TCHY BURNING

Yery Bad Case. Little Blisters Broke and Formed Scabs. Thought Would Be Disfigured for Life. Used Cuticura Soap and Ointment a Month. Completely Cured.

Cold Brook, St. John, N. B.-"Cuticura Soap and Ointment certainly cured my little girl of a very bad case of eczema. She had eczema on her face for almost two years. First little white blisters covered her face, then these would break and form scabs, and they were very itchy and burning. I used to have great trouble in getting her to

sleep at night. She scratched so I had to do all I could to prevent her, for sometimes she would scratch the scabs off and then it would be very sore and burning. She was certainly a great care. I treated her for it and also used different kinds of blood medicine, and ointment but got no cure. I thought she would be disfig-

"It had lasted about two years when one day I saw an advertisement for Cuticura Soap and Cuticura Ointment in the paper so decided to give them a trial. I had not used them for more than a month when she was completely cured. I cannot praise Cuticura Soap and Cuticura Ointment enough. Of course I continue to use Cuticura Soap as I find it the best soap on the market for children." (Signed) Mrs. John Newman, Dec. 30, 1911.

Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with 32-p. book, send port card to Potter Drug & Chem. Corp., Dept. 220, Boston, U. S. A.

Puzzles of Science.

Everyone knows that the diamond is only charcoal crystallized; but there are a great many other things in Nature that, though possessing widely different properties are composed of exactly equal quantities of the same elements. The white of an egg and rattlesnake poison are formed of identically the same amounts of the same elements. The oil of roses and common coal gas are each formed alike, both being composed of four atoms of hydrogen and four atoms of carbon. Sugar and gum arabic are likewise brothers of the same weight and texture.
