#### BRINGING THE BODIES UP.

Rescuers Bring Dead Miners Up From Cherry Mine.

Daring Inspectors Find Twenty In the Mine.

Cherry, Ill., Nov. 22.-The St. Paul mine has been almos; conquered. Mine inspectors and geological experts succeeded, after an all day and all night battle, in clearing shafts of the burning mine and early to-day Chicago firemen and a group of miners penetrated the dismal depths of the galleries and for two hours and a half fought the smouldering fire in the coal veins without on Adelaide street about 9.30 p.m. It falo between the United Trades and La-

#### LABOR MEN'S CONVENTION.

The Trouble in Buffalo in the Building Trades.

Carpenters and Joiners Want to Run Their Own Show.

Toronto despatch: The report of Building Trades Committee was to-day adopted at the convention of the Federation of Labor at Massey Hall this. morning. It dealt mainly with minor disputes in various parts of the States, but in one instance the committee took decided steps to settle trouble in Buf-

Domestic quarrels are proverbially the American Federation of Labor were entirely taken up with the hearing of domestic grievances. It was not called by so enticing a name. Officially it was known as the report of the Committee on Adjustment. The federation's family is a large one. It comprises 195 national and international unions, so that on the mere theory of probabilities its family squabbles are likely to be numerous. The most heated and important disfuriously for the past ten years, each though in the meantime one of the principal manufacturers of elevators in the United States will suffer. By a decision Otis elevator works in the United States are to withdraw from the work of elevator construction pending the settlement. The serious meaning of the decision to the employing firm did not appear to receive much consideration in

YESTERDAY'S SESSION.

Another recommendation provides for the amalgamation of the two great bodies of railway car builders into one organization. Strangely enough, the objection seemed to come in most cases from the bodies who were advised to

join hands together. Disputes were adjudicated upon between the sheet metal workers and the stove mounters, the moving picture machine operators and the electrical work-

The amalgamation is subject to ratification by the two organizations. A detailed plan for the amalgamtion was outlined. The first step in it is to be the withdrawal of all legal actions and the cessation of all disputes.
