### Priceville's Civic Holiday

Great Crowds, Good Weather and Good Sports make all-round Success.—Serious Accident ends Ball game.

The active and energetic committee who had in charge the ambitious program of sports to be called off on their second annual civic holiday were all smiles on Monday evening, for they had promised the public a full bill of fare and the public freely gave them credit for a fulfilment of their promise.

The weather was all that could be desired: at no hour of the day did it even threaten, and the people for miles around flocked into the village and it was freely remarked that seldom if ever had a better forenoon crowd been seen in villages of even greater size in Priceville.

At 10 o'clock water sports had been promised and these were most successfully carried out. A pole about 20 ft long projected at right angles from the dam about 10 ft above the water. At the end of a pole was attached a small flag and the object was to walk out the smoothly peeled pole and pluck the flag. Some half dozen tried it with more or less success, generally less, but none got it, a Mr. Bowman coming nearest. The frantic efforts to preserve the centre of gravity above the pole was amusing, but the inevi-

table splash followed. "Pride goeth before a fall" was finely exemplified when one would walk valiantly a few steps on the stiff shore end to be suddenly arrested in his progress by unstable equilibrium. The swimming race was won by Donald Matheson who has an effective whirlwind (or is it a windmill?) stroke. Anyway it gets him there and no mistake.

Three young men attempted to swim about 25 yards sitting in wash tubs, but the latter had a nasty trick of trying to and succeeding in getting on top. Garfield White, Priceville, at last succeeded in keeping the plucky thing in its place under him and quite out of sight, Sutton of Walkerton being second.

The most amusing thing of the day was the duck chase. Three swimmers sat on the dam waiting for the duck to be thrown into the water; they were even willing as suggested to give the duck a start, but in throwing it in they went a few feet ahead of its would be captors who reached the water almost at the same moment. But alas! for swimming schools and supple legs and arms, away went the duck so beautifully as if leading in a race and she did lead and gained every yard and had it been a circular course she would have lapped them before long. Her progress was delayed by sticks and stones flung from the bridge, but she succeeded in getting through before the panting swimmers reached her and won the race on her native element and had to be caught on land.

The dam, the bridge and the sloping banks furnished ideal spots to witness the water sports which were among the most enjoyable features of the day.

The Callithumpians between 11 and 12 came out of the west somewhere and passed the length of the village and back headed by Swinton Park or Haw Bree, orchestra composed of four violins, a piccolo and cornet, furnishing music unique in its way. A company followed, presenting such a collection of grotesque faces, attire and general topsy-turvy as would drive away the blues after a month's depression.

Miss host McGrath put his best foot foremost to cater to the crowd and by utilizing several impromptu dining rooms succeeded fairly well. Those who could not get near the regular dining table had to be content with a good quick lunch, and most homes of the village entertained one or more guests.

**THE GROUND**  
In due time the crowd began to gather on the show grounds and gate keeper McIntyre passed in the largest crowd ever Priceville saw, estimates of number present running from 1500 to 2000, so that there were comfortable gate receipts. Inside were several booths which did a rousing business in ice cream and other refreshments. The orchestra at intervals furnished fine music but it had not the stirring quality of the piper and next year there should be pipers present for the highland heart of Priceville and many others like to hear the "loud sounding pipe" breathing "the true martial strain."

**THE FOOTBALL MATCH**  
This was a splendid game and held the attention of the spectators from first to last. The score at the

close was 2 to 1 in favor of Walkerton, though the play was equally brilliant. The team work of Walkerton was perhaps a little better than the Torontos. Too much cannot be said for the gentlemanly character of the players. Play at times was very strenuous, yet there was no scrapping nor unseemly roughness. The Toronto boys in their enthusiasm came up Saturday, some of them assisting in the musical services on Sunday and all proving good fellows. Some of them were at 1912 Civic Holiday.

The baseball game between Walkerton and Flesheron, a hot inshoot from the pitcher striking him in the region of the heart, completely knocking him out and causing blood to flow from his mouth. His name is Mitchell Walker, a nephew of Mr. and Mrs. Neil McKinnon, to whose home he was taken where Dr. Lane, Sneath, and Strathers cared for him. At last accounts he was holding his own and it is hoped no complications may ensue. The game was called off, four innings having been played, Walkerton having the advantage 6-2, as far as it went.

The other sports were all keenly contested and the prize winners of these events were as follows:  
100 yd dash, open—W. H. Whitaker, R. Ferris  
1 mile race, open—Crawford, R. J. McNulty.  
100 yd dash, fat men—A. McArthur, Chas. Kennedy  
3-legged race—Well and B. Whitaker, Bickie and Rowland  
100 yards, boys race—A. Hutton, Fred Knox  
75 yds, girls race—Miss E. Whitaker, Miss Marion Knox

Running hop, step and jump—Well, Whitaker 68 ft 4 in, D. Wallace 38 ft 1 in.  
Running broad jump—Bickie 17 ft 9 in, D. Wallace 16 ft 10 in  
Putting the shot—D. McDonald 34 ft 10 in, D. Lane 29 ft 2 in  
Tossing the caber—Ed. Sullivan 40 ft 9 1/2 in, D. McDonald 40 ft 1 in.

**TUG OF WAR**  
This popular event was well contested and the Proton team were the winners. Jno Aldcorn was captain of the Proton stalwarts, but did not pull. Ranald Martin, of the equally stalwart Glenelg team, for whom it should be said that they had not the advantage of a coaching captain, Martin being one of the ten pulling.

The best of feeling prevailed and no interference occurred by the spectators as too often happen at these events. This was due to the excellent way the committee had wired in the whole racing and contesting area allowing spectators to spread on four sides. Nothing had been neglected by the committee of arrangements who are a bunch of agreeable while soled boys.

The officers and chief workers of the committee in charge were as follows: Dr Lane Pres.; 1st Vice Pres., Wm Aldcorn; 2nd Vice Pres., Geo Tryon; Secretary, Don Matheson; Treasurer, Hermie McLean. Amongst the active committee men were Hon. Pres. C. C. James, Geo. Campbell, Duncan Sinclair and possibly half a dozen others whose names we did not get.

**In and Around the Village**  
The preliminary remarks of the editor in last week's review on about Priceville reminded us of olden days. The editor in chief of the then Priceville Courier, David London, was one of those men who had an inclination to do something beyond their ability. So Mr London started a printing press, but did not sit down to consider the cost before undertaking the responsible and expensive business of running a paper. So the result was that before the end of one year in active service its funeral procession was in evidence that the session was in evidence that the Priceville Courier died and its editor had departed for parts unknown for fear of being taken in captivity and in years afterwards rumors were afloat that he departed life in an unnatural death. Mr London was a great churchman. When he came to Priceville he was a strong free churchman, but as the good people of that church did not want him to run the church in his own way, he severed his connection and joined the old kirk. The good old people of that church were of the opinion that they got a saint when David London became one of their members, but they found out that he wanted to do things in his own style, but he stayed with the kirk till he left. The printing office was where Mrs McLachlan's house stands at corner of the street. Going south, Mr London ran a harness shop which was a good hand at making harness. So much for the Priceville Courier.

We were highly pleased to see so much space taken up in last week's Review from Priceville and vicinity. Surely it was a pity to have such able representation so long without starting the good work and a continual contribution such as appeared in last week's paper will add greatly to the advancement of the town for business men should always advertise their merchandise, then the surround-

ing country would take pride in patronizing their own town.  
Its 34 years since we first started to write some items to the Review, first, we wrote Durham Road items. Then circumstances made us change that heading and for a time we wrote Miss Lake, but as the editor of the paper then began to describe what kind of a place Moss Lake was by a belittling us by such remarks as a place full of bull frogs, snakes, toads and such like. We quit that heading and headed it Priceville and locality. For a few years we continued this heading, but like the little boy who was asked what was his little brother's name, he said it was Torchal once but little by little they began to abandon that name he said till at last we took it off altogether. So it was with us altogether and headed Priceville for the last 20 years. In endeavoring to represent Priceville and surroundings we always tried to avoid writing anything offensive, but at times we must confess that we might be making remarks but not with an intention to injure anyone, but naturally we don't like to tell, but could it be said as the poet says:  
Turn back turn back, oh time in your flight  
And make us just boys again just for to-night.  
But ah, never, boyhood days are past and gone and now the shades of evening are approaching as the afternoon is already far advanced.

Could we but look through the years since 43 years ago as through a glass, dimly we could give in many instances records of disappointment. The longing desire to be successful in innumerable numbers failed and as the years rolled on ever since the once raven colored hair has turned to grey color and as Pat said "when I looked at myself in the mirror, oh thought it wasn't myself at all, but sure enough it is." Those who occupied positions in our town long years ago are now few and far between. Some have passed to the unseen world, while others left for other climes in the hopes of making a more remunerative living than in this part of the universe. So the world is passing along all the same and Priceville still remains where its foundation was set 69 years ago.

Miss McPherson, of Toronto, is visiting friends, south line at Top Cliff and Durham this week and will be staying for some time before returning to Toronto.  
Miss Bertha McIntyre, of Toronto, is spending a few days with her uncle, Norman McIntyre, south line and her aunt, Mrs Chas. Ferguson, Egremont.  
The Rev. Leece preached a fine union sermon on Sunday morning in his own church to a crowded house.  
The Rev. Mr Lane, of Cookstown, preached an elegant discourse on Sunday evening in the Presbyterian church to a full church. Mr Lane is a fine speaker and his sermon was highly appreciated by his hearers. His color and his manner of delivery, Mr Lane is a brother to Dr. Lane of this place, where he intends to visit for some time. The song service in the evening was well rendered by those young gentlemen who assisted the local choir. Mr W. Ramage was in attendance and his usual good singing repeated again on this occasion.

**Swinton Park.**  
Miss Mamie McNaulty is holidaying at her home here.  
Mr. and Mrs. Wm. McCormack visited at Mr. Geo. H. Parslow's.  
Miss McMillan of Weddwood is visiting at Mr. Hugh McMillan's.  
Mr. and Mrs. Dan McCormack Sundayed at Mr. Hugh McMillan's.  
Miss Hopkins of Popular Place is visiting at Mr. W. J. Wilson's.  
Miss Maggie Ferguson was home from Ceylon over Sunday.  
Mr Fred McLean of Dundalk spent Sunday at Mr. Thos Campbell's.  
Bert was down to Hopeville on Sunday evening. Some attractions.  
L. O. L. 1136 are holding their annual picnic on Aug 12, a good program of music and songs, Ladies baseball vs. Proton Station—Dundalk. Football match, Maple Leafs vs Badgeros. Everybody come and enjoy themselves at this monster picnic.

**A Bumper Wheat Crop.**  
Thousands of Men required. This Year's Harvest promises to be the largest in the History of Canada.  
According to present indications the wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan or Alberta, thus requiring the farm laborers of the East to assist in harvesting the world's greatest bread basket.

The Government of the respective Provinces state that many thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing men promptly. The Canadian Pacific, on which Company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from points in Ontario, to Manitoba, Saskatchewan and Alberta will be run and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route. Dates, rates and conditions will be announced in a few days.

**Dornoch**  
Farmers are busy as the grain is ripening very fast on account of the dry weather.  
Miss Ivy Dargavel accompanied by Masters Harold and Irving Peard left for Toronto on Saturday where they will remain for two weeks.  
Sorry to hear Miss Alexander who is on a visit to her brother Mr. H. Alexander has been laid up for a week with an attack of pneumonia. Hope to hear of her recovery soon.  
Mr. and Mrs. J. Buchanan stayed at Mr. R. Corlett's.  
Mr. Weir of Toronto is visiting her parents Mr. and Mrs. McKnight. Miss Lyla intends going back to the city to take a position. Sorry to lose our Dornoch girls, one by one they drop off till I am afraid our young men will have to advertise for help mates.

We had a nice shower the other night which was very much needed, crops are coming in so fast.  
Berries are scarce this year and very small and will be unless the rain comes very soon.  
Miss Sasie McIntosh arrived on Saturday to spend a couple of weeks with her brother and sister.  
Mrs. N. Wilson and Mrs. Dargavel took in the sights in Durham on Saturday.  
Mr. Dave Robertson and wife and family arrived in our burg last week, glad to see Dave looking so well after an absence of a few years.  
Pleased to hear Mrs. S. Black is still improving.  
The W. F. M. S., also the W. H. M. B. was held in the basement of the church on Monday, topic being Mission Work.  
The ladies of the W. H. M. S. and W. F. M. S. are busy preparing quilts and other things to send in the help to the Indians and Mission Band work.  
Remember the Institute, it dies, on the 13th, which will be held at Miss McIntosh's.
