Dornoch

Summer's beautiful, green foliage is being tinted here and there with streaks of yellow and crimson—evidences of the approaching time when the forests will be all aflame. Nature is assuming a decidedly Autumn aspect, and it will not be long until an occasional shower of the beautiful decks old mother earth with a fleecy garb.

Miss Mary Cumming returned to her home in the village on Tuesday last, after a pleasant three month's vacation with her grandparents, Mr and Mrs James Robertson of the Canadian South.

Mr Wm Robertson, an old Dornoch boy, now a prominent manufacturer of Buffalo, N. Y., spent the Sunday preceding last at the home of his uncle, Mr Peter McIntosh, north of the village. Wm is now the possessor of a fine new magnificent touring car, in which he and his wife and daughter are making a circuit of Western Ontario.

Mr Herman Becker, our genial merchant, spent last week with friends in the Queen City and took in the fall meeting of the Ontario Jockey Club.

Mrs James Ledingham of Bentinck, accompanied by her sister, Mrs Lauchlin McLean of Rocky Saugeen, are at present visiting their sister, Mrs —— of Chicago, Ill.

We are pleased to note that Mr Timothy Casey is progressing favorably towards convalescence, after undergoing an operation for some serious, internal disorder at the Owen Sound Marine Hospital. Operations give anatomical experience, but the majority of them are as fatal as Radcliffe's noose.

Chief Carson of ye Editor's town, was in the village last week seeking clues towards the capture of a nefarious cockney who absquatulated with a horse and rig from a Holstein livery almost a fortnight ago. No trace of the culprit in the vicinity.

The social circles were enhanced last week by the arrival in the village of Miss Luella Jones, after a twelve month's absence in the Queen City.

A regrettable accident occurred at the townline bridge east of the village on the Sunday morning preceding last. As Mrs Wm Vasey and her son John were driving to church their horse, a spirited young animal, took fright at a pile of timber for the new bridge over the Styx River at this point and, becoming unmanageable, bolted, deposited the rig and occupants upon the aforesaid pile and in the consternation which followed Mrs Vasey became entangled among the wheels and other gear of the vehicle. When extricated from her perilous position it was found that her leg was broken, the flesh and muscles badly mangled and accompanied by profuse bleeding. A stretcher was secured and the injured lady removed to her her home near Glascott, where Dr Smith, the local physician, assisted by Dr ——, of Markdale set the injured limb and did all possible to alleviate the suffering of the unfortunate victim. Latest reports indicate that the patient is doing as well as could be expected.

By the end of this week Dornoch can boast of almost half a mile of cement streets, as the adherents of St Paul's church are at present constructing a granolithic walk from the church gate to the northern limits of the village. This shows commendable esthetic taste on the part of the villagers and will add much to the appearance of the burg.

Quite a number from here attended the South Grey Exposition held in ye Editor's town on Wednesday last, notwithstanding the inclemency of the weather. 'Twas a "howling" success as far as the elements were concerned. The horticultural and floricultural exhibits were fine and the races much enjoyed by all. The hotels over town were cheated out of many a shilling by a large percentage of the crowd gormandizing on Coney Island red-hots and other delicacies in profuse quantities at the various booths on the grounds ? ? ! ! ? ! !
