McFARLAND AND CO. SELL OUT—An important mercantile transaction has taken place in Markdale, Messrs. J. and W. Boyd of Flesherston purchasing the stock and business of McFarland and Co. of Markdale and will shortly move to Markdale to continue the business. By the deal, both villages lose public spirited and progressive citizens and their loss will be greatly felt. Mr. McFarland found it necessary to give up his business, owing to ill-health and to reconvert will spend the winter in California. The name of Boyd Bros. has long been connected with the mercantile and municipal life of Flesherston and Artemesia township.

POLICE COURT FOLLOWED FIGHT.—It generally takes two to make a quarrel but there was an exception to this rule to the rear of the Hahn house on Saturday evening, when three men indulged in a fray and defeat in more ways than one was handed the two gladiators who were on one side. Alex Grierson had just driven to town and was stabling his horse, when two men, one a young farmer from Glenelg entered into conversation with him and seemingly desired to make trouble. Mr. Grierson did not wish for any publicity in the fighting line but when his two adversaries seemed determined to battle, he was forced to defend himself. He worsted both his opponents and then the strong arm of the law intervened and the conquered were summoned to appear in court and answer for their sins. They were brought before magistrate Telford the same evening and each were mulcted a few dollars and costs.

THE PASSING OF SUMMER.

By William Edward Hunt.
"Summer is dead"—it was the wind that spoke
In the bronze mantle of the sombre pine—
"The summer bush unfurls a scarlet sign;
The sore rush signals it in stream and lake;
Soundeth a requiem in gilded brake,
Where mateless birds a lonely fate repine;
The sky is veiled in tears; each gray confine
Bespeaks the shrunken branch the leaves forsake.

"I laugh with ruddy Autumn in the morn;
I sound his praises in the golden light;
But when high noon has passed and raven night
Comes rushing down, I wail with those forlorn,
The dying leaves, the lone flowers, pale and torn,
The multitudes confronting death or flight!"

HARDWARE

The Stumping and Stoning Demonstration which was held on the farms of Campbell Dunsmoor and Chas Lawrence was pronounced a great success by the majority of farmers that attended.

When the stumping powder can be procured for 40 and 50c that will turn out these stumps and stones, it is a certainty that more farms in this locality will be cleared up. You will find the material necessary at the leading Hardware Store.

The Gurney-Oxford Attracts Madam To The Kitchen

THE GURNEY-OXFORD has a large following of fashionable cooks who dip into the culinary art simply for the pleasure they derive from trying dainty recipes previously not attempted. They are all most enthusiastic supporters of the Gurney-Oxford because it contains many exclusive devices that make a perfect cooking equipment.

Its oven is evenly heated in every corner to insure deliciously dainty cakes, golden brown biscuits, and light flaky pastry. A special Divided Flue carries the heat to every hole on the range. The nickle trimming is removable thus proving a great convenience for keeping the range bright and clean.

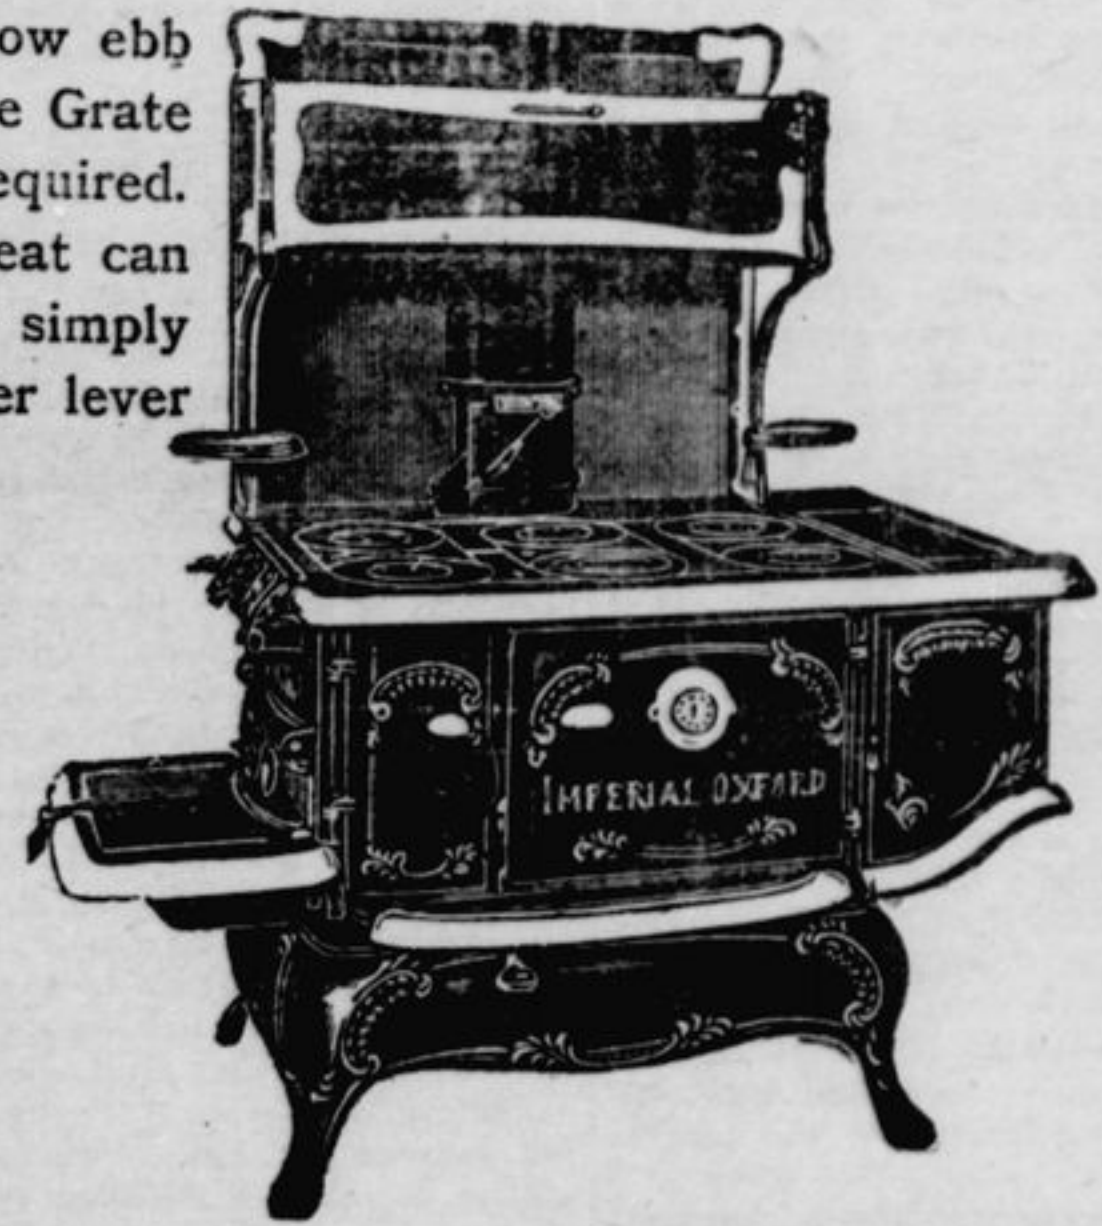

But most important is the Economizer. It is a small lever that moves around a series of six notches giving the exact degree of heat required for any particular dish. The heat of the range can be shut off and the kitchen kept cool between meals by turning the lever to a certain number.

The fire is held at a low ebb on a special Reversible Grate until a baking oven is required. Then the necessary heat can be obtained quickly by simply turning the Economizer lever to another notch.

Such control as this enables many smart women to invent some very tempting dishes which they set triumphantly before their friends. It will pay you to investigate the Gurney-Oxford.
