POULTRY LECTURE.—Mr. George A. Robertson, of S. Catherine, will deliver a lecture in the Town Hall on the 2nd day of the Poultry Show, both afternoon and evening. His subject is "Utility of Poultry."
COMING TO TOWN.—Mr. Thos. Banks, of Edge Hill, is moving this week to the old McLean residence in Upper town, which he purchased from Mr. Geo. Finney. Mr. and Mrs. Banks will make most desirable citizens and welcome them to our town.

Mr. A. G. Matland, Owen Sound, formerly for a short time Secretary of the N. P. C. Co. here, has been appointed Clerk of the First Division Court of the County of Grey. He has for some years been filling the position of Secy.-Treas. of the Imperial Cement Co., Owen Sound.
TWO WERE FINED.—The sequel to the midnight celebration, to which we referred last week, came off in the Town Hall last Wednesday evening before Police Magistrate Telford. Summons had been issued to nine young men for disturbing the peace and two, Messrs Hugh McLean and P. Daniel, on pleading guilty, were fined \$1 and costs, each amounting to \$5.75. The others were let off.

EXCEEDED THE AMOUNT.—During the past month Knox church congregation here have raised \$108 for missionary purposes, and when all the returns are in, it is expected the amount will reach \$1000. The amounts given each Sunday were recorded on an ingeniously devised clock invented by the pastor, Rev. Thos. Wilson, and which struck one for every hundred dollars given. A great effort was made on Sunday last to get the clock to strike the 1000, which was the amount allotted to the church here to raise, and the congregation had the pleasure of hearing the joyful 15 ticks and also the knowledge that there was a considerable surplus over.—Bruce Herald Times.

RUNAWAY CAUSED EXCITEMENT.—One of Schulz's lively horses, which has the name of being a very quiet animal, with an empty cutter, created some stir as it came tearing up main street about 8.30 Sunday evening. The occupant, a lady employee of the Midlough House, had been in some way thrown out on a back street near the O'Keefe residence and when picked up by Mr. Traynor was found to have her hip cut, requiring several stitches. The horse dashed onto and up the front street to its own stable, and when turning MacFarlane's corner, it crossed the sidewalk and knocked down Willie Speers, a little lad employed at Joe, Kinne's harness shop, who tried to avoid it. The hoof cut his leg, his head was bruised and his overcoat ripped up the back as the cutter passed over, but he pluckily jumped up and walked home. The animal ran straight in the livery and dashed through the doors to the stalls none the worse, but the seat of the outie was smashed.

RATE MAY BE INCREASED.—Newspaper publishers throughout the Dominion are deeply concerned over the P. O. department notice to raise the rates of postage on the papers mailed from the office of publication. At present each paper has a "free" zone, but outside of that its issues are carried at a quarter of a cent per pound to all Canadian points. It is understood that the proposal is to raise, it may be, this rate to four cents per pound, a rate which was admitted in a recent conference on the matter, would "put some papers out of business." Whatever the increase, it will undoubtedly mean an advance in the subscription rates of all newspapers, a matter which at once touches the pocket of every household. The Publishers are doing their best to show why this serious increase should not take place but are not hopeful of the Department being converted to their arguments. Meanwhile, and this is in all seriousness, if you want to escape the advanced rates of 1913 pay your subscription now.

DURHAM RINK

Seating on Tuesday, Thursday and Saturday evenings and on Saturday afternoons, 2.30 to 3.45. Phone at Residence, No. 48. Phone at Rink No. 29.
Have you seen the Good Health Close?—may be placed in any home, perfectly sanitary and gives comfort and convenience without waterworks plumbing, sewage. Many in this vicinity now have them. Call and see Agent W. J. McFadden about one.

UNITY.—The "Work of Prayer" meetings in the four churches last week had it is thought a better attendance and more of a spirit of unity than ever before. This is quite in keeping with the spirit of unity being observed in many directions, and talked of in nearly every church council.
A number of town boys drove to Hanover last Thursday night to see the Owen Sound-Hanover hockey game. The Sounders were rather too much for the home team and won 12 to 5 and had it been necessary, could have piled up a higher score. O. Sound looks good enough to capture its Northern league district this winter, unless Wharton does something unexpected.

WONDERFULLY IMPROVED.—True to promise, the publishers of The Family Herald and Weekly Star of Montreal have vastly improved that already great paper during the past few months. It is said several new editors have been added to the staff and still greater improvements are contemplated. The beautiful picture "Mother's Treasures," is in great demand. Everyone who sees it wonders how such a picture can be given with such a great paper at one dollar a year. It is the best dollar's worth to be had and those who miss it will regret it. Old subscribers should see that their renewal subscription is sent at once to guarantee the picture.

A Clean Town
It appears that there has been of late several exhibitions of rowdiness in town, occurring at untimely hours and causing more or less suspicion to be cast on our hotels. This may or may not be just but the fact that such has occurred should lead every citizen to be zealous of the good name of our town and act about for a remedy.
On the shoulders of Council and Constable and Police Magistrate the responsibility must chiefly rest. The powers that should be a "terror to idle doers and a praise to them that do well," but every good citizen should be willing to uphold their hands in the exercise of their duty.
This our constable says is not done, he has difficulty in getting evidence, and this charge should not long be possible to be made. Laws were made to be enforced and winking at violation in one particular will foster a habit that will lead to serious consequences.
Vigilant officials, a vigilant judiciary and vigilant citizens will give us a clean, healthy and moral town.

Scotchtown
Mr. Ronald McMillan of Toronto spent a couple of weeks with the brother Archie here at the Xmas holidays.
Mr. Angus Morrison is under medical care for some time now having blood poison in his leg resulting from a gash made in his toe with the axe. Hope to see him well soon again.
Mr. John Schofield of Toronto is visiting with his aunt Mrs. D. McMillan.
Mr. John P. and Miss Annie McMillan spent a week with friends in Toronto at New Year's.
Mr. John A. McMillan has disposed of his team of fine big horses for the neat sum of \$500. Mr. Graham of Toronto is the buyer.

Mr. Michael McMillan is somewhat indisposed just now. We hope that he will soon recover and be out again as usual.
Miss Lizzie McMillan leaves this week to assume office duties in the Queen City. Who'll feel blue for a while?
Mr. Donald McMillan has a gang of timbermen making barn timber for the past week.

TAXES.
Last Notice.
All Taxes in town unpaid on Saturday evening, January 18th, at 6 o'clock, will positively go into the hands of the collector on Monday morning. 3 per cent will be added for collection in every instance. This is positively the last notice.
By Order

Reeve Calder for the Wardenship.

Mr. Calder, for himself and for his town is a candidate for the Wardenship in the County Council which meets next week in Owen Sound. He has been reeve for four years continuously at the present time, and in the past served several terms as Mayor and in the Council as well. He has been for two years President of the National Portland Cement Company of Durham, and in his own ability necessary for high position.
Not, we believe for 40 years has Durham had the honor of the Wardenship. Hanover had the honor four years ago, yet the Post tells us the present Reeve unwritten rule that the honor should go round hence we think the Hanover ambitions are premature and unfortunate because they have the appearance of greed.
We hope the County Council will discern the unfairness of giving Durham the go by on this occasion, knowing that for two years at least the honor can be appropriately represented by the election to the Wardenship of the Reeve of Durham for 1913.

Inaugural Meeting of Town Council

Monday last the Mayor, Reeve and new council met at the statutory hour and with due formality were clothed with the powers of office. A committee was appointed to draft the various standing committees for the year and reported at the evening meeting.
All were present in the evening and took their seats, Mayor and Reeve as usual at ends of the table, Messrs Saunders, Cochrane and Furneaux face the door, while Messrs Lloyd, McKechnie and Lenahan face to the rear. The Mayor made a tidy little address, welcoming the new council to their duties and feeling flattered that the town had sent him such capable men to assist him in his government.
The formal reading of the minutes followed and their number, length and variety showed that there had been a surprising amount of activity in the closing month of the old Council. Clerk Vollett reached the end of last and on motion of Saunders-Lloyd, the only two members of last council, the minutes were adopted.

Then followed the presentation of accounts which were duly considered and passed. A gift of \$10 was made to the Sick Children's Hospital, \$345.00 was paid to the Corbett firm, O. Sound, for engine repair.
The official statement of the bank to the town showed that on 31st December there was to the credit of the town \$2315.00, sidewalk acct. \$790.32 and a further sum of \$384.75.
Only the Standard Bank tendered for the town's business for 1913, the chief features of the tender being the offer of loans for current expenditure at 4 per cent, loans for other purposes, 5.3-eighths per cent, Mr. Calder wanted more explicit information and asked if Mr. Kelly would like the council at 4 per cent over the interval between the exhaustion of 1912 money and the collecting of the 1913 taxes. This was not Mr. Kelly's intention. The reeve said that this would be current expenditure and asked if he, Mr. Kelly, would not furnish the money for strictly current expenditure up to 1st Sept. at 4 per cent. On the suggestion of Coun. McKechnie an amount up to \$1000 was promised as loan at 4 per cent for current expenditure on the exhaustion of 1912 taxes, which, as will be seen elsewhere, are to be collected forthwith.
Much of the time of council was taken up, trying to unravel the question of responsibility for the payment of certain debts, incurred in the construction of the new buttment on Lambton St. A "mixer" for the concrete had been borrowed or hired from the Furniture Co., some lumber had been furnished and used for other than town purposes, did Geo. Mackay as contractor hire certain men? or did the bridge inspector, a town official? These seemed to our reporter to be the chief knotty points, but to him the only clear sky among the clouds was the payment of \$803.95 to Mr. Berge, the final contractor, the admission on all hands that the lumber should be paid and a test case come off Wednesday following before the judge will likely throw light on the gloom. Meanwhile there was justification for Coun. Cochrane to declare that he thought the whole thing a humbug.

Mr. C. Elvidge was re-appointed Assessor at a salary of \$75 a year. Mr. T. Whelan was re-appointed Constable at a salary of \$125 and also Health Inspector at \$20. Coun. Lloyd before this appointment was made introduced an important proposition that it was no use appointing a constable at present salary and favored giving more and have good service. He accused the present constable of neglect of duty even in daylight, and thought that in lieu of higher salary there should be a system of giving him a commission on all fines collected.
Mr. Saunders deferred the constable paying special attention to the limitation of hours mentioned in the by-law and three days a week. The

Annual Meeting.
The annual meeting of the Priceville Agricultural Society will be held on Saturday, the 18th day of January at 2 o'clock p. m.
T. A. M. FERGUSON, Secy.

Women's Institute.
At the Women's Institute meeting held in the Town Hall here last Thursday, the Gov't lady delegate failed to appear, so Mr. Duff, Markdale, Co. Grey's Gov't agriculturist, addressed the ladies, wishing to enlist their sympathies in his scheme for school children. He intends to distribute seeds—flowers or vegetables—to the children of Egremont township this year and to other townships in turn other years and have a regular school children's fair in the fall and give prizes for the best flowers, grains, &c. shown.
He mentioned that the Women's Institute of Cedarville wished him to establish a school fair there, but he thought Egremont would be enough for him to look after. So nothing daunted, they intend to start one themselves with the surrounding sections of that village.
Mrs. Rogers, of Holstein, who was delegate from Holstein Institute to the Provincial meeting in Toronto, was asked by Durham Institute to give her report also to them. In a very interesting address she gave a bright account of the various speeches delivered there and hoped many of the ladies would go another time.
The ladies much appreciated the addresses and a hearty vote of thanks was tendered the speakers at the close.
