Obituary

Died at the residence of her son-in-law, Mr. Robt Shortreed, on Wednesday, 20th August, Mary McKinnon, relict of the late Neil McLachlan at the age of over fourscore years. Mrs. McLachlan was amongst the old pioneers of Glenelg coming then to Lot No 11 Con 1, S D R, known as the Rob Roy, sixty one years ago.

Mrs. McLachlan was the eldest of the well known McKinnon family of whom are living yet Allan of Durham, Hugh of S. Line Glenelg, Mrs. Adam Weir near Durham and Neil of Priceville.

In reviewing the many years since Mrs. McLachlan came to the woods of Glenelg and endeavoring to trace up all the events that transpired during that long period, we could find that the came in contact with many difficulties while passing along on life's ocean. Sometimes the frail craft would be gliding along smoothly and when the storms of adversity would blow, then like many of her fellow mortals she would have her own trials to endure. But out of them all she bravely fought the battles of life till finally the call came for her to bid adieu to the world and friends. Then she could say that the race appointed she had run, the combat's o'er the prize was won.

When giving a backward glance we find that in the days of her youth the subject of our sketch had to be content with the conveniences of early years. The many privileges nowadays experienced by those in the prime of youth were denied of the poor old pioneers in the days of their activity when entering into the woods of the County of Grey. Mrs. McLachlan was always cheerful and of a kind and friendly disposition and to her it was a delight to prepare meals at any time of the day when friends or strangers visited her home.

During the last year or more she was tenderly cared for by her daughter Annabell, Mrs. Robt. Shortreed, South Litch. She naturally would like to live at the old home but as the family were scattered in all directions she lived with her daughter and son Donald at Priceville but ended her days at Mrs. Shortreed's. The family living are Mrs. Shortreed and Donald McLachlan of Priceville, Mrs. Aikens and Mrs. Mayer of Buffalo, Alex. John, Angus and Lochie in Vancouver.

The funeral on the 21st August to Priceville cemetery was largely attended. She was laid beside her husband who predeceased her some 32 years ago. The Rev. Mr. Fowley preached the funeral obsequies at

house and grave, the pall bearers being six young men, nephews of deceased. W. G. Watson was undertaker. Mrs. McLachlan was a faithful member of the Presbyterian Church and in the days of her usefulness her place was never vacant there.

Mr. and Mrs. Adam Weir attended the funeral of the latter's sister on Thursday; also Mr. Allan McKinnon, brother; Mr. and Mrs. Burgess, Mr. and Mrs. Smith of Durham, the two ladies being nieces of deceased; Mr. and Mrs. Mayer and Mr. and Mrs. T. Aikens of Buffalo, the latter being daughters of deceased, Mr. Nichol and Miss McLachlan near Durham, the latter being niece of deceased; 3 McKinnon boys, (Neil's) of Toronto, nephews.

Arrived too late for last week

Died, at the residence of her uncle, Mr. John McQuarrie, North Line, Glenelg, on the 15th August, Miss Maimie McQuarrie, aged 23 years, after a long illness from that dreadful disease, tuberculosis, which she contracted some two years ago. She fought bravely for life but had to surrender as the germ made a firm hold on her system and friends and physicians could not save the precious young life which was wasting away day after day. The youth, the aged and middle aged, all alike, are laid side by side in the plots set out for the dead and while we were waiting at the graveyard at McKechnie's, we took a view through the yard reading the prescriptions on the different marking places of the dead. There we could see the old veterans, many who settled in over 60 years ago died in 1855, aged 78 years; the middle aged 40 and 50 years could be seen, who were laid there over 50 years ago. Then we came to the grave of a young mother with her infant babe by her side, who died in May, 1879, aged 19 years and 8 months. Walking on we came to the resting place of the young man, aged 22 years and then the thought struck us that Death is no respecter of persons for it takes the young girl in one home and the young lad in another and probably the aged person whose death was expected years ago are yet occupying the invalid's chair and may outlive the hard and healthy persons by all appearances for sometime to come.

Miss McQuarrie was carefully attended to by her aunt, Mrs. John McQuarrie who was a mother to her since she was 8 months old and now she can reflect on the past and can be said concerning her that she, like one of old, did what she could to save this precious young life from being taken away so soon. Although yet young life was asked to be spared yet the author of all things saw fit to take her to fill a vacancy in the home of many mansions where the troubles of this world do cease and the weary are at rest.

The funeral on Saturday, 16th inst was largely attended considering the busy season. Rev. Mr. Fowley who is at present taking Mr. Matheson's charge in the Presbyterian church, preached the funeral sermon from the words in Psalms "In time of trouble call upon the Lord," making many appropriate remarks therefrom suitable to the occasion. The remains were taken to McKechnie's cemetery, Durham Rd. The pall-bearers were six young men in the immediate neighborhood. W. G. Watson was undertaker.

Misses Mary and Winnie Binnie returned Saturday after two month's stay in Dakota and Saskatchewan.

Miss Vina McNab visited friends in Durham last week.

Control Your Coal Expenditure

In the Gurney-Oxford range you will find more exclusive features, more essential improvements that appeal to the thrifty housewife than have ever been found in any one kitchen range.

But most important of all is the Economizer. This clever device for regulating the drafts saves 1 ton of coal in every 6 that you would burn in the ordinary range. It takes the smell of cooking out of the kitchen and sends it up the chimney. You know what that means.

The Economizer enables you to absolutely control the amount of coal you wish to consume and still have a perfect heat for cooking. It will enable you to keep your fire going while you go out shopping or visit your neighbor, and all that is necessary for you to do on your return is to press the small lever and you are assured of a hot fire in a very few moments.

A Gurney-Oxford stove is sanitary—no dirt can accumulate on its beautifully smooth surface.

A removable nickle trimming makes it easy to keep this range always bright and new in appearance.

Of paramount interest also are the other remarkable and exclusive attachments—the Special Grate, the Divided Flue and the Broiler.

Every woman who knows owns a Gurney-Oxford.

Forty Thousand Men Required.

Farm Laborers' Excursions—This Year's Wheat Crop will be the Largest in the History of Canada.

The wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan and Alberta, thus requiring the farm laborers of the West to recruit and assist in harvesting this year's world's greatest bread basket.

The Governments of the respective Provinces state that forty thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing labor promptly. The Canadian Pacific, on which Company will fall practically the entire task of transporting the men to the west, is already making special arrangements for this year. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route.

"Going Trip West" \$10.00 to Winnipeg, plus half-cent per mile from Winnipeg up to MacLeod, Calgary or Edmonton.

"Return Trip East," \$18.00 to Winnipeg, plus half-cent per mile from all points east of MacLeod, Calgary or Edmonton, to Winnipeg.
