LADIES: Remember the special Spirella Corset Sale beginning December 1st. The unbreakable stay, and not sold in stores.
MRS. J. C. NICHOL, Representative
B-107, Durham

Clothes That 'Make Good'

YOU YOUNG FELLOWS ARE RIGHT ABOUT YOUR CLOTHES

Some men may smile a little at the importance you put upon small differences in style and design, but don't let that bother you. Your business just now is to "Make Good" and you're wise to the fact that good looking clothes are an asset; that while they don't make the man, they're a help in his job of making himself.

Be critical about style and no less critical about workmanship. In other words get all that's coming to you. When you find a style that satisfies you and a fit that's tight and our name back of it, buy it, then you'll have it all—not only style but quality. With-out quality style does not last.

Let us show you the new Progress Brand models. We know you'll like them.

S. F. MORLOCK

TOWN TOPICS

Men's Neglige Shirts, white and black striped, Men's 85c and Boys 50c, at Grant's.

Our February Wall Paper sale commences Monday, Feb. 3. Watch for bargains.

MacFarlane & Co.

On Monday evening next, 10th inst. Dr. Farquharson will address the Presbyterian Guild on "William the Third in Ireland." A very interesting evening is assured and a cordial invitation is extended to all.

The annual convention of the Ontario Branch of the Dominion Alliance is to meet in Massey Hall, Toronto, on Wednesday and Thursday, Feb. 26th and 27th. The meeting will be of unusual interest and importance.

A Free Course of Lectures in Agriculture with practical work in judging seed and live stock is being offered to farmers and farmers' sons by the Grey County Department of Agriculture, Markdale. The lectures will commence on Feb. 11th and close on March 7th. Write for outline of course.

H. C. DUFF, Instructor
C. S. PALMER, Assistant

PRESENTED TO HARRY LAUDER—Mr. Millard Stauffer, who is making a most successful concert tour in Ontario, was presented to the celebrated Harry Lauder at Massey Hall, Toronto, on Tuesday night. Millard has attained to considerable eminence as an entertainer and on Tuesday night discussed with the great Lauder the proposition of a Canadian tour for next year.—*Waldron Herald-Times.*

Byrdently the moving picture show is popular in this country. Toronto last year spent \$1,115,000 in moving picture shows, with an average daily attendance of 38,000. There are fifty-five of these shows in the city. Canadians last year spent in round numbers, \$18,450,000 on the same amusement, with an average daily attendance of 615,000. The total attendance in Canada last year at moving picture shows was about 181,500,000.

REV. MR. McCREGGOR DEAD.—Sunday morning last Rev. W. J. McCreggor, a former pastor in Durham, was found dead in bed at his home in Virgil where he came from Park Hill about five years ago. Many old friends here will regret to hear of the demise of the devoted pastor and will sympathize with his two well known daughters, Misses Hazel and Flora, in losing their most faithful friend. Some form of funeral service was the cause of his death.

HE WAS TRAINED IN DURHAM.—The *Manitowish Journal* of 24th Jan. is before us. It contains a cut of J. A. Hunter, formerly of Durham, wearing a broad smile and a rowdy hat just as he appears after winning a desperate game, the most exciting played in great length. The score was 10-9 in the twelfth end and an "in" throw Hunter laid one and won the game. By the victory Hunter won renown and "advanced to fours" whatever that means. Eighty rinks were entered and out of 19 games played by "Jim," he won 13 as skip. Players don't cool the Hunter blood when "the roaring game" is on.

TOOK A COOL PRIZE.—On Tuesday afternoon of last week, Marguerite, the little 10-year-old daughter of Mr. F. W. Kelsey, was crossing the ice ahead of a little companion, just south of Lambton St. bridge, when she broke through. In dropping, she clutched the broken ice and was climbing out, when it broke off and down she went again, this time overhead, as her rescue was found to be frozen to her hair afterwards. She pluckily managed however to catch on to firmer ice and this time pulled herself out. On being hurried to her father's shop and thence home, her icy clothing was exchanged for dry garments, and with a warm bed and warm drinks as well, she was none the worse for her dip in a few hours. It is now but a chilly remembrance but will probably be a life-long lesson to her to exercise greater caution.

When all others fail Carr's Cough Cure will give relief. 50c a bottle at MacFarlane's.

The Annual Excursion of the South Grey Farmers' Institute will be held on Saturday, June 21st, if there is no interference with present arrangements.

TWO FEET OF SOFT SNOW.—Such has been the depth of snow in Vancouver, writes Mr. D. J. Simpson, "worst winter in 23 years according to old timers." We had our turn last winter.

An entertainment in the interests of the Y. P. S. C. E. will be held in Knox Church, Normanby, on Thursday evening, Feb. 20th. A good program is being prepared. The Ayton choir will furnish music and other talent is expected. Admission 15 and 10c.

See the Corduroy Velvets at 50c per yd and the large stock of Ladies' Underskirts in Regal Black Taffeta, the kind that has the rustle of silk and wears better. Every one guaranteed at Grant's.

WEATHER.—That ubiquitous personage "the oldest inhabitant" surely never saw a better January than this locality had this year. Since February arrived however Jack Frost has been showing his teeth and the temperature runs to about zero with a promise of colder still. "As the days lengthen the cold strengthens."

SAME NIGHT TOO SOON.—"Did you see the robin?" enquired Mr. S. F. Morlock of Mrs. Jao, Burgess, who was passing him on Lambton St. on Tuesday. Sure enough, it was perched up in a tree—the first of the season. It must have mistaken that last January thaw for spring and bumped into February's storm.

The Feb. meeting of the Durham Branch of the Women's Institute will be held on Thursday, Feb. 6 at 2 p. m. at the home of Mrs. C. Ramage, Durham. Mrs. Farquharson will give a selected paper and Mrs. C. Ritchie will speak on "friendship." A demonstration on stenciling will be given by Miss Joan McGowan. Roll Call. Everybody welcome.

NEW FIRM.—Mr. Geo. McKeechie having bought an interest in the business hitherto conducted under the name of Frank Lenahan and Co., a new partnership has been formed to be known as "Lenahan & McKeechie." We extend to the new firm the best wishes for success. Both are reputable business men with experience gained in this locality and will make good.

MARBLE FROM SAND.—Last week's *Hepworth Progress* features a new industry likely to be started there, the utilizing of a kind of sand in their neighborhood for the manufacture of imitation marble, door and window casings, linings, etc. A company of Americans propose to go ahead, they ask no bonus, simply tax exemption and the council is only too ready to do that. Now, if some one would find a means to utilize our gravel we would be happy.

A ONE SIDED SCHEME.—Those who are kicking at the banks for raising their interest on loans to towns from 5 per cent to 3 1/2 per cent, will find consolation in the fact that in Walkerville the Banks have raised the interest on municipal loans to 6 per cent. The reason assigned is the high cost of living. A peculiar feature, however, in this arrangement is that while the banks get more for the money they loan, the depositors still receive the old 3 per cent from the banks. If living has raised, the depositors must feel the strain too, but the bank's eyes are apparently stone blind to that point.—*Ex.*

Factory Team Trimmed Cement.

The most interesting hockey game of the schedule so far was the one last Wednesday night between the Cement and Furniture factory septettes. Neither had won any, each had lost a game to the Clerks and both were eager to gain the advantage. They put up a stronger argument than in previous battles too, but the factory boys were materially strengthened by the addition of "Malvey" Cowan to the line-up, and after an hour's hard, fast play, beat the cement by one goal to three. The closeness of the score kept up keen interest throughout the game. Lance McGirr, the midget of the league, did the scoring for the losers. Bob Saunders was a satisfactory referee. The line-up:
Cement: Geo. Lloyd goal, Jack Lloyd point, M. Cowan cover pt., P. Daniel rover, G. Harbottle centre, Harry Vollett right, Al. Saunders left, C. Darling left.
Factory: Geo. Lloyd goal, Jack Lloyd point, M. Cowan cover pt., P. Daniel rover, G. Harbottle centre, Harry Vollett right, Al. Saunders left, G. Catton left.

Clerks won lost to play
2 0 2
Furn. Factory 0 1 3
Cement Works 0 1 3

Games to Play

29—Cement vs. Factory.
February 5—Factory vs. Clerks.
12—Clerks vs. Cement.
19—Cement vs. Factory.

Town Council.

Met in regular meeting on Monday night. All present.

The following accounts were ordered paid:
Jos. Billings, 13 loads gravel for streets.....\$ 6 50
Geo. Arrowsmith, plow point..... 40

T. R. Whelan, work on bridge and inep..... 2 50
A. H. Jackson, sal. as Treas.....125 00
..... pgs. & stationery 7 00
\$211 82

In addition to the above two accounts were held over, that of Mr. J. P. Telford for various services as Solicitor and engineer to be considered by Finance Committee and report at next meeting. Another was that of the Stratford Bridge Co. certain charges in it being considered by the Council unwarranted. The Clerk was instructed to ask them to send a representative to meet the council at the bridge with all letters and measurements in connection therewith.

The sum of \$200 was transferred to the account of the Library Board being the amount levied for that purpose.

The report of the Auditors Messrs H. K. Koch and P. Ramage was received and adopted. 50 copies ordered printed and the auditors paid \$10 each on salary.

The offer of C. H. Burgess, Toronto, of \$18,557.00 and accrued interest for our bonds of \$20000 was accepted. By-laws 625 and 631 appointing respectively W. P. Patterson as Collector of unpaid taxes and Geo. Watt as caretaker of Town Hall at \$85 was passed.

The By-law for \$4000 to meet expense of Lambton St. Bridge, received its final reading.

The New Post Office.

We have not referred to this matter for some time but we have been credibly informed (for a second time) that the Town Hall site has been chosen. The town gave an option on their property for \$2200 and Mr Hahn an option on the north wing of his hotel for \$2400 and it is alleged these options have been accepted. If this be so, then the first move will be the "picking up" and transferring the present framed structure to a new site adjoining the present market ground and Clerk's office. This task no doubt can be accomplished but at considerable expense, and we shall still have an antiquated building, provokingly limited as to capacity, and by no means creditable to this progressive town. Besides should accident befall it in the moving—a possible contingency—we would be drawn suddenly into the expense of perhaps \$20000 to replace it. The building to be erected, for which an appropriation of \$20000 appears in the estimates, will no doubt be a handsome structure, adapted to our needs, commodious and all that, but will be a failure as to site if not of location. Much less than half the initial expenditure of \$4000 would have secured the George St. corner, and the other half would easily have provided the fill required at that spot, and then there would have been a site and location of which this and future generations would have been proud, our town would be notably adorned, no one would be inconvenienced, and not only beauty and utility, but fire risk would have been improved.

The thing has dangled so long that we wonder if it is yet too late for civic pride and good judgment to urge consideration of this admirable site. A building there would be conspicuous from both bridges, from the railway and from the path of all travellers to the heart of the town. On the town hall site it will be set back from the street line and will be totally inconspicuous until directly in front of it.

No location for the convenience and adornment of the town and for the utility of the post office could be more favorable: have the powers that be and their local advisers, considered it fully? Is there again to be followed the fatuous course of relegating a fine public building to an obscure position, when an opening and opportunity to do otherwise stands invitingly apparent?

The Roll Call

WILLIAM JACKSON.

Saturday last there passed away a well-known citizen, Mr Wm. Jackson of "the Glen," Glencol. His last illness was comparatively brief, in fact he might be said to have passed without illness, a general breaking up taking place owing to old age.

Mr Jackson was born in Co. Antrim Ireland, in 1829 and thus was in his 83rd year. He settled on the well-known farm where he died some 41 years ago and to him and his wife, who died in 1874, were born five sons and one daughter. One of the sons, Thos., died some years ago. John, Frank, Archie and Sam are all in British Columbia. Frank having left for the west only three weeks ago. Mary, the daughter, has been a faithful companion to her father ever since her mother died and was with him to the last.

The remains were interred in Trinity Church cemetery on Monday last amid many tokens of public sympathy and respect.

Mr Jackson was of a genial disposition, kind and obliging as a neighbor and friend, yet had a streak of firmness in his make-up which all recognized. Though not exactly one of the pioneers his passing makes a notable break between the past and the present.

Additional School Money

Reeve Calder had the satisfaction of bringing home with him from the County Council a check for \$144 in favor of the Continuation School Board. For some years past the County has given \$1.50 for every dollar of Government grant. It was felt that this did not do Durham justice, so the calculation was made of the amount of the Government grant. Grey pupils attending Durham School and after all deductions were made it was found that for 1912 the above sum was due the Board under the County. By law providing for the maintenance system.

The papers were placed in Mr. Calder's hands and though meeting with some opposition, he succeeded in having it passed.

Durham School Report

HIGH SCHOOL DEPARTMENT.
Form III—Ray Farquharson, Kathleen Sullivan, Emma Ritchie, Viola Reenie, Sarah Fulton.
