It may not be out of place to call attention of the rural school trustees to the fact that the Government gives a grant of \$100 to any section that purchases an acre of land or a school garden, and also gives an annual grant of \$20 to the trustees and \$30 to the teacher where it is carried on.

The 31st Seamers, Keewatin, Manitoba and Assiniboia of the C.P.R. fleet will sail from Owen Sound on Friday and Saturday, respectively, of each week. This makes a most delightful trip and a nice change from all rail to the west. Consult R. MacFarlane, town agent.

DAMAGED SUIT.-The following suit, properly attested has been sent me for publication: "Re last week's note (in Hopeville correspondence) young man and his best girl. The damaged suit may be seen in Hopeville this week by paying a small charge. Takings will go towards a box of cigars for the writer of the article. (But the license shall not be got from him.)"

A BIGAMY CASE.-Eastern papers tell of a bigamy case the parties being Mrs Christopher Hazen, aged about 45, and a young Englishman named Scott, aged about 22. The stories of Hazen and his wife vary greatly; she charges cruelty and neglect, he says all was happy until Scott appeared. Mrs Hazen was let go on suspended sentence, the magistrate thinking she "more sinned against than sinning." Scott is to be dealt with later.

AN INCIDENT OF THE ROAD.-The C. P. R. freight train came into town on Saturday with the front of the engine besmeared with blood and otherwise throwing out horror signals in the form of small particles of flesh, which was at once suggestive that life had been wiped out and a tragedy committed. An investigation revealed that a sheep had got on the track near Durham and the evidence of flesh and blood on the engine was what was left of the animal to tell the story of the tragedy. Scotty Davey, who was braking on the train, saw the accident and is authority for the statement that the sheep was thrown about 100 feet in the air by the collision. -Times.

"The Evolution of Canadian Commerce" is the title of a booklet published by the Robert Simpson Co., intended for free distribution at Toronto Show. It consists of 7 pictures by Mr C. W. Jefferys, of Toronto, one of Canada's leading draughtsmen, and Vice-President of the Ontario Society of Artists. These represent 7 stages of Canadian buying and bargaining beginning with Jacques Cartier's trading with the Indians, The Fortified Trading Post, on down through French and English Colonial times, ending up with the Simpson store of 1882 and last the mammoth modern emporium of the same firm at the present day. Accompanying each picture is some very readable descriptive articles by S. H. Howard, who is responsible for the idea of the book and its details. Get one if you go.

Quite a conflagration took place on Mr. John Burgess' farm, north of town last week, a stretch of fences being burnt and about 20 acres of land blackened. In such dry weather, the fire might have been serious, but happily was stopped before spreading further by men from nearby threshings at N. 25 and Linnis. The origin of the blaze is not known but is supposed to have been caused by some lighted cigar stub.
