A WINNING FIGHT

Telling of the progress made in combating the terrible 20th century plague - Consumption.

Notwithstanding the enormous increase in population in Canada in the past few years, it is more than gratifying to be able to record that the fight which the National Sanitarium Association are putting up against the "white plague" - Consumption - is proving a winning one.

Five to 1800 deaths from Consumption were on the increase every year. In 1910, despite the greater number of citizens, the figures in Ontario alone showed a decrease of 118 over those of ten years ago. Let's this splendid testimony to the noble work going on?

Maybe you haven't a father, mother, sister or dear friend of your own afflicted, but wouldn't it feel good to help some poor soul in the throes of the dread disease get back into the wage-earning class - to return cured to wife and loved ones?

Our proud boast is that no needy Consumptive has ever been refused admittance to our Free Institutions at Weston and Muskoka because of poverty. But the real work cannot expand without your kindly sympathy and material help.

The need is urgent. If you are blessed with that greatest of all blessings, good health, think of your needy suffering brother and sister.

Send along your note, however humble, to Mr. W. J. Carr, Chairman of the Executive Committee, or to Mr. E. DEVEREAUX, Sec. Treas., 347 King West, Toronto.

Every penny you send goes to help.
