AROUND THE VILLAGE

Mrs Duncan McArthur and children returned to town, after visiting friends in the States.

The frightful cry of "Fire" was heard through the streets at midnight on Tuesday last. Those who heard it responded as quickly as possible and rushed to the scene of the fire which happily was not a dwelling where human lives might have been involved. The saw mill, chopping mill and new shingle mill which was recently installed were completely consumed. There was some insurance but the loss will greatly exceed it. Being a distinct loss to the locality regret is expressed on all sides and the hope that Mr. McLeod may be able to rebuild is seriously desired.

Miss Little, teacher for the lower room, returned to this place after spending a few days at her home in Owen Sound.

Mrs. Medaugh and son Hubert are visiting friends in London at present. Robbie Tryon left here last Thursday for Danakia.

Miss Mima Wright returned from Durham where she has been for the past few weeks.

Miss Maggie McIntyre left here on Monday for Toronto.

Miss Luie Nicholls spent a few days at the home of Donald McMillan, South Line.

The pump at the school has been repaired by Mr. Hemphill and is now in working order.

D. Reid McKinstry was home from Toronto on Monday.

Mrs. Dinewell and daughter returned to Presque Isle, Maine, after spending some time with friends in this vicinity.

Miss Mizzie Tryon left last week for Toronto where she will attend University this year.

Mr. Malcolm McInnes had a cow killed by the passenger train and one severely injured last week.

Mr. Harzle McKechnie has a new clerk in his store, Miss McLean from Walkerton.

Mr. and Mrs. Bolger, from Dundalk attended the wedding of Miss Cassie Black last week.

Miss Meade Hineks went to Toronto Monday.

The organizer for the Canadian Order of Foresters is still canvassing in the neighborhood.

News papers, which were badly needed, were put in at the school last week.

Mr. Bowie returned to Toronto, after attending the wedding of her sister-in-law, Miss Cassie Black, in Toronto.

Mr. Malcolm McInnes was in Toronto this week.

Mr. and Mrs. Carpenter returned to their home in Palmer, Mass., on Monday.

Mrs. Chapman and children are still here enjoying autumn in all its beautiful aspects this year.

The exhibits of bread, butter and pastry would be hard to excel at the Priceville show. There were at least three editors on the ground and we presume there will be a fuller report given of the Fair than we could give.

A good representation of people were present from Durham, Flesherton, Markdale and other adjoining towns, which shows a feeling of good will. We are always glad to see them.

Mr. Hig's sale was well attended last Monday. The cattle were sold at a high price, but the horses were sold cheaper.

The concert held on the evening of the show was a success as in other years. The talent came quite up to the standard and a crowded hall was the result. Mr. McKechnie rendered a number of beautiful solos on the violin, favorites being "Bonnie Lass of Balmaceach" and "Bonnie Lass of Ballochmyle." Mr. Leslie, son and daughter, gave a number of excellent Scotch and Irish reels, each of them dressed in the kilt which added much to the pleasure of it. Mr. Brown sang well Harry Lauder's pieces, while the accompanist did justice to her part. Mr. Thos. Nicholson was chairman and kept splendid order during the evening.

The Fair and Other Things

(By J. A. McD.)

Not much to report on this week from our side of the subject. It is said that "no news is good news," so its good news we will have this week. Everybody is busy, some picking potatoes, some picking apples, some at something else.

Saturday was warm and Friday, our exhibition day, was cool, in fact almost uncomfortably so, but men, women and children turned out to have a good time as its generally good to come to Priceville once in a while for the good of the health. Durham always sends a good representation to our fairs, so it speaks well of our town when representatives come from such a famous town as Durham to do honor to our little town. For we had the pleasure of seeing such ladies and gentlemen as the editor and daughter, Dr. Jamieson, M. P., Editor Irwin of the Chronicle J. P. Hunter, Arch. and John Robertson, Mrs. John McGowan, Mr. and Mrs. N. McCannel, Miss H. Burn, Geo. McKechnie, Dr. Hutt, Mrs. Neil McLean, Arch. McLellan, G. E. Arrowsmith, Dr. Pickering and last but not least Mayor Black and probably some more. Everything was good, but it's none of our business to be giving a report, as it will be given in full elsewhere.

Our town suffered a severe loss in the burning of this saw mill and chopping mill of Mr. Alex. McLeod, while the citizens feel it a drawback to have such an event occur. It's a serious loss to the proprietor to have all that he depended on for a living reduced to ashes, but Mr. McLeod is yet in the prime of activity and we hope that he and family will in time replace the loss which they sustained in the burning of their mills.

Dr. Luie is the proud possessor of a young daughter lately. Now he has a boy to attend to his horse when duty calls him off suddenly and a girl to hurry up his meals for him and so with Dr. and mother, son and daughter congratulations.

The old grey headed highlandmen felt young while listening to the Bag Pipe band, in fact some of them might be thinking they were on "Tran-an-a" in the Isle of Mull, Scotland or in Ballantrae in the Isle of Tyrry in the Isle of Islay but when they come they're thinking they found themselves at Priceville exhibition standing near the platform asking the sign "can you play this piece, or this other one of Callum Crub-cud or hor o mor nighen donn blodheach" but the learned professor only listened and played to suit themselves.

Notes by the way—on Exhibition: If Vet. McIntyre resigned or become out of business, it would be hard to find one to take his place as gate-keeper, as it is this week to find a hanganan to hang Gibson. Duncan Sinclair has a life lease of calling off the different classes on exhibition and no better can be found for the purpose. It reminds us of years gone by to see Mr. Duagald McCormick, only as a member now, when he served for years as president very faithfully. President Thos. Nichol was a busy man attending to his responsible task. Vice President D. McMillan was on the grand stand talking gaelic. It's a pity Red Sandy is not as young as he used to be, but he has a lot of grit about him yet to dance a Scotch Reel.

Miss Ida McCuaig, daughter of Mr. Arch. McCuaig, of Top Cliff, is home from Toronto and will stay home for some time.

John McEathern, of Warton, paid a short visit to his brothers and sister Roger and Alex. McEathern and Mrs. Cuss McEathern, south line.

I telling of old time threshing in last week's paper, ten bushels a day should be 10 bushels an hour. When we were a boy threshing with our father with the old flails in the old log barn, we could thresh 10 bushels as our share in a day.

We were in town this Saturday evening the 4th Oct., 1913 and called on G. Tryon, butcher, and thought it dear eating paying 12 or 15 cents a pound for beef, but when we took a look at H. A. McKechnie's signboard on the outside it read "eggs 30c a dozen" unmercifully too dear, although we had a few to sell, 25 cents an egg and how many of our farmers headless, threw a lot of them among the straw or hay when feeding or bedding the horses.

Now Mr. Ed. we made a mistake in the beginning by saying we haven't much to say this week, for we have said too much but "a little nonsense now and then is relished by the best of men."

Aochie diarraia aig deich nairean mios October an ceann in do bliandaid 1913. Saturday night, 10 o'clock, Oct 4th, 1913.

The New Gurney-Oxford Range Has Solved The "Help Problem"

Everywhere women are coping with the same difficulty—the securing of domestic help.

A Gurney-Oxford with its wonderful devices for the saving of time and labor enables you to be independent, if from necessity or choice you are without a servant.

The Divided Flue distributes the heat evenly throughout the oven, and by means of the Economizer the temperature is determined, kept constant, or changed as desired. It is easily controlled by a little lever working around six notches.

Dough and batter-mixtures will always be light, thoroughly cooked, and nicely browned.

This range has smooth top castings that do not hold the dirt; and a nickle trimming that can be removed and polished.

If you must do your own work you owe it to yourself and to your family to spend less time in the kitchen.

No woman need be a drudge with a Gurney-Oxford range.

A. S. HUNTER & SON

Swinton Park.

Mr. McCornack and Miss McCornack are visiting at Harrison.

Mr. J. Ferguson and Miss M. Ferguson attended Holstein fair.

Mr. J. L. McDonald returned from Drayton where "Joe Miller" kept up his reputation as "drew in" first money.

Mrs. Dingwall and Mrs. Herb Campbell Sunday at Mr. D. Campbell's.

Mr. W. J. Wilson and daughter Aggie spent a few days with Collingwood friends.

Priceville fair was largely attended on Friday. Exhibits in poultry, fancy work and fruit were quite up to the number at other shows. Many would-be exhibitors of live stock claim that the prizes are not near proportional, i. e. as for bringing a first prize horse or cow the prize is very little more than what is given for a hen or a half dozen crab apples. There is room for more competition here in nearly all of our local fairs. If you doubt it stop and think. How many entries in the Shorthorn class in Durham's Compve with number of farmers having Shorthorns.

Messrs W. Ramage and G. Lothian assisted Swinton choir on Sunday.

Mr. Walter Knox has returned from the West.

The weather is just adapted to the seasons operations: potato digging, burning fallows and threshing.

Mr. and Mrs. W. G. Porter spent Sunday with Mr. and Mrs. Thos. Brown, Tarnan.

Rev. Mr. Matheson resumed his work here Sunday.
