

## THE TORTURES OF RHEUMATISM

Driven From the System by Dr. Williams' Pink Pills

The sufferer from rheumatism who has not gone about curing himself in the right way must expect a return of the torture with every change to cold or damp weather. It is not the change in the weather that causes the rheumatism, but it does start the aches and pains. Rheumatism is a deep-seated disorder of the blood. You cannot possibly cure it with outward applications or hot fomentations, as so many people in their ignorance of the real cause of the trouble try to do.

Rheumatism can only be driven out of the system by driving out the poisonous acid in the blood. This can only be done by making the blood supply rich, red and pure. It is in this way that Dr. Williams' Pink Pills cure rheumatism, even after other remedies have failed. These Pills make rich red blood; they go right to the root of the trouble, and the pains and aches are driven from the system and will not return if the blood supply is kept pure. That is the whole secret of curing rheumatism, and if you are a sufferer begin to cure yourself to-day by taking Dr. Williams' Pink Pills. Among the many sufferers from rheumatism who have been cured by this medicine is Miss Mary D. Kelly, South Dumfries, Ont. Miss Kelly says: "Some time ago I had a very bad attack of rheumatism. At times I would be confined to bed for a couple of days and would seem almost paralysed with the intense pain in my back and legs. At such times I could not walk, and my joints were stiff and swollen. I consulted different doctors and took their medicine, but did not get more than temporary relief. At this time a neighbor advised me to try Dr. Williams' Pink Pills, and I got a supply. After taking a few boxes I found they were greatly helping me, and I continued their use until the trouble completely disappeared. I can strongly recommend this medicine to others who suffer as I did from the pangs and tortures of rheumatism."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## ILLEGIBLE HANDWRITING.

Late Poet of Sierras Said to Be Worst Writer of the Age.

Illegible handwriting may prove an aid to prosperity. The late Lord Goschen said of his father: "He has told me, half in joke and half in earnest, that when he came to London he was obliged to find a firm because he wrote such a bad hand that no one would take him for a clerk." Of Lord Goschen himself his biographer remarks: "In his latter years he might have spent as he chose, for no one could have affirmed with certainty how many 'I's' he might have put in 'although.' At length his script became undecipherable, even by Goschen himself. He could not when speaking in Parliament make out what it was that he had put on paper, and he thus came in later years to abandon almost entirely his old practice of making notes."

Joaquin Miller, "the poet of the Sierras," who died a few months ago, has been put forward as the very worst writer that ever lived. The secretary of a literary society once invited him to attend a banquet and received an answer, of which no one could decipher a word. He wrote again to the poet, stating the difficulty and suggested that, in replying, he should make a cross at the foot of his letter if he were coming and a circle if he could not be present. Miller complied with the request, but nobody could decide whether the mark he made was intended for a circle or a cross.

## Breakfast Sunshine Post Toasties and Cream

There's a delicious snack in these crisp, appetizing bits of toasted corn that brings brightness and good cheer to many and many a breakfast table.

Toasties are untouched by hand in making; and come in tightly sealed packages—clean and sweet—ready to eat with cream and sugar.

Wholesome Nourishing Easy to Serve Sold by Grocers everywhere.

Cassian Food Co., Ltd. Windsor, Ontario.

## CULT OF THE "FETISH."

Guard Over Villages and Families of Gold Coast.

The cult of the "fetish" in the northern territories of the Gold Coast is described with many interesting particulars in the annual report for 1912 of the Governor of the Gold Coast, Sir Hugh Clifford. Each town or village has its own "fetish," which is usually to be found at the entrance to the chief's or priest's compound, and takes various forms, such as a conical pile of earth or a three pronged stick supporting a pot in which grows a shrub, grass or an aquatic plant.

These represent the "fetish" itself, which is recognized in many forms, as of lightning, a lion, hawk, crocodile, snake, tortoise or other animals, bird or reptile. Such "fetishes" guard and watch over the general welfare of the village and its inhabitants, and communicate with the latter through their priests. When offended these "fetishes" are propitiated by the sacrifice of sheep or goats and of black cats or dogs.

Every family has its own "fetish," usually a conical heap of clay with a small pot sunk in its apex. It is to be seen outside every compound, and is consulted on all matters, relating to the welfare of the family. Sacrifices are made to it by killing fowls over it and allowing their blood to run into the pot and over its support, the bird's feathers then being stuck on before the blood congeals. The "lightning fetish" is the most dreaded, and is universally invoked to avenge theft. No native would dream of attempting to steal a conflagration caused by lightning. The generation of ancestors also forms part of the native religious belief and their shades are consulted through the family fetishes.

Larabanga, in the Bole district, is a stronghold of Mohammedans, and it is the proud boast of the chief and imam that not a single pagan resides in the town. The imam carefully guards an ancient copy of the Koran, bound in several volumes, which is stated to have been the property of the Mohammedan founder of Larabanga, who came from Mecca, having left his Koran behind, after many days of prayer and fasting the Koran was miraculously restored to him at Larabanga, and has been revered by succeeding imams ever since.

## THE FALL WEATHER HARD ON LITTLE ONES

Canadian fall weather is extremely hard on little ones. One day it is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little one's well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## WHY LADY BARBERS ARE FEW

Most Girls Too Nervous and Break Down on First Face.

There are not many women barbers yet; but the pioneers of the business declare that if girls only knew the possibilities of the craft there would be more practicing it.

London (England) Daily Sketch learned from a lady barber in a West End establishment some of the advantages of the trade.

"It is one of the pleasantest jobs you can imagine," she said, "for it is both clean and healthy, while our patrons are as nice as can be. I had to put in a good deal of practice before I was proficient, but I never have the slightest tremor, even when I am shaving someone with a very stiff beard.

"I was trained in the city and my first lesson was scraping the lather from a bottle. When I was able to scrape the lather off without the razor squeaking on the glass I was put on to shaving 'dummy heads' so as to get an idea of what a human face was like to shave.

"When I had mastered this I was shown how to strop the razor and allowed to do my first real shave.

"My instructor submitted himself for this test and I felt rather nervous when I was lathering him. However, I got through the ordeal all right. A few weeks' more practice, and I was proficient.

"The reason that more girls do not go in for the work is that they are apt to suffer from nerves when they come to use a razor. I have known several who, though they were trained as I was, broke down when they came to deal with a job alone.

"A girl has a splendid chance of a remunerative position in this business. Customers soon become permanent patrons—in fact, I have several gentlemen customers who never go anywhere else and say that they would not be shaved by a man again.

"Our greatest difficulty is to get girl assistants. Often we have to take anyone who will come because the applicants are so few.

"It takes about six months to be trained, and after that a girl can make plenty of money.

"Hair-cutting is comparatively easy to learn, and if that were the only qualification needed for the business I daresay we should have many competitors."

Many a man gets to be conceited by thinking he isn't.

## Do You Feel Moody, Irritable, Depressed?

When That Languid, Laggard, Easily-Tired Feeling Comes, Your Liver is Slow.

Tells How to Cure Quickly.

"Even when I was young I was not robust and healthy like other girls. I suffered from headaches, and had sort of blue feelings that deprived me of the joyful spirits and pleasures other girls seemed to get. After I married I found I could not throw worries off like other women, and those full feelings of despondency and weariness made me very unhappy.

"There was no cause to feel so, and my doctor said my liver was sluggish, and this accounted for my poor color, my tiredness, languor and despair. The pills the doctor gave me were because they were too active for my constitution. Doctors of my friends recommended Dr. Hamilton's Pills, and they were so mild and helpful. Well, I never used a pill that acted so quickly. Dr. Hamilton's Pills were very comfortable. I was afraid they might not help. But in a week I knew they had been actively engaged in cleaning up my system. They did the work of a tonic and blood medicine combined. I improved to a marvelous degree with Dr. Hamilton's Pills, and I now maintain the most perfect kind of health by using them just once or twice a week."

It is Mrs. E. V. Brainerd, well known at Gloucester, who relates the above experience. She proved what you and all others, men and women, can prove. Dr. Hamilton's Pills are best for restoring health. They are for keeping the system in perfect running order. Don't be misled into using anything but Dr. Hamilton's Pills. A box, five for \$1.00, at all druggists and storekeepers, or post paid by the Catorrhoezo Co., Buffalo, N.Y., and Kingston, Canada.

## GROWS RECORD WHEAT CROP.

Postman Discovers New Grain of Remarkable Quality.

A romantic story of the discovery of a wonderful new wheat by a postman named Cook, at Buckden, near Huntingdon, England, has just come to light.

Three years ago Mr. Cook was walking through a wheatfield at Graveley, and among the myriad ears which were bowing in the wind he detected one which was different from all the rest he could see. He plucked it and took it home as a curiosity.

It was a large ear, of peculiar shape, thickening gradually toward the top, with an extraordinary number of grains.

The wheat was sown in Cook's garden and when harvest time came he had a wonderful crop. The seed was carefully flailed and stored and the second seeding took place on his allotment. He now had enough seed to sow nearly three acres.

Mr. Cook stated in an interview that he was persuaded that a better wheat was not known.

"'Essex Conqueror' and 'Little Joss' are supposed to be the champion wheats round here," he said, "but this entirely beats them.

"The characteristics of the wheat are developed wonderfully compared with other sorts. I have looked in the Gresham Encyclopaedia of Agriculture and I cannot find any type of wheat resembling this sort.

"The shape of the ear is different from any I know. It is longer and grows thick and fat at the top. It is sturdy in growth and is inclined to be a little later than other wheats."

## A WONDERFUL DISCOVERY

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. "Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning! Not one species of microbe has been found that Zam-Buk does not kill!

Then again, as soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this gain.

As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures so permanently.

Only the other day Mr. Marsh, of 101 Delorimer Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were it one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. To-day—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and use stamp (to pay return postage). Address Zam-Buk Co., Toronto.

## A Well-known Man.

Minard's Liment, Co. Limited. Dear Sirs—I can recommend your MINARD'S LIMENT for Rheumatism and Sprains, as I have used it for both with excellent results. Yours truly, T. B. LAVERS, S. John.

## It Rarely Happens.

"I never fail to help a brother in distress if I can do so as well as not."

"Have you helped anybody recently?"

"No. It beats the dickens how seldom one can give help as well as not."

## Try Murine Eye Remedy

If you have Red, Weak, Watery Eyes or Granulated Eyelids. Doesn't Smart—Soothes Eye Pain. Druggists Sell Murine Eye Remedy, Liquid, 25c, 50c. Murine Eye Salve in Aseptic Tubes, 25c, 50c. Eye Books Free by Mail. An Eye Tonic Good for All Eyes that Need Care. Murine Eye Remedy Co., Chicago.

The successful man never tells you what he is going to do next.

Minard's Liment Relieves Neuralgia.

A Use for Everything. Aspiring Vocalist—Professor, do you think I will ever be able to do anything with my voice?

Persevering Teacher—Well, it might come in handy in case of fire or shipwreck.

## DISFIGURED WITH ERUPTIONS ON FACE

Body Covered With Running Sores. Could Not Sleep from Itching and Pain. Cross and Fretful. Tried Fifty Remedies Without Result. Cured in Nine Days by Cuticura Soap and Ointment.

30 Champagne St., Montreal, Quebec.—"I have a five-year-old boy who was suffering from what the doctor said was 'eczema.' His body was all covered with running sores. The trouble started with pimples and opened up into sores. Of course scratching made it worse. The eruptions appeared on his face and disfigured him awfully. The boy could not sleep at night from the itching and pain, and I did not know what to do with him. It made him cross and fretful. If I have tried one, I have tried fifty remedies without result. At last I got samples of Cuticura Soap and Ointment, and after using them two days I noticed a change. I then bought a full-sized cake of Cuticura Soap and one box of Cuticura Ointment and I used to give the boy a hot bath daily using Cuticura Soap freely, and then applied the Cuticura Ointment. He had suffered three months with the horrible disease before I started to use the Cuticura Soap and Ointment, and nine days after he was cured and has not been troubled since." (Signed) E. Cloutier, Dec. 12, 1911.

Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. A single set is often sufficient. Liberal sample of each mailed free, with 25-p. skin Book. Address post card Potter Drug & Chem. Corp., Dept. 40D, Boston, U. S. A.

## CHURCH OPEN TWICE A YEAR.

English Traveler Visits Unknown Parts of Lapland.

Frank Hedges Butler, one of the greatest travelers of that much traveled body, the Royal Geographical Society, has just returned to London from a trip to almost unknown parts of Lapland. In the course of his journey he had two novel experiences—he attended a service in a church which is thrown open on only two days in the year.

Speaking of his trip Butler said: "I came upon a church in which the ordinary service is held once a year—at Easter. In July of each year a general wedding service is held and Lapp couples living within a 200 mile radius who wish to get spliced come to the service.

"I arrived at the church just in time to witness the affair. It was a picturesque ceremony. The brides (there were five of them) were attired in red, with red silk scarves and tassels, white shoes, and fur gaiters. The church was crowded, and in accordance with custom, accommodation was found at the end of the church for the reindeer who had borne the brides to the church, and also for their dogs."

## \$5,000 LIMERICK PRIZE.

The winning of it can't ease the pain of the corn, but 'Patnam's' will cure and prevent corns and warts. Guarantee goes with every bottle of 'Patnam's.' Use no other. 25c. at all dealers.

It Isn't His Fault.

Howell—Edison says that we sleep too much.

Powell—Well, it isn't his fault; he has invented enough things to keep us awake.

## Lumbago Cured

Thousands Still Suffering That Can Be Quickly Cured By "Nerviline."

The Case of Harold P. Bushy.

"Three years ago I discovered that a man subject to lumbago might just as well be dead as alive." These words of the plumber, straightforward letter of H. P. Bushy, a well-known man in the planning and tin-smithing business.

"One attack came after another, and lumbago got to be a chronic thing with me. I could scarcely get in a day's work before that killing cruel pain would attack my back. I used a gallon of liniments; not one of them seemed penetrating enough to get at the core of the pain. I read in the Montreal Witness about Nerviline, and got five bottles. It is a wonderful medicine—I could feel its soothing, pain-relieving action every time it was applied. When I got the disease under control with Nerviline, I built up my strength and fortified my blood by taking Perrozene at meals. This treatment cured me permanently, and I urge everyone to give up the thick, white, oily liniments they are using, and try an up-to-date, penetrating, pain-destroyer like Nerviline.

"Please publish my letter of the world over. I want all to hear of Nerviline. I built up my strength and fortified my blood by taking Perrozene at meals. This treatment cured me permanently, and I urge everyone to give up the thick, white, oily liniments they are using, and try an up-to-date, penetrating, pain-destroyer like Nerviline.

"Don't beajoled into receiving anything from your dealer but 'Nerviline.' Large family size bottles 50c. trial size 25c., all dealers, or The Catorrhoezo Co., Buffalo, N.Y., and Kingston, Canada.

## Just Her Husband.

A woman mounted the step of a car, carrying her umbrella like a reversed sabre.

The conductor touched her lightly, saying, "Excuse me, madam, but you are likely to put out the eye of the man behind you."

"He's my husband," she snapped, with the tone of full proprietorship.

## The Reason Why.

"Why do they say 'As smart as a steel trap'?" asked the talkative boarder. "I never could see anything particularly intellectual about a steel trap."

"A steel trap is called smart," explained the elderly person, in his sweetest voice, "because it knows exactly the right time to shut up."

Sanford—So you don't believe in judging a man by his clothes? Crabshaw—No, indeed! That's the way we judge a woman, and look how we get fooled!

**MINARD'S LIMENT**

FOR RHEUMATISM, NEURALGIA, BRUISES, BURNS, SANDS, STONES, AND ALL AFFECTIONS OF THE URINARY TRACT.

## OLD SAWS STILL KEPT SHARP.

Many Symbols Which Date Back to Far-back Times.

Every nation has its own beliefs and superstitions in regard to weddings. It is considered unlucky to be married in May. The ancient Romans believed May to be under the influence of spirits adverse to happy households. On the other hand, June was held to be the most propitious time of the year for weddings.

In medieval times, says the Detroit Free Press, superstitions in regard to weddings were rife, and people had recourse to a kind of love philtres, magical invocations and other follies which were supposed to bring luck to bride and bridegroom. Some of the superstitions of the Middle Ages were very curious. It was thought that ill-luck would dog the union of the married pair if the bridal party in going to church met a monk, a priest, a hare, a dog, a cat, lizard or serpent. On the other hand, it was considered very lucky to meet a wolf, a spider or a toad.

"Marry in Lent and you will live to repent," is a superstition which holds to this day. All penitential days throughout the year were considered unsuitable for wedding festivities. "If it rains on her wedding day the bride will weep all her married life," is a saying that is still believed in. It is also considered unlucky for the bride to try on the wedding gown before the ceremony. Three times a bridesmaid, never a bride, is another well-known saw, and one seldom finds a bridesmaid more than twice. It is considered unlucky for bride and bridegroom to have the same initials. "To change the name and not the letter is a change for the worse and not for the better."

In Sweden the bridegroom has a great fear of trolls and spirits, and as an antidote against their power he sews into his clothes various strong-smelling herbs, such as garlic and rosemary. It is customary to fill the bride's pocket with bread, which she gives to the poor she meets on the way to the church, and so averts misfortune with the alms she bestows. On their return from the church the bride and bridegroom visit their cow house and farms that the cattle may thrive and multiply.

The wedding ring as a symbol also dates to far-back times, probably having its origin in the days of Tubal Cain. It was at one time customary for marriage rings to be worn by both sexes, and this custom is largely followed on the continent to-day. Our ancestors put the ring on the left hand because they found it more convenient, and they chose the fourth finger because it is less used than the rest, and more capable of preserving the ring from damage.

It is hard to determine the origin of the idea that a shoe string brings bad luck, but it is reminiscent of the time when a woman was practically sold to her husband. In older times Jews confirmed a sale by giving a sandal to their customers.

St. Lawrence Sugar Refineries, Limited, Montreal.

## SUN WILL ABSORB WORLD.

Savant Thinks New Solar System Will Be Created.

The whole of the present solar system is ultimately to fall into the sun, causing an explosion that may result in a new solar system. Such is the theory put forward in the Weekly Journal of Natural Science by Prof. Philip Fauth, a well-known British astronomer, whose reputation has rested principally upon his researches into conditions on the moon.

The novel feature of Dr. Fauth's theory is that it is based upon the supposition that a great part of the known solar system, including especially the planets Jupiter, Uranus and Saturn, are not composed of mineral matter at all, but are tremendous masses of ice, or balls of ice, surrounding a mineral kernel. Furthermore, he declares, a part of what is now known as the Milky Way is not mineral or gaseous, but "a ring of ice dust," masses of particles of ice suspended in space, the outer planets receiving a constant addition to their ice mass from this source.

Prof. Fauth declares that the world already at some remote period has had a similar experience, resulting in the death of nearly all animate nature and that all species of life as we know it have arisen since then. Eventually the planets swinging through their narrowing orbits will fall into the sun, causing a new explosion and perhaps the birth of a new solar system, but for thousands of years before that time all life, either on earth or elsewhere, will have disappeared.

## Why He Needed It.

Small Arthur—"Mamma, I hurt my finger. Please tie a rag on it."

Mamma (after an examination)—"It isn't injured enough to need tying up, dear."

Small Arthur—"Well, tie a rag on it, anyway, so I won't forget which finger it is that hurts."
