Swinton Park

Intended for last week

An accident which might have proved serious happened to Mr. John H. Richardson on Wednesday of last week, while he and a couple of neighbors were engaged tending down an old barn. He hitched on one of the top logs with a team which took fright when the roof fell in and the log which they were hitched to, swung around and caught Mr. Richardson in the shoulders crushing him to the ground. He was quickly released and carried to the house and Dr. Ennis sent for, who, when he arrived could not tell much as to the extent of his patient's injuries until he returned next day. At last account the injured man is doing well and is on a fair way to recovery.

A number from around here attended Walkerton fair and report a good day, although somewhat disappointed at the non appearance of the much talked of Tom Longboat.

Mr. George Haw had a narrow escape from being upset into the canal, while driving along the towline his horse took fright at a roadscaper on the side of the road and he could not get him under control until one wheel of the road cart went over the bank.

This Week's Budget.

The literary society met at the home of Mr and Mrs Neil McMillan on Friday of last week to debate country life vs. town life, which was thoroughly discussed, ending up with one point in favor of country life.

Not many from around here attended Flesherton fair as they were afraid they might get disappointed as did the large crowd that attended Walkerton fair.

Miss Isa Campbell left on Saturday last for Stratford, where she will attend Normal School.

Miss Maggie Knox, accompanied by a friend, spent Sunday at her home here.

While moving to Mr. H. Milnor's on Friday of last week, the Richardson shipping Co. had the misfortune of stripping the gear of their traction engine and are now laid off awaiting repairs.

We hear that Jack is doing a rushing business at trapping. He has engaged George to do the skinning.

A clever, popular Candy Cold Cure T. Hiet--called Preventics--is being dispensed by druggists everywhere. In a few hours, Preventics are said to break up colds completely. And Preventics, any cold--completely. And Preventics, being so safe and toothsome, are very fine for children. No Quinine, no lard, no anything harsh nor sickening. Box of 48--25c. Sold by MacFarlane & Co.

Hopeville.

Of late years the ladies' branch of the Farmer's Institute is meeting regularly and doing good. Especially this last year since we got some new comers into it. Monthly meetings are held in some of the houses and the good ladies of the house always use them well. On certain occasions they have ladies to lecture to the people here sent by the Government. Some few months ago there was a lady lecturing here who gave a good discourse on Country Life as more healthier than City life. Also the description of the sort of a wife a farmer should have. One man near here, whose attention was drawn so much by the lecture that he is taking a great interest in the Institute and by what we hear and see we believe he will soon bring home a wife to assist his aged mother. Keep going right ahead, ladies, you are doing good work.

The next monthly meeting will be held in the house of Mrs. Wm Dingwall near the Proton and Egremont townline on Wednesday the 6th of October at 2 o'clock and a good meeting is expected.

On the same day at 7 o'clock p. m. a large open meeting will be held in the Orange Hall, where a lecture will be given by A. H. Birmingham of Toronto, the Grand Organizer of the Grand Orange Lodge of Ontario west. All other speakers are expected. We understand that everyone is made welcome.

The church manse here is not getting along very fast now as some of the men are off work.

The hum of the threshing machine and whistle are heard here often. We have reported before that the grain was turning out well and now we can say that the yield is much better than the farmers expected.

Richard Hall and his son Thomas have got a new Waterloo threshing outfit and doing splendid work. They have Wm Sackett, a first class man to attend and run the engine and everything goes nice.

It's a pity when sick ones drug the stomach or stimulate the Heart and Kidneys. That is all wrong! A weak Stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. The weak nerves are instead crying out for help. This is promptly helping Stomach, Heart, and Kidney ailments. The Restorative reaches out for the actual cause of these ailments--the failing "inside nerves." Anyway take the Restorative 48 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by MacFarlane & Co.

Dromore.

Children's day service was conducted on Sunday morning in Amos Church. Mr Adams the Superintendent led the service. Rev. Mr. Kendall gave a fine talk on "What the Bible has done for us and what we are making of the Bible."

Tuesday, Holstein Show Day, was a holiday in our town, so we all took a drive out to the fair and spent a pleasant day among our friends.

Mr and Miss Campbell, Swinton Park, attended Amos Church Sunday morning and visited their friend Miss Eliza Wilson.

On Tuesday of last week as Mrs. Hay, Jennet and Mrs. Morrison were out driving, when passing Boothville a dog ran out, barked and frightened the horse, causing it to run to the side of the road. The buggy was upset and all were thrown out. Mrs. Hay was unconscious and the others escaped with a few bruises. A short time after the accident happened Dr. Sneath drove along and took Mrs. Hay home. We are pleased to say she is improving though still confined to her bed.

Mrs. Parker who had been staying with her parents here, the past month, returned to her home in Toronto this week.

Drive Rheumatism out of the blood with Dr. Sloop's Rheumatic Remedy and see how quickly pain will depart. Rheumatism never did reach the real disease. Rheumatism isn't in the skin. It's deep down--it's constitutional. Getting rid of the pain, is after all, what counts. That is why Dr. Sloop's Rheumatic Remedy goes, by word of mouth from one to another. And herein lies the popularity of this Remedy. It is winning defenders everywhere. Tablets or Liquid. Sold by MacFarlane & Co.

Slightly Mixed

A young lady visited a Domestic Science Club and her attentions were divided between the dress worn by a friend and the directions for making a cake by one of the demonstrators. She went home and wrote the recipe for her mother who was paralyzed to read the following: Take two pounds of flour, three rows of plaiting down the front, the whites of two eggs cut bias, a pint of milk ruffled around the neck, half pound of currants with seven yards of head trimming, grated lemon peel with lace fish; stir well with visle sleeves; garnish with icing and passermeterie; Bake in a hot oven until the skit is tucked from the waist down on either side, and finish with large satin rosettes.

stopped in 20 minutes sure with Dr. Sloop's Croup Remedy. One test will surely prove. No vomiting, no diarrhoea. A safe and pleasing remedy. Sold by MacFarlane & Co.

MORTGAGE SALE

Under and by virtue of the powers contained in a certain Mortgage, which will be produced at the time of sale, there will be offered for sale by Public Auction at the "Hahn House" in the Town of Darham on Thursday the 25th day of November A. Tieking or dry Coughs will quickly loosen when using Dr. Sloop's Cough Remedy. And it is so thoroughly harmless, that Dr. Sloop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Sloop's Cough Remedy. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress Demand Dr. Sloop's. Accept no other. Sold by MacFarlane & Co.

Stop That Cold

To check early colds or Grippe with "Preventics" is the surest method for Pneumonia. To stop a cold in the throat is as sure as to stop a run and to be cured in 48 hours. To be sure, Preventics will cure a deeply seated cold, and it is early at the throat stage--they break, and break off these early colds. That is why they are called Preventics. Preventics are little Candy Cold Cures. No Quinine, no opium, nothing sickening. None for children--and thoroughly safe too. If you feel cold, and you are all over, think of Preventics. Preventics may also save half your doctor's bill. And don't forget your child. If you have a feverish, restless day, Preventics are the best thing for the feverish child. Preventics are the best thing for the feverish child. Preventics are the best thing for the feverish child.
