LABRADOR MOSQUITOS

Terrible Pest to Travellers and Natives from the Northland.

No account of travel in Labrador can complete without some mention of the terrible pest of mosquitoes. These were always present in immense swarms from the beginning of our trip to the end, and sometimes they made life al most unbearable. Nothing could be heard but their buz

zing. Whenever we attempted to eat they were down our throats and in our eyes and faces and in spite of our head litten. The natives seemed to mind remedy being rancid seal oil. I am satis-Our tents were provided with a fine
