Spring Millinery Opening

You are invited. Everybody is invited to come and look over at their leisure our display. The diversity and charm of the new hats will at once appeal to the modish woman in search of fashion's latest innovations.

The new Millinery is best described as a sumptuous color scheme. Garlands of velvet flowers circle the crowns while Oriental mounts play an important part in trimming this season.

No effort has been spared to make this event more attractive than ever to our patrons, and we are certain that the satisfaction ensured each buyer will make our rooms very popular to our customers through the season.

We are sorry to miss the familiar figure of Mr. Wm. Smith, Sr., of Glenelg, from church and town life. He has recently gone to reside with his daughter Annie, Mrs. Hamilton, Winterburne. For a long time now Mr. Smith has been one of our respected citizens and one of the most progressive farmers. We hope in his retirement from active duties, he will find life congenial in his new sphere and find time occasionally to visit the old home and old friends.
GRINDING DOWN.—Monday last at the Cement Works grinding began on the pile of clinkers left from last year and before many days burning will begin also. The mill has been put in a thorough state of repair during the winter the last touches being put on the smoke stacks this week. Operations are a few days earlier this year and there is a prospect of a good season ahead.
The weather for some days back has been fine and spring-like and roads and low places are drying up. Farmers nearly everywhere have begun spring work, their labors this year being much extended owing to the necessity of repairing fences, blown down by the wind storm, and in too many cases repairing buildings which were unroofed or otherwise damaged. With fine weather from now on seeding will be well advanced in April. The run of sap in the sugar bush is over for this year and the quantity of maple syrup made is not up to the average.
CLEAN UP.—Now is the time that every good citizen looks around his yard and sees that the heterogeneous collections of winter articles disposed of and everything made sweet and clean for the "good old summer time." Besides, it behooves one to be on the alert, for the new health act in regard to sanitation and cleanliness of all kinds is much more exacting than the old one. The town has a little to do also in renewing boards that have been burst off by the embankments they were intended to retain and in a few other ways. This town might find it interesting and profitable to follow the example of some other places and form "block committees" and institute a rivalry in keeping their respective blocks clean and attractive. Those who have time and opportunity might also let their mind run to tree planting about this time. Clean up, sweeten up, grow up in all that pertains to civic adornment.
PRESBYTERIAN ASSEMBLY.—The annual Presbyterian Assembly of Canada will this year be held in Toronto the first week in June, commencing June 4th. This promises to be the greatest gathering in the history of the church, every minister and his wife in the Dominion, as well as one representative from every church, are called upon to be present. The representatives meet three days previous for the purpose of holding a missionary conference. It is estimated that at least 4,000 ministers and representatives will be in attendance and Massey Hall has been engaged for the several sessions of the Assembly. All ministers, their wives and the representatives will be given free transportation and billet while in the city. This will entail an estimated expenditure of \$100,000 which amount has been raised by ten prominent men of the church. Mr. N. W. Campbell will represent the local church. The W. F. M. S. and W. H. M. S. of the Presbyterian church will hold their annual meeting in Toronto at the same time.

NOTICE.—We have two cars of bran and shorts to offer at a low price by the ton.
Mrs. A. Beggs and Son,
The members of the A. Y. P. A. of Trinity Church had a very pleasant social at the Rectory on Tuesday evening of this week.
Standard No. 1 Clover and Timothy seed at rock bottom prices. See our samples. MacFarlanes Drug Store.
PUBLIC HEALTH.—An official train illustrating methods preservative of health will arrive in Durham by the morning G. T. R. train on April 30, and remain till May 2. Keep these dates in mind.
Mr. Chas. Brown has sold his house and lot to Mr. Andrew Ford for \$1200 and has purchased the cottage almost across the road of smaller dimensions, but large enough for the comfort of his good wife and himself.
The Young People of the Baptist Church will hold a "Rubber" social in the church school-room on Friday evening, April 25. A good program will be rendered and light refreshments served. Admission 2 lbs. of old rubbers or 10c. 1st and 2nd prizes given for largest quantities of old rubbers.

The Roll Call
MARY ELIZABETH HUNT.
Early on Friday morning 11th April, 1913, the call came to the above lady, who for eight weary years has been sorely afflicted with rheumatism, much of the time to the extent of utter helplessness, yet through it all, showing a spirit of Christian resignation, and of thankfulness to her father, Mr. John Hunt, her sister, Mrs. Folchard and other relatives and friends who were unremitting in their care and attention to the helpless one.
Miss Hunt was born in Nassagaweya over fifty-three years ago and up to the beginning of her illness was a stay and comfort of the home. Her mother died about four years ago and shortly after Mr. and Mrs. Folchard came to reside with the aged father and render the sisterly assistance the deceased stood in need of.
Deceased was a devoted member of the Methodist church and greatly esteemed by all. Some years ago, her friends in the church had a telephone installed from the pulpit to her room where she could hear the sermon and the praise services, all of which she much enjoyed. Later the same kindly spirit was shown in an anonymous way, by the present of an invalid's chair which was of great service.
Besides her father she leaves as chief mourners two sisters, Mrs. Folchard and Mrs. Young, near Detroit, and two brothers, Edwin, ex-Reeve of Glenelg, now of Magee, Sask., and William Henry, somewhere in Colorado.
Interment took place on Saturday to Durham cemetery, there being a large attendance of friends and neighbors from Durham and from Glenelg where for over 20 years they lived. Rev. Mr. Prudham conducted appropriate services, referring to the beautiful Christian character of deceased, who was loved by all who knew her many virtues.
The pall bearers, eight of them were four town friends, Messrs Hugh McCrack, Will Glass, E. A. Hay, Geo. Arrowsmith and four from the old Glenelg home, Messrs Arthur Blair, Will Jack, Wm. Greenwood and Greenwood.
WM. WILLIS
Tuesday Mr. C. Elvidge received the sad telegram that early that morning in Dauphin, Man., his wife's father had died. For some months back he has been a sufferer from cancer of the stomach, and in spite of local and specialist medical skill the disease carried the day. He was about 63 years of age and leaves a wife, four sons and three daughters to mourn his decease. Only last November he visited his son Bert and daughter Mrs. C. Elvidge here and other friends and was then in good health, but after returning west he fell ill and scarcely had a well day since.
Mr. Willis was born in England, was married there and in the late 70's of last century came to Canada, their first home being at Erin. Later they spent a short time in Owen Sound before moving to Durham where he was well-known. They went west about 9 years ago and prospered well. Only last summer he erected for himself a \$5000 house but has not enjoyed it long.
The surviving members of the family are Bert, of Durham, William, James and Clarence, all of Dauphin, the latter being married to a niece of D. D. Mann, the railroad King. The daughters are Mrs. C. Elvidge, Durham, Grace and Violet at home with their mother. A sister of deceased lives at West Toronto and visited him in his illness, leaving for her home but a few days before he died. Mr. Elvidge went to his sick bed three weeks ago and stayed to the end and will be returning soon. The REVIEW extends sympathy to the bereaved ones.

Town takes Responsibility for the Title to Site
The adjourned meeting of Council was held on Thursday night last and though practically only one piece of business was before them, the discussions lasted two hours. When done however the majority had its way and Mayor and Clerk were legally instructed to sign the release of the Town Hall property to the crown for the purpose of erecting thereon a fine new Post Office.
An intricate procedure tangled marked the first half of the meeting to explain which we must go back to the previous meeting. It will be remembered Councillors Saunders and Cochran moved a motion similar to the one now carried. To this Messrs Oulder and Furneaux moved an amendment. The amendment of course was put first and defeated, the yeas and nays being recorded by the clerk. Then as the motion was about to be put, Reeve Calder pointed out a grave defect in the wording, the objection was admitted by mayor and second, who immediately set to work to draft a new motion. During the delay thus caused, it being 12:45 a. m., a motion to adjourn was moved and carried and the amended motion was never put.
At the adjourned meeting Mr. Saunders, as soon as the meeting opened asked leave to withdraw his motion of the previous night, and the mayor consented. The Reeve at once demanded a ruling from the Mayor as to the status of his amendment of previous meeting which was founded on the withdrawn motion, voted on, and result recorded. This the mayor couldn't give and considerable wrangling ensued, till at last to end the deadlock Councillors Saunders and Cochran set about drafting the motion they never got finished the Monday previous, declining the proffered help of the Reeve to assist in the phrasing. The motion was accordingly put and carried, the yeas and nays again being recorded.
The members thus voting to take upon the town the responsibility of defending the title are the Mayor and Councillors Saunders, Cochran, Lloyd McKechnie and Lewshan. Calder and Furneaux asked for delay to clear the title before committing the town.
The majority, six to two, is a substantial one and we sincerely hope their opponents will never have an opportunity to say to them "I told you so."
Frankly we confess to differing with the majority and think the sentiment of the town is the same way. The deed is now done however and we hope again there will never be occasion to regret the action. The government and its advisers and a section of the town have missed a splendid opportunity of adding to the appearance of the town by selecting this site.

A GREAT PREACHER.—On Sunday, 20th inst., the Presbyterian pulpit here will be supplied by Rev. R. P. Mackay, of Toronto, well-known throughout Canada for the work he has done and the interest he has shown in Missions. His coming is a favor to his friend, Rev. Dr. Farquharson, who is gaining in health, but not sufficiently recovered as yet to take hold of his arduous work. The good wishes and prayers of his large congregation are expressed for his speedy recovery to resume his old duties.
NO CHANGE IN EXAMS.—The strenuous period of examination time is already looming on the vision of thousands of Ontario students. The Department of Education has issued the time-tables for the annual examinations in June, serving as a preliminary warning that the days of trial are on the way. There are practically no departures either in curriculum or regulation from those of last year, but both public and high schools alike will be free at the end of June. The completion of the work by this date last year, the experiment was tried, proved very satisfactory, the stress of hot July days being entirely avoided, and the Department has decided to make the regulation permanent. Of all the students writing, those enrolled in the middle and upper schools begin on June 12th and conclude on June 30th and the lower school, model, entrance, high school entrance and senior public school graduation pupils fold their papers on June 17th. The hours are in each case from 9 to 11.30 a. m. and from 1.30 to 4 in the afternoon, with the exception of spelling, oral reading and geography periods, which may curtail the lunch hour, or be taken in late afternoon, according to the wish of the students.

Mayor Black went to London on Saturday last to attend the funeral of his only sister, Mrs. Marion Bland, who with her husband have been residents of Toronto for some time. Her husband, three sons and one daughter are the chief mourners. Interment took place in London, where they formerly resided.
CASES DISMISSED.—Two young lads, F. Pinkerton and Sam Hartford, appeared before Magistrate Telford Friday morning, charged with being intoxicated while in the moving picture show two weeks previous. The evidence given entirely freed Hartford, while Pinkerton admitted he had taken one drink there, given him by a companion, which made him sick for a time. Evidence showed he was sober before and after, and Mr. Telford considered he was "more sinned against than sinning" and accordingly dismissed his case also.
