People Marooned in Flooded District Living and Safe

DAYTON DEATH LIST 200

The Worst Conditions Discovered by Searchers Were of 60 Inmates of the Workhouse

those hundreds of persons who have Jefferson Street and the canal, a been marconed in the downtown distance of more than a square and section of flooded Dayton are safe. a half. This was the news brought out on All patrons of the Beckel House Thursday by an Associated Press are safe. Police and volunteers staff man, the first to succeed in the constructed a bridge over alleys perilous task of penetrating as far and the tops of adjoining buildings north as the Big Miami River, to a point of safety. which runs through the centre of The water receded rapidly. An

himself marooned, who has been fort of the rescue crews, but they directing the rescue work, gave the remained steadily at work. first information as to the situation in what has heretofore been the

waterbound district. Except for possible loss of life on the north side of the river, there will not be more than 200 dead in Dayton, according to Allaback's estimate after he had been given information as to the situation on the

The worst condition found near the centre of the flood was in the workhouse, where 60 prisoners have not had a drop of water nor a bite of food for two days. The men reintendent Johnson. The prisoners parts of the flood area: repeatedly fought with Johnson and threatened to kill both him and his

May Have to Shoot.

Johnson asked that a detachment of the National Guard be assigned to help handle the men. He declared that the men would have to be shot if they escaped from their

North of Burns Avenue as far as Fourth Street the water was found to be from three to six feet deep. Beyond Fourth Street the water has receded to make it possible in many places to proceed on foot. From Fourth Street to the Big Mi ami River relief work was taken up by a committee headed by Chief Allahack. All grocery stores were commandeered, and although in most cases the goods were covered with water, yet sufficient supplies were found to prevent great suffering among those in the interior

dry strip. No Cases of Starvation.

While there may be many deaths in individual homes, which have been without food or drink, there was no place but the workhouse where any considerable number of people were held without food None had had enough, but no case approaching actual starvation was found.

Knowledge that the death list is likely to prove so low in the downtown section gave rise to a hope that even in North Dayton, about which nearly all hope had been abandoned, there might be compar- says: Coroner Benkert, after a atively few deaths.

into the waterbound district was death list in that section would greeted with appeals for bread and reach two hundred. Of the fifty water. In nearly every house left bodies recovered at that time standing people were asked whether | twenty were at the temporary there had been any deaths, and morgue, thirteen at the State Hoswith only a few exceptions all re- pital, eight at the Hilltop engineplied that there had not.

Beckel Hotel Not Burned.

It was impossible to approach within several blocks of the fire zone in the canoe, but there appeared every indication that the Beckel Ohio, says: First authentic infor-House had not been burned, and eation regarding the loss of life that the fire had been confined to shows that eighteen persons are

> Houses damaged to extent of \$2,000 each 2,000 Houses classified under damage figures of \$1,000 6,000 Cannot be repaired under \$500 each 7,000

Damage to buildings in the business district were set at \$2,500,000, and it was believed this amount would apply to stocks of stores. Figures available at manufacturing plants placed damage under this head at \$1,000,000. The loss on automobiles was set at \$500,000. It was believed the damage to household goods would amount into the millions, because in many sections of the submerged area the water reached to the second floor of hundreds of houses.

25 Victims at Columbus.

A despatch from Columbus, Ohio, says: Twenty-five persons were drowned and great property damage was wrought by the Scioto River floods at Chillicothe, which had been cut off from communication until late on Thursday, according to the statement of G. W. Perry, editor of the Chillicothe Gazette, over long-distance telephone. Mr. Perry said that while many persons were missing, the known death list will not exceed 25. A great part of Chillicothe is under

Situation is Brighter.

According to city officials, it is impossible to estimate the number impossible to estimate the number who perished in the fire which is the flood situation, and firemen were kept busy all day answering alarms in the flooded district. Damage estimated at thousands of dollars was done by fire on Friday.

Insurance on the great lakes is likely to be lower this year.

The Archdeacon Cody needs no Bishopric to add to his laurels. He is, perhaps, more highly regarded than he would be in the more exalted position.

His Wide Activities.

The Archdeacon is still a young man, scarcely more than turned forty, and can look forward in the ordinary course of events to many years of useful activity western Canada, Portage La Prairie be-
