Tuesday evening, at Mr Jas. Tucher's.

Miss Emma Aljoe of Durham, is at present spending a few days at her home here.

Miss Olive Cook of Traverston, spent a few days with Mr and Mrs Henry Lawrence recently.

Mr Thos. Allan, teacher of No. 9, Glenelg, visited at Thos. McGirr's on Sunday last.

Mr Henry Sealey disposed of a handsome young horse for which he received a similar price. He delivered it to Walkerton on Monday.

It is a great task to us to mention the death of one in the bloom of life Miss Maggie Hamilton who died on Saturday last at 11 p. m. Maggie died "Safe in the Arms of Jesus."

A week before the day of her death she came home from Durham, very ill with appendicitis. She was operated on, on Friday by Ferrus Doctors.

The funeral was largely attended on Monday to Maplewood cemetery. We wish to express the sympathy of this burg to her grieving parents, sisters, brother and friends in their loss of one very bright and young and one who has always won many warm friends wherever she went.

A failure they nerve—no larger than the finest silk thread—takes from the heart its impulse, its power, its regularity. The stomach also has its hidden, or insidic nerve. It was Dr Shoop who first told us it was wrong to drug a weak or failing stomach, Heart or Kidneys. His prescription—Dr Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by MacFarlane & Co.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing wheezing, bronchial Cough. The quick relief comes perhaps from a prescription known to Druggists everywhere as Dr Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr Shoop's Cough Remedy its remarkable curative effect. It is truly a most certain and trustworthy prescription. Sold by MacFarlane & Co.

Pricerville

Last week was bad haying weather but good for the growing grain. The most of farmers are commencing haying this Monday the 26th July.

Nothing very special to report this week consequently our letter will be small.

The grain crops are stretching on account of the late showers and a good crop may be expected if favorable weather continues.

We forgot to mention that Dr McLeod and young bride visited at Mr McLeod's mother for a few days week before last. The Dr. is a son of the late Rev. D. McLeod of Pricerville.

Mr John L. McKinnon secured a school near Bradford after holidays. John is well recommended by his teachers at the Normal, Stratford, where he spent last year. We did not hear whether all the boys secured schools yet or not but probably they will as there are lots of schools vacant even in the county of Grey.

Many will remember E. B. McMillan who kept hotel in Pricerville over 50 years ago. We noticed his death some weeks ago in some of the leading papers at the age of 95 years. Mr McMillan kept hotel here for about 20 years and was a good staunch hotel keeper who never meddled with anyone's business but his own.

Pricerville is to have Granolithic sidewalks in the near future so we are not to be behind the times as every other little town or village in the county are having them now so soon as possible after completing the sidewalks electric lights will be installed. Whether their brilliancy will illuminate our streets in the near future or will be a matter of thought for an indefinite time we cannot tell out we will have to be satisfied with the old fashioned lamps and by keeping them trimmed and burning we can get along for some time yet.

Our saw mill is at a standstill at present for want of water. It is quite a loss to the locality as well as the proprietor as there is some chopping required as well as sawing.

We notice that all the fences, gates and even stone piles along the C. P. R. are whitewashed lately.

Union Services will be held next Sunday in the Methodist church and in the evening a Mr Burningham, student of Knox College, Toronto, will preach.

The Rev. Dr Mullin preached an eloquent sermon chiefly for the young people but suitable for all classes on Sunday last. He took his text from the 19th Luke at the 4th verse.

Died.—At his residence con. 4th, Glenelg, on Monday the 21st July, 1909, Mr Godfrey McTaggart, the age of 78 years. Mr McTaggart was one of the pioneers of Glenelg coming to lot 47 on con 2, north Durham Road in the year 1857. He moved about forty-five years ago to the place where he died. He was married three times his first wife being a Miss McDonald, his mother of Mrs D. McLean of Pricerville who died forty-five years ago at the age of twenty-one years. His second wife was a Mrs Campbell and his surviving wife was a Miss McGillivray, sister of Captain McGillivray of the Salvation Army. Mr McTaggart was a faithful member of the Presbyterian church and a staunch Reformer, a good and obliging farmer and neighbor who will be greatly missed in the locality where he lived. The funeral on Wednesday, the 23rd July attended. Revs Mr Mullin and Berry conducted the funeral obsequies in the absence of deceased pastor, Rev. Mr Matheson, who is away taking his holidays.
