Rheumatism
I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony joints back to flesh again. That is impossible, this deplorable disease.
In Germany—a Chemist in the City of Darmstadt—found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I uniformly cure all curable cases of this heretofore much dreaded disease. Those said-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Hopeville.
This week we send you a report of the death and burial of Mr Thomas Ferris, who we mentioned last week received an accident that ended his life on Saturday night, 17th inst.
It appeared that he had been unhitching the horses and that one of them had kicked him and knocked him on to the disc harrow and he fell on an iron bolt that stuck up in the harrow that left the hole in the side of his head and broke in his skull, for when he was met he was unconscious and could not speak. He had been seen from the house unhitching the horse, as the house is on a hill and it was a three horse team and one young horse standing out round but their heads close together. That, and the delay caused the other men to think something was wrong and two of them went for him, but met him about 40 rods from where he unhitched. As they met he fell and could not go any farther and never spoke again. He layed about eight hours. He was 34 years of age and unmarried. He and his brother John and widowed mother lived with their two uncles, Samuel Mills and David Mills, both being unmarried and they owned and worked a three hundred acre farm and Thomas was the leading man on the work part, while the uncles attended to the stock. They were an agreeable and prosperous family and highly respected people.
The funeral was on Tuesday afternoon the 19th, to Salem Methodist church 10th con. It was the largest funeral we mind of being here. There were 180 rigs left the house. The Rev. W. Gibson, of Hopeville, the Rev. Mr Berry, of Priceville and Mr McLean, student of Cadaryville and Esplan, officiated at the house and at the church and grave. The family has the sympathy of all the people.
The Presbyterian Sunday School here held a nice picnic in the bush on Wednesday 20th. that was quite a success. After music, singing and recitations by the children, intermixed with speeches by the student, Mr McLean, the Rev. Mr Gibson and others, a good tea was provided for all, then foot races for both children and men and they were keenly contested and in the evening a football match between Swinton Park and Hopeville and the result was two games for Swinton Park as was expected.

We have some smart young men, fit to make a good showing if they would only practice the rules and go about their work in a business form. They are often kicking at the ball, but the way they do it get on the outside of the store, then the kicking commences, up goes the ball against some horse barely missing the window, next it goes into some garden, where two or three boys run for the fence, jump into the garden, break shrubs, tramp vegetables and if there is any fruit ripe, all help themselves to it. Then at the finish they have not learned any more than when they started.
The Esplan church is undergoing repairs just now.
The manse building for the Hopeville church is going on.
Mr and Mrs Burnett returned home from a long visit in the Southern counties of Ontario.
Mrs John McKechnie, a former resident here, has come to visit her friends.
The lightning storm has done some damage here as follows: killed a colt of David Dows, a cow of James Little and William Jack's barn burnt.
Crops are growing well since the rain came.
