HARDWARE

It was the manufacture of Plymouth Binder Twine in Welland that started that town to boom and the using of Plymouth Binder Twine will create such a pleasant feeling that every farmer that uses it will start booming everything around his farm.

We are the only people in Durham that sell this excellent binder twine and you should not lose any time in placing your order for your season's supply. Every farmer that has ever used Plymouth Binder Twine knows its quality and other farmers are finding it out very fast, consequently we are supplying a great number of farmers with their Twine.

Call and see for yourself what we have to offer you.

Dissatisfaction in Meaford.

(Special to the Review)

Both Conservative and Liberal temperance men in Meaford feel that they have not been treated fairly by the Government which has reversed its decision and re-issued licenses in Meaford. "We have been deceived" and "The licenses were cancelled for political effect only" were statements openly made by Conservatives. These men say that the Temperance Committee did agree to the Government's proposal but that they did so under protest and because they could get nothing better. They still think that if the Government had done the fair thing they would have adhered to their first decision and not renewed the licenses after August 1st for a first. It is all right to have a local option vote next January but possession is nine points of the law and as things stood, before Mr. Hanna and the Provincial Secretary's Department changed their minds, there would have been no bars in Meaford to-day. Instead of that they are open as usual.

everything is getting on and if the crops are getting on well, &c, especially concerning our mothers,—how they are. We will be expecting to hear from you two weeks from this day and let us know all particulars. Our compliments to your father and mother. John and his family, and to all neighbors not forgetting yourself. I am your affectionate brother while living,
DONALD McLEAN

Mr and Mrs David Robertson and family of four arrived on Thursday last from the Canadian Soo for a fortnight's holiday with the former's brother James at the old home in Holland. Dave's genial personality made him a popular social favorite and his many old friends are pleased to see him hale in health and enjoying the good things of life.

Master Harold and Irving Picard who have been on an extended visit with their grandparents, Mr and Mrs R M Dargavel, returned last night to Toronto on Saturday last. Miss Ivy accompanied them to the Queen City where she will spend a week's vacation.

Miss Susie McIntosh of the Queen City is holidaying at her home south of the village.
The social circles were enhanced last week by the presence of two winsome lassies, Misses Gertie Kay of Mt Forest and Eva Cronin of Toronto who were visiting with Mr. and Mrs. John Kay of Glenelg.

After a pleasant two week's vacation, Mr. and Mrs. Jas. Wagner and family, left the village on Wednesday last. They will visit friends in Owen Sound, Streetsville, and Peterborough, ere they return to their home west of the snow capped Rockies.

We congratulate J. Morrison Smith whose name appeared in the list of successful Entrance to Normal candidates in last week's dailies. Morrison will attend Model School in Hanover this fall.

Mr Wm Vasey accompanied by his sister Miss Nellie are visiting their brother John at the old homestead in Sullivan.

Mrs. Thos Ware of Toronto accompanied by her bonnie son and daughter is visiting her parents, Mr. and Mrs. Thos McKnight at "The Hedges."

Mr and Mrs Jas Vasey were the genial host and hostess at a most enjoyable party given at their cozy home in the suburbs of the village on Thursday evening of last week. A merry gay hearted crowd to the number of eighty or more assembled and though the heat was very depressing, the floor constantly creaking and the glow constantly changing, the party was most enjoyable. The evening hours were chased with flying feet till the rosy glow in the eastern horizon betokened the advent of day.

PARKERS' BUG KILLER

The Preparation that kills the Potato Bug and not the Plant

The only preparation that has proved good when others failed. Easily applied. Cheaper and better than Paris Green. No water to carry. Good for Cabbage Plants, Berry Bushes and Turnips as well as the Potato plants. Now is the time to apply it when the plants are appearing as this preparation kills the beetle as the late bugs. The only preparation that is a fertilizer as well as insecticide.

Great Crowds, Good Weather, Success.—Ser

The active and energetic program of sports to be called their second annual giving were all held on Monday for they had promised the full bill of fare and the public gave them credit for a better promise.

The weather was all that desired: at no hour did it even threaten, and the miles around looked into and it was freely remarked, dom if ever had a better crowd been seen in village greater size in Priceville.

At 10 o'clock water was successfully carried out about 20 ft long projected angles from the dam, about above the water. At the pole was attached a small, smoothly peeled pole and flag. Some half dozen or more or less success, good for not one got it, Mr. B. being nearest. The feat preserve the centre of the pole was amusing to all.
