A \$50 QUILT.—The Ladies' Guild of the Anglican Church have been busy during the past weeks in getting names for an autograph quilt. They have been successful in securing 115 names and at 10 cents per name, the reader himself can figure on the value of the covering. It was on exhibition at the bazaar last week.
The 11 Durham students who have been attending the Model School in Hanover, returned home last week, having finished their final exams on Friday. The daily papers are now being eagerly watched for, as the results will soon be out. Many of the students have already applied for schools.
We are in receipt of a Winnipeg paper which contained an account of a double wedding when Misses Ethel and Villa Burgess, of Southampton, and relatives of Mr. John Burgess and Mrs. John Graham of town, were the winsome brides. The ceremony took place on Nov. 18. Miss Ethel married a Mr. D. P. Glennis, a Toronto boy, but now a station agent at St. Laurant, Man., and her sister to a Mr. Campbell, a train conductor living at Wilkie, Sask.
No word has as yet been received from the Department of Justice at Ottawa whether the petition circulated in this town, petitioning a reduction of the seven months sentence served to Arthur Brooks has been considered or not. It is stated by those who are in a position to know, that it is improbable that any action will be taken by the Minister at Ottawa towards a shorter term. In the main, his sentence is short and more than two months have already passed. Brooks will probably have to spend the winter season in the Central.
FINED \$100 AND COSTS.—A few weeks ago it will be remembered that License Inspectors Allan and Beckett had an all night waiting session in the sitting room of the Middaugh House, as they were unable to gain admission to the bar. During that interim, the inspectors also instituted a search in the cellar where some kegs containing local option beer were kept. These were tapped and samples of the contents were sent to Toronto for analysis and were found to be over-proof to a small extent. For being unable to gain admission to the bar on that visit, a fine of \$100 was paid and on Friday last Mr. Nichol, the proprietor, appeared before Magistrate Telford and was assessed another \$100 plus the costs of court for having beer that was too strong. Mr. Nichol claimed that when the beer arrived it was all right but it had fermented with time. The kegs containing the over-proof were seized and emptied out.

KEARNS HIMSELF TO BLAME.—The inquest which met at Harriston last Friday to inquire into the death of Norman T. Kearns, the young telephone lineman who was killed the previous Monday, rendered a verdict holding Kearns to blame for his own death, declaring that he had neglected proper caution while at work or the accident would have been avoided.
While driving to his home near Traverston on Saturday week near A. McClocklin's on the 2nd of Glenelg Mr. Graham Timmons' team became frightened and tore north to Jos Atkinson's where they broke loose from the wagon and one horse collided with a telephone post. A Rousing Convention leads to the formation of a strong Sunday School Union in South Grey.

"O ye of little faith" might well describe the attitude of the committee who made preparations for the really great convention of Friday last. In trying to estimate the probable attendance it was thought 75 or 80 would be the limit but over 100 delegates were in attendance and the Register showed 150 names.
It was a fine day, in weather, wisdom and work. The workers came in a receptive mood, but were also willing to give ideas for the general good; the music was excellent, the speaking was brilliant and Provincial Secy. Halpenny is a host in himself.
The Convention was a result of action taken at the recent meeting of the Provincial S. S. Association in Owen Sound. Those present at that meeting from South Grey appointed Mr. John Graham, Provisional President and Rev. Mr. Prudham, Secretary, and both were indefatigable in the preparatory work of the Convention.
The great work accomplished was the formation for the first time of an Association of S. S. workers covering the municipalities of Bentinck, Egremont, Glenelg, Normanby, Durham, Hanover and Neustadt. A constitution for this body was adopted, officers appointed and it is now a "going concern" affiliated with the Provincial body and through it with the World Society of Sunday School workers. Moreover, three local organizations were formed, each with set of officers, Hanover and Bentinck forming one group, Glenelg and Durham another and Normanby and Neustadt a third. Egremont for fourteen years has had a live township association and is thus already in line.
The idea underlying this co-operation and union is to get a broader vision of the work of the Sabbath school. For long it has been moving in a narrow groove, localized entirely, with no outlook on the Sabbath School possibilities of the country and the world and thus the aim of this activity is to give to the lowliest worker the sentiment in our heading "The Kingdom Vision."
Rev. W. H. Hartley presided at the morning session and opened with devotional exercises. Five minute addresses were given on Scholars' Attendance, Giving, Home Study, Attention, and on Teachers' personal work. Mrs. John Marshall, Normanby, read a paper on Scholars' giving, which evoked much discussion, while that of R. T. Edwards on Attention was a lucid and valuable contribution and well fitted to give encouragement to desponding teachers.
Mr. R. M. Tribe, Holstein, spoke on "Home Department" and made clear the immense importance of the Sunday school impressing itself on the home by visitation, literature, &c., especially in homes prevented by sickness or otherwise from benefiting by the regular exercises.
THE AFTERNOON
Pres. Graham took the chair himself and after congratulatory remarks on the large attendance asked Rev. Mr. Yaeger to open with prayer. Inspector Campbell was down to give the address of welcome but could not be present, so this duty was laid upon Mr. C. Ramage. Rev. Hyde, of Blawhead, gave a report on Provincial Sunday School effort, more especially the recent O. Sound Convention and dwelling on the motto "Get the Kingdom Vision."
Rev. E. W. Halpenny, Provincial Secretary, followed with the subject "Adult Bible Class" and threw into this as into all his talks a wealth of instruction, pleasantly given and pressed home insistently. A 19th century idea was that the S. S. was only for children women and weak-minded men "The glory of the 19th century was the disgrace of the 20th." Then it was only intermittent evangelism and effort, while the great need was for continuous effort to keep the young students even after Sunday School days were done.

Edward Boyce Injured.

While at work in the Furniture Co.'s yards Wednesday morning about 7.30 o'clock, Mr. Edward Boyce, who drives a one-horse delivery wagon for the company, was thrown from the rig and sustained a fracture in the skull bone and several cuts about the head. He is at present in Dr. Jamieson's private hospital in upper town, where his condition is serious, but with chances of recovery strongly in his favor.
Mr. Boyce, a man about 75 years old, himself thinks that his horse slipped when he was driving close alongside a lumber pile. The action jarred the wagon and he was thrown out, crushing his head severely between the wagon and the lumber. Upon the arrival of Dr. D. B. Jamieson, who was sent for, he was taken to Dr. McLaughlin's and was able to walk into the house unaided. Here about an inch of the skull bone which was protruding was removed and at present he is in a rational mood despite the usual seriousness of such an accident. If complications do not set in, it is expected that within a few days' time he will be able to go out to his son Harvey's in Bentinck to recuperate. Mr. Boyce boarded at the home of Mr. John McFadden, Bruce street.

To Retain Mr. Telford

Official acknowledgement from the Attorney General's office in Toronto, has been received by the parties in town who circulated the petitions in favor of retaining the services of Mr. J. P. Telford as police magistrate here and the letters from the department state that due consideration will be given the request of the petitioners.
The petitions, which were recently circulated and then sent to Toronto, is the outcome of a movement started by business men and conservatives in town in opposition to the action of the advocates of temperance, some of whom wished to have Mr. Telford removed from office while others wished a full investigation before such a step was taken. Alleged leniency in court cases originated the temperance grievance.
The conservative petition was presented to 50 men of representative standing in the party ranks and 48 signed it. Of 45 business men who were asked to sign the second paper, 43 did so.
Mr. Telford must feel a measure of gratification at the almost unanimous support of many representative citizens. He himself wished a full investigation before a decisive step was taken in the matter. This is now assured. The view taken by the recent petitioners was that Mr. Telford was the most capable official in sight and in any case choosing a suitable successor would be a difficult task.

The By-Law.

We have been favored with a reading of the report of Inspector Wetherill of his recent visit to Durham High School and it furnishes arguments enough to satisfy anyone that Durham's urgent necessity at present is a new High School building for which the By-Law now before the Corporation is intended to provide. He says "Where the High and Public Schools have the joint use of any accommodations, the grading has to be one degree lower than if the schools were wholly separate. There is no use in making adverse comments on the very defective accommodations of this High School in view of the vote to be taken soon.
It is the aim and ambition of every Principal and every School Board and should be of every town to have their school an "Approved School." It gives it a standing and prestige that brings its rewards in many ways financial and educational. On that point Dr. Wetherill says "With the present very defective accommodations, the question of an "Approved School" grant cannot be considered."
And thus Durham loses year by year. We earnestly hope for the honor of our town, that the character of the reports of Inspectors for years past will soon take on a different tone and we will have the satisfaction of seeing our town equipped educationally in line with modern progress. Standing still is not possible; it is either forward or back.
