TOURING IN THE TROPICS

The Wonders of Panama.

By James Brown, of Regina, at present in Holstein.

By request of the Editor I am the great crime by which their anturnishing a few paragraphs giving cestors were torn from their African home, later to endure humiliating bordering on the Galf of Mexico and subjugation. Certainly in the "Newest in the same latitude is quite ing race antipathies and brutalities, common: it is a rarer experience to there is scope for the ablest and wisest travel north and south through the statesmanship. sings about.

90 degrees!

I was the only Canadian in the place and as such aroused some curiosity, for as one gets away from the age "American" about Canadians day when Spain and Portugal, by the are somewhat hazy. The teaching sanction of the Pope divided this sail on tropical seas in February is about Canada in their Histories and whole " new " world between them. delightful, but a storm then is as bad quate and often misleading, and even breaks frequently.

and roused a desire to see it. Ar- come up the river to the city. rangements were made to meet on a certain date in Indianapolis. These were carried out. We stopped one day at Lexington on invitation from a Mr Drake, whose acquaintance we had made at Martinsville. He is a farmer and met us with his auto, took us around the interesting city, then to two oig stock farms, then to his own farm where we stayed all night, being most agreeably entertained.

Next morning we came back to the city, saw the tobacco market and drying houses, certainly a novel sight to a Canadian and a Westerner. We went out eight miles and saw the largest dairy farm in the world and

latitudes and to meet the inevitable changes of temperature and varying specimens of humanity composed of types far removed from the "men of the Northern Zone," that the Khan Blue Grass region, a fine looking country and farmers are nearly all In the first days of January 1913, wealthy. Georgia is flat and sandy I found myself en route to Martinsville and a good deal of it swamp covered Ind. a famous health resort, a place with pine trees. The country people where rheumatism is said to meet its in the main are negroes, they do Waterloo, and where patients are put through a series of hot baths and steaming operations that reveals to one more clearly than all school book lore that the skin is a porous structure The little negro cabins with half for out of it, out of the pores, there naked youngsters and goats running pours perspiration supposed to carry around is a novel sight when seen for away the eyil spirit of rheumatism the first time. Lets of green vegefrom the bones and tissue. No mud tables are seen though it is January, baths here, nothing but hot mineral and I saw also peach trees in bloom water, which northerners may sample | and when we reached St. Augustine for themselves by making a concoc- the flowers were all in bloom outside. tion of rotten eggs in soft water and At Lexington it snowed some but drinking it in a temperature of 85 to melted as it fell and we learned there
