We wish to congratulate Mr and Mrs Wm Bailey on the arrival of their young daughter.

Mrs Wm Hargrave and children of Flesterton, spent a few days last week with her parents Mr and Mrs Jas. Brown here.

Hopeville.

On Monday 27th quite a number of our people here went to Cedarville to attend the tea party in the Presbyterian church. They report having a very pleasant time. On Friday the 1st they had another party in the same church and a large number of the members went to it from here. It was a success.

Mr McLean the student has now left as he is going back to college. The Rev. Mr Currie from the town in the Saugum Presbytery, occupied the pulpit here last Sunday both afternoon and evening. He preached two fine sermons to crowded churches. The church here is getting up again to its proper standing, that is the good people are attending well and taking a good interest in church matters.

We have a change in the mail carrying. Mr Scott has given up the business and one John Smyth of Egremont got the contract and he has moved to our village to the house vacated by David Allen now in Durham.

An accident.—Last week while Peter McMurdo was going through a farmers stable on the 12th cow, where he was attending a threshing machine he got a bad kick from a horse while passing him. A doctor had to be brought, but last accounts he is doing very well.

The fall shows part of Proton this year. Beginning with Toronto then London, Durham, Mt. Forest, Holstein, Flesterton and lately Priceville, and some of them had cold and wet weather to contend with.

Mr Charles Dezell has left for a while for the good of his health and William Dezell has gone into New Ontario on very important business so our village will be a little dull till he returns. We expect then that the church manse here will take a quick move to be finished as things are going slow with it now.

FIFTY GIRLS WANTED

Weak Kidneys

Weak Kidneys, surely point to weak Kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to soothe and control the nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month. It will tell you what it can do and will do for you. Druggists recommend and sell.

Priceville

It is not necessary for us to give anything in the shape of a report of our annual exhibition held in this town on Friday, Oct. 1st, as we saw no less than three editors there, an Irishman, a lowlander and one of our highlanders. It is said that birds of one feather will know each other. So it is with Editors for we saw the trio having quite a consultation or rather conversation whether their subject was on politics or something else we do not know, however we know that each and all of them will do justice in giving a report of our excellent show, which by the way was hard to surpass in any town or city in Ontario in spite of the very inclement weather that happened to be on that day, but it seems that those patronizing did not pay any attention to the coolness of the weather. From a distance we saw Reeve Hunt and son of Glenelg, Councillor McNally and ex-Reeve and Mrs. McFadden all of Glenelg, Editor Irwin of the Durham Chronicle, Editor Ramage of the Durham Review, Editor McIntyre of Dundalk and Editor Mortimer of the Shelburne Free Press were there also and probably some Editors that we didn't know.

Mr Black of Durham, was seen amongst the crowd, being one of the judges.

Mr and Mrs Chas. McDonald of the township of Bruce are visiting at Mrs McDonald's old home, South Glenelg, with her father Mr John McPhail for a few days and took in the Priceville Show on their way coming.

Mr Donald McKinnon, son of our postmaster, is engaged in a school in Normandy, commencing this Monday the 4th inst.

Occasion brought us down to McWilliams station on Saturday last. Three women were sitting on the platform awaiting the coming train. Two of the ladies had little babies which by appearance felt the uncomfortable condition of their waiting room, while the mothers' nice features were changed from the natural color to a bluish nature. The third lady was lucky enough to have no one to keep comfortable but herself. It would not cost the C. P. R. Co. much to put up a small shack 8x10 for to shelter passengers when waiting.

The McGillivray boys with their big blower and traction engine is in the vicinity of Top Cliff this week and is doing good work. It is said that Abram Hooper has 8000 bushels of grain and Arch. McCraig, who is only threshing this Monday, will probably have more. The most of the farming community are busy ploughing at present and is in better condition since the rain came. Potatoes digging will be probably this week general.

Mr Donald McMillan, south line Artemesia, has the contract of building a cement bridge on the town line Artemesia and Glenelg at Mathers creek and is busy at the job this week.

Mr and Mrs Patton of Owen Sound, are visiting at Mrs Patton's sister, Miss Wright of this place.

Mrs Calder of Durham, visited, as was seen in last week's paper, at her friends, Mr and Mrs D. Graham's of this town for a couple of days.

The many friends of Mrs Patrick Sullivan of Erin, but formerly of Top Cliff, south line Glenelg, were pleased to see her at the show here on Friday and looking so well.

Mrs Grier of Dundalk, attended the Show on Friday last in this place.

We are sorry to report the accident that befell Mr Robt. Shortreed of Top Cliff. A couple of weeks ago while threshing at Chas. Ferguson's of North Egremont and feeding flax, some small particle of stone or gravel or something else struck him in the eye causing him to go to Stratford hospital for treatment. An operation was necessary and he is doing as well as could be expected so far. We hope to see Mr Shortreed home all right soon.

Mr Malcolm McInnes who met with a similar accident two months ago is carrying a bandage over his eye yet and will take some time before it can be exposed without cover.

Gaelic Communion was held in the Presbyterian church on Sunday last and will be in English next Sunday.

The Misses Christena McDonald and McEachern of Toronto, are back to their several homes South Glenelg.

Bob Fisher had no less than a half dozen of cooks at his threshing and not one of them he could call his own. They all say they had good times for they were all boss for the time being.

Miss Maggie McLean is at present spending some time with her sister Mrs Neil McCannel of Durham.

Mrs McIntyre of Egremont, left over a week ago for Port Arthur where she is going to stay with her son David McIntyre formerly of Egremont.

Miss Kate McQuarrie who spent some time at her parents' home, Mr and Mrs John McQuarrie north line, left for Duluth accompanying Mrs McIntyre to Port Arthur.

George Lothian, Councillor, of Egremont, and some one else whose face we did not see attended at the cricket taking the catch at 1's show. Some thought they were wicked for charging 25c for a ticket to give to Mr McIntyre who stood at the gate to admit them in to see all the display of all kinds inside and out.

Mrs Raily who has been poorly for nearly two years, is not much improved.

Mr John McArthur, merchant, is in poor health at present but we hope to see him better in the near future.

Miss Jennie James who has been

bedfast for the last four years, is no longer improving any but she bears her illness with much patience and feels quite cheerful and happy all the time.

Ex-Reeve Alex Muir of Artemesia, attended as delegate the Grand Lodge meeting held at Brampton recently in connection with the Forest-er Society.

Mr and Mrs Burgess of Durham, (nee Susana McKinnon) visited friends in this locality lately.

Dromore.

Rev. Dr. Farquharson of Durham, preached in Amos on Sunday. In the evening the Ladies Foreign Missionary Society held their thank offering. Dr. Farquharson gave a fine missionary sermon. Some special music was given by the choir.

On Saturday afternoon the Mission Band met in the basement of the church. The children brought in their mission boxes. Contents amounted to \$11.50.

Miss Mary Jones, Owen Sound, is visiting friends in and around Dromore this week.

Threshing machine is humming in our burg this week.

A few from here attended Priceville fair, last week.

Mrs Simpson, Toronto, and Miss Carrie Cameron, Holstein, visited at Mr Colin McMillan's over Sunday.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practical application. A tiny, inside, hidden nerve, says Dr Shoop, governs and gives strength to the stomach. A branch also goes to the Heart, and one to the Kidney. When these "inside nerves" fail, then the organs must suffer. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by MacFarlane & Co.

The Most Popular Paper in Ontario The Toronto Daily Star

The best proof that people like a newspaper is their willingness to pay good money for it. More people buy the "Toronto Daily Star" than any other Daily, Weekly or Monthly published in the Province of Ontario.

Moreover, the circulation of the "Toronto Daily Star" is increasing more rapidly than that of any other newspaper in Canada.

These things do not just happen. There must be a reason. In this case there are several reasons.

The "Toronto Daily Star" publishes Market Reports 12 to 18 hours earlier than the morning papers. It is a Newspaper—not an "Organ"—political or any other kind.

Not only the Woman's Page, but the whole paper, is attractive to women. It reports athletic events more fully than any other Canadian Daily.

Its special features, such as the "Chronicles of the Khan", are most entertaining. Consequently people like the "Toronto Daily Star" better than any other newspaper.

\$1.50 A Year

This paper and the "Toronto Daily Star" together for one year—\$2.20. Guaranteed Fountain Pen given for 50c, added to above subscription price.
