Master Leonard and Omar Johnston of Chatham are spending their vacation with their uncle, Mr. H. B. Johnston.

Miss Mary Smith of Durham spent over the week end with her friend, Effie Milligan.

Miss Jessie Derby who has been holidaying at home for two weeks returned to her duties in Fergus Hospital last Saturday.

Mr. Alex Cooper, principal of Shelburne Public School, paid a brief visit to his sister Mrs A Derby last week.

Mr. Jas. McDonald is engaged this week in building a cement concrete silo. Mr. J. H. Smith of Allan Park has the contract.

Mrs Wm. Grierson and daughter Bessie are away on a two month's visit to friends in Saskatchewan.

Mr. Geo Turnbull and Jas McDonald each had several sheep worried last week. Mr McDonald succeeded in catching one of the guilty dogs in the very act and had him killed at once and then took it home to the owner.

On the afternoon of Thursday, the 21st inst, the South Bentinck Sunday School held their annual picnic at Mr. A. Derby's grove on the old Smith farm. The weather being all that could be desired there was a good turnout of both old and young who enjoyed themselves with social chat and games until supper was ready. After all had been satisfied with the many good things prepared by the ladies, they all moved out to the road and had the usual races for the children. In the evening it took on the form of a garden party on Mr John Milligan's lawn which was neatly decorated for the occasion. Mr A. Derby was appointed chairman and proceeded to call off quite a lengthy program of songs, music, etc. Mr Geo Turnbull Sr, the only remaining pioneer of the vicinity was present and gave an interesting speech. A generous supply of ice cream and lemonade was then passed around till all were satisfied.

### Dornoch

This week will see the conclusion of harvesting operations, the majority of farmers having all their crop safely housed and never has the golden grain been garnered under more ideal conditions, the bulk of it being mowed without receiving a shower. True the weather was a trifle hot, the temperature soaring high enough to depress a Hottentot squatted under a palm tree but the men of our northern zone can stand any temperature from absolute zero to the boiling point and no one seemed any the worse for the torrid conditions which prevailed.

The hum of the thresher is now heard on all sides, the turnout of grain being up to the standard in every particular, plump kernel, fine natural color and more grain to the shock than usual.

Mr Duncan Pollock of Toronto is holidaying with his grandparents Mr. and Mrs Duncan Campbell of Bentinck His sister, Miss Katie returned to the city the fore part of the week to resume her duties as book-keeper in the Robt. Simpson Dept. Store.

The harvesters' Excursion to the West on Monday last was well patronized by people from the surrounding country. This is a fine opportunity for residents of Eastern Canada to visit the golden West and see the grand heritage our young nation possesses west of the Great Lakes.

School reopens on Tuesday next when the various teachers will resume their duties of educating the youth of our land. Miss Margaret Wortley will conduct the Edge Hill Academy. May success attend her efforts.

A goodly number of our citizens will attend the Big Fair in Toronto next week. 'Tis not only an outing of pleasure but 'tis a means of culture and real education as well for observation makes lasting impressions.

The annual Garden Party under the auspices of Dornoch Sunday Sch. was held on the church grounds on Friday evening of last week and was a complete success in every detail. The evening was a little chilly and the elements assumed a threatening attitude but this did not deter a large crowd of pleasure seekers from the immediate community and many contingents from outside points from congregating on the spacious grounds and a night of real social pleasure was enjoyed by all. The Dornoch ladies are culinary experts and the tastefully decorated tables in the basement with their supply of toothsome foods was heartily enjoyed by all. This being over the crowd seated themselves on the lawn in front of the church and a variegated program was rendered, Duncan Morrison creditably discharging the duties of Chairman.

The Crawford choir was present and their various numbers, collective and individual, were much appreciated. Spirited addresses were delivered by Editor Ramage, Robt Hay and Dr. Smith. Mr Dan McArthur on the violin accompanied by Master Stewart on the drum and Miss Kate McFayden on the organ enhanced their reputation as musical experts by enrapturing the audience with several fine stirring selections, the crowd demanding an encore on each occasion. Miss McFayden also sang with pathos and sweetness a fine home song and Morrison Smith's two instrumentals show that in striving for the mastery we can attain.

The tent on the grounds was large enough, if well stocked, to supply a legion but the refreshments were hardly up to the standard. The home made buns were good but the ice cream (?) was somewhat like Borden's emergency—hard to swallow. However the clerics were kept busy catering to the crowd and the proceeds from the tent together with those at the gate amounted to approximately \$85. The funds will be

used to purchase a magic lantern for use in the Sunday School Socials, &c.

Next year we must have the grounds better illuminated, more systematic preparation in connection with our program and meet earlier in the season when the temperature is more genial for occasions of this kind.

## The Durham Review

THURSDAY, AUG. 28, 1913

### JAN COME BACK.

(Special to the Review)

That the Liberal party after a temporary reverse can "come back" has been proved conclusively by the candidature of Albert Chamberlain for Legislature in East York. There never was a more enthusiastic convention than that held by the Liberals in Markham last Saturday and the whole tone of the meeting was aggressiveness and optimism.

The Conservatives, quite without reason, have sometimes labelled the Liberal party as insincere. Their reputation is now complete. In spite of a large majority against them in this Constituency in 1911, here are the Liberals again fighting more strongly than ever for the policies on which the party stands—Abolish the Bar, Tax Reform, Workmen's Compensation, advances in Agriculture and other issues.

Mr. Chamberlain is an outspoken and lifelong advocate of temperance reform and is an ardent and enthusiastic supporter of Mr. Rowell and the whole program of the Liberal party.
