PRESBYTERIAN S. S. ENTERTAINMENT | Campbell's services. Merry Christmas

In Sunday School's annual entertainment was held Tuesday night in the
town hall when a fair audience turned
out to do them homage. Under the dircettion of Mrs. R. MacFarlane and MissMiss Margaret Hunter, it was brought to a
high state of efficiency. It took the form
of a cantata all leading up of course to
the grand old man at this season of the
year—Santa Claus, ably taken by Mr.
Patters of Glienelg. The choruses,
duetts, solos and monologue were all
characteristic of the Yuletide season,
and a national touch was given by the
appearance of John Bull, (Brock Grant)
who had words of greeting for the children. Jack Frock (Foster Saunders) also
starred in his special line. At the close
a vote of thanks was given to the workers
and the event closed with a distribution
of oranges and candy to the scholars.

# Mr. J. T. Clark in England to cover British **Elections for Toronto Daily Star**

Another instance of aggressive enterprise on the part of the "Toronto Daily Star" is furnished by its action in sending to England a member of its staff. Mr. Joseph T. Clark, to remain there until the close of the British Election Campaign.

Since the 14th of December Mr. Clark's cables appearing in the 'Star' have been commanding attention and favorable comment. Never before has a Canadian paper afforded its readers the means of following day by day a British Election Campaign so intelligently. Cabling is an expensive operation, but the "Star" does not spare expense when there is an opportunity to serve its readers. Mr. Clark, who is known throughout Canada as a writer of un-

usually graceful English, with an original point of view that gives distinctiveness to everything he writes, is describing the campaign at greater length for "Star" readers in frequent letters which can be truthfully described as masterpieces. The British Elections are being covered in the "Star" by no less than four distinct services, two of them exclusive to the "Star," as follows:

1. Mr. Clark's cables and letters (exclusive to the "Star"). 2. A special cable service from a staff of permanent correspondents in Britain (exclusive to the "Star") 3. The Canadian Associated Press cables.

4. The Associated Press cables. In no previous British Election has a Canadian paper made similar preparations for getting the news. It is another proof of the increasing closeness of Canada's relations to the Mother Land. But, also, not in our times have there been as great issues at stake. The budget, free trade, the future of the House of Lords, the British constitution itself. are in the melting pot, and who knows what will come out? For comparisons one has to go back to the great reform of 1832, and one authority says it is the most momentous struggle since the Revolution

The "Toronto Daily Star's" news columns will keep you fully

posted as to the progress of the fight.
