PURE BLOOD MAKES HEALTH

Disorders of the Blood are Cured by Dr. Williams' Pink Pills

If people would realize the importance of keeping the blood rich and pure there would be less sick-The blood is the medium through which the nourishment gained from the food reaches the different parts of the body. If the blood is impure the nourishment that reaches nerves, bone and muscle is tainted with poison and disease follows. The blood is also the medium by which the body fights off disease. If the blood is thin and watery this power of resistance to disease is weakened.

Dr. Williams' Pink Pills for Pale People build up the blood. They increase the ability of the body to resist disease. They strengthen the nerves, increase the appotite and cure every disease caused by thin and impure blood, and that embraces such diseases as anaemia, indigestion, neuralgia, nerve exmorning on rising and were accom- solutely intact. panied by a feeling as if my body had taken on two or three times its weight during the night. PIMPLES ON FACE

Scratched So Made Red Scre. Trouble Grew Worse All the Time. A Cake of Cuticura Soap and a Box of Cuticura Ointment Completely Cured.

Ville Joliette, Que.- "My little girl, aged four years, had so many pimples on her face, arms and legs that I did not know what to do. They lasted for a year. She commenced to scratch and this made pimples, clear, not red. She scratched so much that the blood ran The sores were worse on her arms and legs and on

her face, and they were ugly looking with the blood. I was told what to do to stop her suffering, and I used the treatment but other pimples came out all the time. I tried all sorts of remedies but the trouble grew worse all the time. It was always the same story, until I used Cuticura Soap and Ointment. I began to apply the Cuticura Ointment on her, also hot water and Cuticura Soap. Immediately I began to see that they were curing her, and after having used a cake of Cutleura Soap and a box of Cuticura Ointment she was completely cured. She has just as fine a skin as before. "My husband also used Cuticura Oint-

FIRE IN STOVE 70 YEARS.

Primitive Cooking Apparatus in Cornwall, England.

Incredible as it may seem to us who have at our command every sort of labor saving machine and device that it is possible to conceive, there are some parts of the world-and not the most remote, either-where many of the ordinarm tasks of life are accomplished in almost identically the same way that they were centuries ago, says a writer in Gas Logic. Travellers in foreign countries have frequently told of surprising instances of this kind which they have met with in their wanderings in out-of-theway localities.

A striking illustration of the way in which people who come little into contact with modern methods oftentimes cling to ancient and cumbersome ways of doing things is afforded by the case of a farmer in Cornwall, England, whose primitive and picturesque cooking apparatus has attracted attention. The fuel used in this "stove" is

neither coal nor wood, but peat. No other fuel has ever been burned in it. The Cornish farmer declares that to his own knowledge the fire in it has not been out in seventy

When the farmer's family have any cooking to do, the embers are first raked flat, and an iron plate is placed over them. The dough is then put into a tin, which is placed upon the iron plate, the tin then being covered over with a big iron pot. The whole is covered with embers and in eighty minutes' time, it is said, the bread is perfectly baked.

Changed to Vigor

Played-Out Feeling Was Quickly Remedied and Health Restored.

His Business and His Health Through Neglecting Early Symptoms of Disease.

"My life for years has been of sedentary I disregarded the symptoms of ill-health, If an explosive is lowered from which were all too apparent to my famening, and knowing that I had to be at that they neither caused griping nor nausea, and it seemed incredible that pills could tone, cleanse and regulate the system without causing any unpleasant after effects. Dr. Hamilton's Pills acted with me just as gentle as nature—they gave new life to my liver, strengthened my stomach, and won me back to perfect good health. My skin is clear, dizziness has disappeared, and my appetite,

HEAVY CREAM

Mr. J. W. McGhee, of Conover, Ont., says: "I find that the Standard cream separator will deliver any density of cream with either warm or cold milk, and still flush out easily." So if you want heavy cream, simply turn a screw on the top disc of the Grandard

and get any thickness desired. This cream-regulating screw is placed on the top disc for your convenience, so that you do not need to take the bowl apart to reach it. This point may not seem very important to you. We mention it merely as an example of how carefully and detail. A booklet, explaining the entire construction of the Standard cream separator, and telling why it has earned the name of "The World's Greatest Separator," will be mailed free as soon as we get your name and address. Drop us a post card to-day.
