The first meeting of Glenelg Centre Farmers' Club since seeding began will be held at the Township Hall on Friday evening, 23rd of May, when an interesting and profitable meeting is expected.

Business Change.—On Monday of last week, a new record was made at the Cement works, when 2025 barrels of cement were shipped by nine men in nine hours.

Rev. Mr. Matheson B. A. B. D. of Priceville supplied the Presbyterian pulpit here on Sunday last. Rev. Mr. Stevenson, Dornoch, takes the services next Sunday.

The Massey-Harris Agency was transferred last week to Mr. Arch. McLellan, Mr. Geo. Arrowsmith giving up the local agency to take a position as a district agent for the firm.

Weir weather put a damper on the horse fair last Thursday and not many horses were brought in. There were however, plenty of buyers, 9 or 10 of them, and the demand for the animals was greater than for some time. A number changed hands at good figures.

BUSINESS CHANGE.—Having sold out my business in Priceville to Mr. Pattison, of Ceylon, I take this opportunity to thank my many friends for past patronage and bespeak for my successor like consideration. All accounts due to me must be settled by cash or note on or before 15th June.
P. F. MCARTHUR.

ANOTHER RUNAWAY.—Standing untied in front of Black's hardware on Friday a team of horses attached to wagon and belonging to Mr. Jas. Dunbar of Glenelg, started off down street and accelerated their speed as they progressed. In front of the Chronicle office they bumped into a post, smashed the neckyoke and some harness, and broke loose from the wagon. The horses were caught in the laundry yard nearby, no further damage being done.

DROPPED OFF RAILWAY BRIDGE.—While crossing the C. P. R. bridge last Thursday morning, two little Bartlett girls heard the train trill approaching. They had time to get across before it would reach them, but getting hurried they dropped off the side on to a pile of stones, and happy to relate were not hurt, except that one of the girls received a bad shaking up preventing her from attending school that day. The engineer had noticed them and got the engine stopped just before it was upon them, so no fatality could have occurred. Things might have been much more serious however, and Agent Hay that day sent a communication to the school warning and forbidding the school children using the track.

Monday evening last in the Presbyterian church another musical evening was given in aid of the organ fund and it is to be feared the slim but appreciative audience derived more from it than did the organ fund. Gattv Sellers the famous English organist was the sole attraction and before he had gone far, he showed himself fully capable of being so. For an hour and a half he delighted his hearers with famous classic and old favorite numbers, perhaps the most distinctive being the "Pilgrim's Chorus" from Tannhauser with bell accompaniment. It was hard to give one number more credit than another, so well chosen and varied was his program. Some of the numbers were "Russian Patrol" by Rubenstein; Hand's "Largo" and "Hallelujah Chorus"; "March Militaire" by Guonod; the old descriptive favorite "The Storm" and two of his own compositions "The Angelus" and "Repose." The receipts totalled about \$24 of which a percentage goes toward the organ.

MR. ROWELL AT OWEN SOUND.—Our Imperial Relations, was the subject of a speech given before the Canadian Club of Owen Sound last week by N. W. Rowell, K. C., M. P. P. The President of the Club is T. Murray Principal of the Collegiate Institute, and the organization is in a flourishing condition. Mr. Rowell discussed the various proposals for a common body to represent the Empire, for example, Imperial Federation, Imperial Council of Defence, Committee of Imperial Defence, and the Imperial Conference. The speaker considered that the last one was best suited to meet the needs of the situation. It was already in existence and in its make up was the most responsible body, and the one which, while caring for the general interests of the Empire, would not interfere with the local freedom of the Dominions. The Imperial Conference is made up of the Premiers of Great Britain and the self governing nations. Mr. Rowell greatly preferred this organization to the Committee of Imperial Defence.

Rev. J. W. Hodgins B. A. of Stratford will conduct services in Trinity Church on Sunday next. Rev. Mr. Hartley will conduct services in Southampton.

WRESTLING.—In cranking up his father's auto on Monday, Master Frank Morlock had the misfortune of having it spring back on him, breaking the wrist bone.

LEAVING PRICEVILLE.—As will be seen elsewhere, a business change is taking place in Priceville, Peter McArthur selling out to Mr. Pattison, of Ceylon. The sentiment of the thing appeals to us at this moment as we try to picture Priceville without a McArthur. The genial Peter has practically been in charge since 1895 but since back in the 70's there has always been a McArthur in business in Priceville and both father and son bulked very largely in the civic life of the place, having public spirit and the hearty highland geniality that ever makes for popularity. John, the father, who died a few years ago, was a native of the old land, a sailor in his youth and was first mate on the "Frances Smith" at one time a well-known lake boat. Starting in Priceville he formed partnerships, first with one Campbell, then with a McKay, the last being with a Mr. McArthur, now of Dundalk. Priceville will wish Peter and family success in their future wherever it be. Mr. Pattison is well-known, having been in business near by for many years.

Liquor Seizures
Sunday forenoon last two automobiles drove into town, each having three men. They drove up to the downtown hotels and without saying "by your leave" proceeded to search each house for contraband liquor. The search was successful for six and a half gallons of lager beer were found at the Middaugh House and both whiskey and beer in small quantities at the Hahn House. The stuff was removed and placed in charge of Constable Whelan till further developments take place.

The raid was in charge of Provincial Inspector Ayearst of Toronto and Inspector Beckett of Owen Sound and of course was totally unexpected and unannounced.

On Monday Inspector Wm. Allan made a search of the Holstein hotel and succeeded in finding 7 bottles of whiskey in an obscure place. The find is likely to prove expensive to Mr. Loughheed, but like others, he has brought it on himself. Holstein and Egremont was well known to be under Local Option which law was defied and the consequences must follow.

The resources of the law are not yet exhausted and as long as liquor men here and throughout the province practically defy the law such raids will continue. Surely hotel men should be as desirous of being law abiding citizens as any other class. The law says "you must not," too often the liquor seller says "I will," thus crushing his own conscience for the sake of gain.

Organized Saugeen Baseball League.

The gist of the rules adopted is: umpires supplied one from each town of opposing teams; each team pays visiting team \$10 for expenses; no paid players; all players to be signed before league opens and new players to be signed and two weeks residents before playing a game; 1913 playing rules adopted.

Business Change.
Owing to a promotion from the Massey-Harris Co., having been added to the selling staff of Travelling Agents, I have disposed of my implement business to Mr. A. B. McLellan. I wish to thank my many customers for their kind patronage in the past and I hope they will extend the same patronage to my successor.
Yours faithfully,

An interesting event took place at the home of Mr. and Mrs. Robt. Allen Glenelg, when their youngest daughter Isabelle united heart and hand with the man of her choice Mr. Hawley Haves of Durham on Monday May 19.

The parlor was prettily decorated for the occasion and at 3 p. m. the nuptial knot was tied by Rev. Mr. McCausland of Durham. To the strains of the wedding march played by Miss Margaret Hunter of Durham. The bride who was given away by her father looked winsome in a gown of cream silk with cream satin and all-over lace trimmings wearing a lovely sash. She carried a bouquet of roses, carnations and maiden hair fern. Little Lottie Dean, niece of bride made a pretty flower girl, dressed in white embroidery and carried a beautiful basket of bridal roses, etc. The couple were unattended. Only immediate relatives witnessed marriage ceremony. The groom's gift to bride was a beautiful brooch and to flower girl a locket and chain.
A sumptuous repast followed and was done ample justice to, in which the culinary skill of bride was greatly in evidence. A handsome four story cake adorned the table with beautiful bouquets of flowers. After the ceremony a reception was held and in the hall the bride and groom received many handshakes and best wishes. The popularity of the newly wedded couple was attested by the many handsome presents received. The evening was spent in music, dancing and social intercourse until the early morning hours were growing old.
Mr. and Mrs. Haves left on the 7 a. m. train Tuesday, for Toronto and other points, where they will spend their honeymoon and will return to their home in Durham on Saturday next. The bride's travelling dress was of brown shot silk with black hat trimmed with large tan plume and long black coat. The good wishes of their many friends go with them for a pleasant and prosperous wedded life.

Sudden Death
Jas. Falkingham falls from a Wagon and breaks his neck.
Tuesday forenoon the town was startled to learn that Mr. Jas. Falkingham, while preparing to get off a wagon, made a mis in some way and came to the ground head first, the impact breaking his neck. He died almost immediately.
His familiar figure will be missed from our streets and regrets will be many for his sudden taking off. He is survived by his second wife, one daughter, Mrs. Paylor of Glenelg and one son in the States. Mr. W. L. Falkingham, near Orchard, Mr. Neill Falkingham and Mr. Wm. Falkingham Durham, are nephews of deceased who was about 80 years of age.
Later:—We hear he was being assisted by his grandson to move ashes and a lurch of the wagon caused him to lose his balance and fall. The boy ran for Mr. Zenus Clark, but he was past all human help.
He was an adherent of the Methodist church and will be buried under its auspices on Friday at noon.

The Model School in Danger
Persistent rumor has it that Durham is likely to lose the Model School and we wonder what our citizens from the Mayor down think of it.
Durham is about the only town in the Province that has had a Model School continuously since their inception in 1877 and after 36 years of usefulness, and growingly so in recent years, there must be some serious reason for the proposed removal if indeed it is to take place.
For years as most of our citizens are aware, Inspectors, local and Provincial, have been insisting on the necessity of better school accommodation. The housing of the Continuation School compels an overflow of one room every year during the Model term and this year two rooms will have to be provided, another teacher having been added by the Public School Board.
Now the Model school needs classes of all grades to operate on and these should all be in one building. It is impossible to accommodate the Continuation School in makeshift rooms in different parts of the town, so to retain our present standing a new school is absolutely necessary. The Board moved in this matter over a year ago and secured an option on almost the only site available, yet nothing has been done and the threatened removal may have been caused by the authorities looking for fruit in Durham on the educational fig tree and finding none have given the order, "cut it down".
Fellow citizens let us look away for brief space from new industries, horse fairs, sporting schedules, etc., and consider what we lose if the model school goes. It would mean the loss of educational reputation, something we have now; the loss of incentive, for pupils accomplish more having a higher aim to look to; it would mean a loss from the social side of our town, for surely the presence in our homes, on our streets in our churches of 50 bright young lives for four months in the year is not to be despised; on a lower plane it can easily be reckoned what we gain financially by 50 or 55 pupils paying board and making other purchases.
It may be only a rumor, but in any case the town should act at once in the matter of a new school. Every visit of the Provincial Inspector shows by defective equipment. We must keep pace with other towns no better off. The school is the best institution in the town and as Dr. Waugh says it reflects the character of the citizens. The character of our citizens we believe is not reflected truly in the present school accommodation.

Personal Mention
Mr. Jim Allen returned home from Buffalo last Thursday.
Mr. Robt. Scott left on Monday for Seaforth where he will practice for the races coming off there on the 10th of June. Durham track it appears is in no shape for practice.
Messrs P. Ramage and Robt. Saunders were in Hanover Monday evening, arranging schedules for the Juvenile lacrosse and the newly formed Saugeen baseball league.
Mrs. J. W. McKelvey of Buffalo, spent Monday afternoon with Mrs. McKelvey here, having been in Palmerston where she attended the funeral of her mother on Saturday.
Miss May Glass left Tuesday to spend a day with Georgetown relatives, and thence proceeds to Calgary, where she has secured a position as stenographer.
Dr. Park of Hamilton, spent over the week end with his mother and sister. He is accompanied by Mrs. Park and son "Jim", a likely youngster of over a year.
Mr. J. C. Telford and sister, Miss Etelle of Owen Sound, were guests of town relatives over Sunday.
Mrs. John Heddie of Hamilton is visiting her niece, Miss A. L. MacKenzie and other relatives in town.
Mr. D. McGillivray of Elmwood is spending a few days with town friends.

Juvenile Lacrosse Schedule Arranged
On Monday evening, B. Saunders as delegate and P. Ramage, convener met Hanover representatives there and arranged the schedule for Juvenile district No. 3, Chesley and Walkerton were not represented so a double schedule between the two towns was drawn up:
June 6—Durham at Hanover
June 20—Hanover at Durham
July 12—Durham at Hanover
July 22—Hanover at Durham
The age limit this season has been raised to 15 years, and players reduced to 10 a side. Durham juveniles have some good material, but are somewhat shy in numbers, still with consistent practice, they expect to furnish some fast exhibitions of the only brand of lacrosse we'll see this summer.
