DAMAGED BY WATER.—Damaged to the extent of nearly \$150 was wrought upon the shoe stock of Thos. McGrath, shoe merchant, one day last week, when water from an unattended tap in Kelsey's photograph gallery on the second floor, came through the ceiling partition and spoiled much of the valuable footwear on the shelves. To make good the loss, Mr. Kelsey has purchased all the damaged goods at invoice price.

PICNIC WAS A SUCCESS.—Despite the fact that rain fell during the late hours of the afternoon on Friday, the Presbyterian Sunday school picnic held at Saugen Park was quite a success. A large number of scholars and adults assembled for the event and previous to the downpour, a gala time was spent by all. All sorts of games and amusements were resorted to and supper was in progress when Jupiter Pluvius descended on the picnickers and let loose his wrath. Sprinklers for shelter were quickly made and when the rain let up some time later, the ground was too wet to continue the proceedings.

MRS LAIDLAW INJURED.—While Mr. and Mrs. Wm Laidlaw were driving on the 2nd con, Glenelg, on Monday evening, they met with a serious accident. While going down a hill near the farm of W. J. McFarlane, one of the hold backs broke and Mr Laidlaw being unable to fully check the animal after the mishap, the rig turned turtle down the bank. Both occupants were thrown from the buggy and buried beneath it. Mrs Laidlaw striking the ground with sufficient force to break her leg, while both received cuts and bruises Mrs Laidlaw was removed to her home where medical attendance awaited her and the limb was set. Latest reports say that she is improving as well as can be expected. Strange to say the horse had not run away or even attempted to do so.

DEATH OF MRS ANDERSON.—The death of Mrs Margaret Anderson occurred at the residence of her son-in-law, Mr. Edward Hilderbrandt on Saturday evening. The deceased who was in her 8th year had been an invalid for some years past and for the last two years had been confined to her bed. Her death was not unexpected. Her daughter Mrs Hilderbrandt is the only surviving relative in the locality. Following the church service in the Baptist church on Sunday evening, an appropriate memorial service was held at the Hilderbrandt home. Rev. N McCausland officiating. The remains were forwarded by Undertaker Bell to Stratford on the Monday morning G. T. R. train and interment was made in that city on Tuesday afternoon. The casket bearers were Messrs. J. B. COW STRUCK BY AUTO.—Driving along the Durham road and descending the hill approaching the Rectory, the automobile of Messrs Cox and Rabb, containing four men struck a cow belonging to Mr. John McAuliffe. The force of the collision resulted in breaking the cow's leg and injuring it so badly that it was later killed. Claiming fast driving on the part of the motorists is responsible for the accident, Mr. McAuliffe through his solicitor has served 10 days notice on Messrs Cox and Rabb for a settlement. Failing in this Mr. McAuliffe will likely prosecute for damages. He values the animal at \$65. The motor party tell a different story. They state that they were travelling at a moderate rate of speed and they did their utmost to avoid the accident.

**School Re-opens**

An unwanted stir was observable on Tuesday morning in the homes where "kiddies" of the school age were, for books and bags had to be collected and things adjusted to see what new books, pencils and other equipments were required.

An attendance of 73 in the primary rooms seems to indicate no falling off in the best crop any country could have and the other rooms of the Public school have also a fair attendance. Another teacher will have to be secured to relieve Miss Black to some extent. Miss Black is a daughter of Dr. Malcolm Black of Paisley an old Glenelg boy.

The High School department opened with an attendance of 77 with a certainty of more coming. An attendance of 30 first form, 25 in the second and 22 in the third will keep Principal Allan and his assistants from rusting. The assistants who come highly recommended are: Miss B. M. Arkell B. A. of Teeswater and Miss E. McGregor, B. A. of Paisley. Both are specialists in English and History, the former taking also commercial work, Miss McGregor having Moderns and Classics, while the principal takes Mathematics and Science.

**Town Council.**

Met in regular meeting on Tuesday night. The following accounts were passed:

A discussion took place over the new foundation for Town Hall, Messrs Calder, Lenahan and McKechnie contending the specifications called for a basement, while Messrs Cochran and Saunders the now completed job was according to contract. The discussion being entirely futile seeing the work is done, the matter was dropped.

A petition signed by Rev. Mr. Prud'homme and others, representing the Durham branch of S. Grey Temperance Alliance and other well meaning citizens brought on a lengthy and somewhat acrimonious discussion on the merits and demerits of the constable. The petition called attention to the fact that at a former meeting of council, this official had been given notice to try to improve the morals of the town, and in view of recent occurrences it was practically asking the council to take the matter up again. A majority of the Council freely charged neglect of duty but nothing was done except that the petition was received and laid over till specific instances of neglect were brought to the notice of the council.

Mr. F. J. Welsh asked the Council to give attention to the roads leading to his mill which were in very bad condition. The request was handed to Board of Works.

The Mayor announced that the Town Hall movers would be ready for operations about the end of the week. The move expressed the view that it would be better now to wait till after Show Days in case of possible obstruction on the streets on these crowded days.
