Institute Meeting at Holstein

The Institute meeting held at Holstein last Friday in connection with Sabbath Schools and Young People's Societies was poorly attended by the various districts...

Several took part in the discussion on the selection, training and installing of teachers and officers of the Sabbath School. Mr. McGillivray said it was the best thing to do to pay a young man to take him to teach in the Sabbath School.

Mr. Kendall was called on to open the subject on Organized Bible and Mission Study Classes. He said there should be an organized Bible Class in every congregation who would decide their own course of study and take care of their own collections.

Mr. Thos Allan impressed them with the need of training children in missions. Tell them stories of the children in China and get their sympathies and when you get the children you get the parents. Miss Stevenson, leader of the mission band Holstein, would teach the child to give instead of receive and to earn their money to give to missions.

Some of the best discussions of the day were on Systematic giving. Mr T Allan, Andrew Derby, Mr McTaggart and Mr Dadds all spoke on the value of giving weekly—not in a haphazard manner and making up at the end of the year.

After a fine tea served by the ladies of the church to all attending, the evening session was opened in Mr McTaggart in an enthusiastic address on 'The efficiency campaign of the C. E. M. vement.' He would begin by a Junior Endeavor or Mission Band and every church should have one as the young can be trained easier to take part in meetings than older persons and not so sensitive to public opinion.

He illustrated by a class from the audience how he would train and dress them and give rewards for work done. And see how it will work' he exclaimed. Every mission band worker would have been enthused to have heard him.
