TOWN TOPICS

Durham Must Advance

"Give the Council something definite to place before the people and it shall receive sympathetic consideration from every member" was practically the charge of Mayor Black and the whole council to the combined meeting of the Public and High School Boards on Monday evening.

The subject before the last meeting of the three bodies we have ever seen was the pressing one of more school accommodation and it was gratifying to notice the warm interest taken in the matter by all present.

Plans and specifications of a school adapted to such a town as Durham were on the table and the desire of the council was to see if local expert opinion could give an estimate of cost. It seemed to be generally felt that an expenditure of, say \$14,000 for site and building would be ample for the purpose of a 4-roomed school, and quite within the financial possibilities of the town. Such a sum spread over 20 or 25 years would make an exceedingly small burden on the ratepayers of the town and no burden at all when the advantages that accrue are duly considered.

All parties seem to take it for granted that the Model School has gone from Durham; it is certain that one is to be established in Hanover, and the extraordinary action of the government in cutting off Durham so summarily without a word of warning or explanation to the Pub. School Bd was freely commented on and somewhat bitterly. Our long tenure of the Model School, the marked ability of Principal Allan, acknowledged by all the Inspectors, the success of the students, the educational atmosphere created all goes for nothing in the eyes of the powers that be, who brush everything aside with an indifference that is astonishing considering they are men in whom we expect enlightenment and from whom we expect fair play.

The insult,—for it is nothing less,—to the School Board, to the Principal, and to the town, is aggravated by the new conditions. It is proposed to make a new grant of \$1000 to the Board, just twice the sum that has hitherto been granted and in addition a bonus of \$50 to each teacher through whose hands the students pass. Durham Model School for many years was practically a Provincial Institution, doing work always commended and now when more generous treatment is to be given they are passed over and left wondering "what struck them."

Well, it is more than suspected that the want of proper school accommodation lies at the bottom of the change. Inspector Campbell says the new regulations require a minimum of 9 rooms while Durham at best could give only 8. Certain remarks made to Mr. C. L. Grant by Inspector Waugh point to the possibility of our Continuation School being also left out in the cold by our government for the same reason,—lack of accommodation, hence the desire and the present action to remedy a state of affairs that has brought and may bring more humiliation.

We hope the School Boards will rise to the occasion, we hope the Council and the town will be a unit in taking steps at once to remove our reproach. The community around us as well as our citizens are surely as progressive as other towns. Our educational interests are the greatest that civic care can be bestowed upon and hence we hope that Durham at an early date will have a school building which will adequately represent our intelligence as a community and be fitted in every way to furnish to youth an education under better conditions than heretofore.

Who knows but that energy in this direction coupled with the aid we may look for from our member in the Legislature, may restore to Durham our Model School and its advantages.

BASEBALL.—Hanover vs. Durham on Show Grounds, Friday, June 20, at 6.30 sharp.

The B. Y. P. U. will hold their annual garden party on Mr. P. Lenahan's grounds, on Friday, June 20. Admission 10c. Band in attendance. Come and enjoy the evening.

CRITICALLY HURT.—Wesley Irwin, a farmer residing a short distance north of Dundalk, was severely injured on Thursday evening last, when his team took fright after an auto had passed and made for the fence. Striking the ditch the wagon was overturned and the driver being thrown out, was pinned beneath the load. Medical examination revealed that his back was severely hurt and that blood is resting on one of his lungs. Pneumonia is feared and chances for Mr. Irwin's recovery are considered slight. He was an unmarried man but is said to be engaged to a lady in the locality of Dundalk. The accident happened in front of the Dundalk foundry. Mr. Irwin does not blame the automobile driver for the mishap, as he states the motor was already passed ere his horses took fright and one of the team being a colt, he lashed at the animal and considers that this incident was largely responsible for his injuries.

Off to Niagara.

The 31st Regiment entrained for Niagara Camp on Monday from various stations in the County, but alas! Durham No. 4 Company is a thing of the past and not a speck of color or patriotism was seen in Durham. We have lost the Regimental Band, lost No. 4 Company, lost the Model School, and if anybody wants a bargain of up-to-date but second hand army without attachments they should apply to the authorities. Last week rifles and stores were removed to Hanover, electric light cut off and we suppose the caretaker dispensed with. Nothing remains but the building as a memento of former greatness. We really haven't life enough ourselves in this hot weather to pitch the thing out doors seeing we have never Company nor cornet, bugle or bass horn.

Trying to Save Lives.

Sunday, 22nd June, in Town Hall.

Six people die every day in Ontario from Tuberculosis—at the rate of one person every four hours—a total of over 2300 deaths every year—equivalent to the wiping out and loss to the community of a good sized town.

An appalling loss of life. The dreadfully pitiful is that this continual sacrifice is quite unnecessary. These lives, or most of them, might be saved.

Pioneer work in the crusade against Consumption has been done by the National Sanitarium Association. The hospitals at Muskoka and Weston are to-day standing evidence of the magnificent achievements of the Association.

One branch of the Association work—a free illustrated Lecture with one hundred lantern views—is delivered by Mr. J. B. Watson, the Field Secretary of the Association.

This lecture will be given on Sunday evening, 22nd inst., at 8.15 o'clock, in the Town Hall, Durham, Ont. A collection will be taken at the close.

A chorus of praise, without any note of dissent, has greeted Mr. Watson's lecture during the past eighteen months.

The lecture explains in a simple, interesting, and complete way exactly what the disease is, how to avoid it, and how to treat it.

Parents especially should know how to protect themselves and their children. Every private individual—man, woman, and child—is in danger and should know how to combat it.

It is not too much to say that this lecture has been the means of saving many lives. It answers questions everybody is anxious to know. It is simplicity itself—a child can understand.

To attend such a lecture is a privilege. We heartily commend it to our readers.

DEATH OF MRS. JOHN BROWN.

A long weary struggle the above lady died this Wednesday forenoon and will be buried on Friday at 2 p. m. Particulars later.

A SERIOUS FALL.

While leading his cow home last Saturday night, Mr. Donald of Bruce St., was jerked, causing him to fall, and in so doing, must have struck a stone for his thigh bone was fractured. He was removed to his home, when the bone was set and weight attached, but the old gentleman will be confined to his bed for some weeks. It is to be hoped no other complications set in, that his recovery may be steady.

POWER HOUSE BURNED.

Through some unknown cause, the fine power house at Haywards Falls was completely destroyed by fire last Friday night along with a fine dynamo and other valuable machinery. Mr. Ritchie who is in charge, first noticed a blaze in the shaft, and immediately threw a pail of water over it. He ran for another pail, but on returning, the whole mill was in flames. Markdale will be cut off from electric light for some time as a result.

June Nuptials

GLASS—SPARLING

At the early hour of 5.30 a. m., Wednesday, 18th June, a quiet though none the less interesting wedding took place at the home of Mrs. Geo. Sparling, when her elder daughter, Bertha, was united in holy bonds of matrimony to Mr. Will Glass, the officiating minister being their pastor, Rev. Mr. Prudham. There were no attendants, Miss Rita Irwin playing the wedding march.

The bride looked fair and attractive in a beautiful gown of cream liberty liberty satin, with an overdress of beautiful silk embroidered net and pearl bead trimming and rosettes of ribbon.

After the ceremony and good wishes the guests sat down to a dainty wedding breakfast. They left on the 7.00 a. m. U. P. R. train for Toronto, from where they will take the boat for Montreal for a short trip. The bride on this occasion donned a smartly tailored suit of navy blue serge with brass colored hat and plume to match.

Both bride and groom are active and loyal workers in the Methodist church and more particularly the choir where they both have given their talents freely. The good wishes of a host of friends follow them and are pleased to have them settle in town.

Almost across from the bride's present home.

HOY—PHILLIPS

A quiet wedding took place at the Methodist parsonage, Eugeneia, on Tuesday, June 3rd, when Olive Matel, daughter of Mr and Mrs Henry Phillips, of Toronto, became the wife of Chas. Hoy, of Artesmia. The groom is a nephew of Mrs. John McDougall, Upper town, and a son of Rich. Hoy, Rev. P. Campbell performed the ceremony.

Mr. and Mrs. Gilbert J. Bretz.

In a card from Rev. Dr. Farquharson, among other things, he says: "I hope the School Board will get a good teacher. My thoughts are with you all in connection with the coming communion. I am steadily gaining in strength. Kind regards to all."
