THE QUEEN CITY.

The Franchise for Women Defeated-At English Militant Suffragette-The Labor Member in the House-Land Prices.

Local suffragettes are frankly disapobtain concessions from the Provincial Legislature at this session. They had noped at least that the franchise now granted in municipal affairs would be exsubject in the Legislature, they have atpublic galieries and overflowing into the more private parts of the Legislative

Most of the seaders of the Canadian sunrage movement profess solute sympathy with the tactics of the militant leaders in England, even when they go to the length of bomb throwing and other serious destruction of property. Almost unanimously, however, Canadian suffragettes declare that militant methods are not required in Canada. Pressed as Canada and Britain, they are not always clear in their answers. The supreme con-tention of Mrs. Pankhurst and the other suffrage leaders is that the vote is a right fragettes are content to base their plea for what they describe as justice. And the fact is that Canadian women are just as much without the franchise as are

Canadian Women Have Advantages. There are, however, reasons why militant methode have not been introduced into Canada. Canadian laws are in several instances much more favorable to women than are the laws of Great Britain. with men, that is, a reason which will entitle a man to a divorce is sufficient for land. Furthermore, certain laws with regard to property are in Canada more favorable to women than in England. But yet the fact is that the suffrage is denied to Canadian women as resolutely as it is to English women. And the situation seems to be that the Canadian suffrage leaders have an antipathy to pub-licity and going to jail, which their Eng-
