

PRICEVILLE AND VICINITY

Many people are anxious at this season to know the **Best Exterminator** for Vermin and Disease germs in stables, poultry houses, etc., that will cost but a few cents.

Here it is: Equal parts of Corrosive Sublimite and Sodium Chloride dissolved in one gallon of hot water. When dissolved add water to make 25 gallons. Spray every nook and crevice with leaver two days then give a thorough coat of whitewash.

The correct proportions will gladly be supplied by calling at **THE QUALITY PHARMACY** PRICEVILLE, ONT

NOTICE

As we have purchased the Priceville Mill Property, we expect to be prepared to saw lumber by mid-summer, saw shingles and chip grain later on. We regret that we cannot accommodate you sooner, but owing to large contracts of sawing taken previous to purchase, we do not expect to be able. However, we will be at your service soon as possible and assure you that we will install up-to-date machinery and guarantee best-class work. Customers are invited to lease their logs and shingle timber on mill property. We will take logs or shingle timber for sawing and allow market price for same.

Yours respectfully,
GEO. A. WATSON & SON

AROUND THE VILLAGE

Don McKechnie (son of the late Donald McKechnie and Mary Graham) is being buried to-day. He died in Western Hospital, Toronto, after a lingering illness.

Mr. Hugh McKinnon, Biswood, Man., called on friends here Saturday.

Messrs Jack McKinnon and Ernest Lane have returned to their respective

homes at Bassano and Calgary, Alta., after a month's visit here.

The schoolhouse has been deepening cold this week—one would wish to see it comfortable when so many little children come a distance to spend the day there.

Mr. Donald McKinnon was home over the week end and left a good supply of wood ready for the stove. This keeps his father from any anxiety on account of it.

Little boarders have arrived at the homes of Alex McEachern, South Line, Glenelg and at Mr. Alex Carson's, North Line and at Dan McArthur's, Glen.

OUTSIDE OF PRICEVILLE

The storms of February are an indication that we are not going to have spring for some time yet. Friday, Saturday and Sunday were dealers and snow is piled on some of the cross roads to an enormous depth but the roads running east and west are fairly good. Those whose duty calls them to tramp part of the County Grey will find that it is not an easy matter to keep time to the tune of "Tramp, tramp, tramp, the boys are marching." Visitors abroad will find it not so pleasant to be away from home when caught in a blizzard such as we have experienced the past few days. New arrivals coming into the world will find that this is a cold and dreary world to come to, especially in the month of February.

The Rev. Mr. Matheson and Elder Thos. Nichol attended the induction of the Rev. Mr. Kendell at Dundalk on Thursday, the 5th inst.

John Nichol is drawing logs from Duncan McDonald's bush during the last week.

David Nichol sold two cows to some of the buyers at Durham for the sum of \$152.00. Cannot expect better to be cheap.

Dan McMillan, Scotchtown, sold a cow the same time for \$84.00.

N. H. McNeil had Mrs. McLachlan's place, lots 43 & 44, Durham Road, Glenelg, for a term of years.

Mr. McArthur, a native of Bruce, now out of the North West, visited at Duncan McDonald's lately on his way to the West.

Mrs. McMannis writing from Rivers, Manitoba, dated a week ago, said they were beginning to get zero weather there now after a fine winter far.

The old fashioned socials which were common in the time of our great grandfathers in the highlands of Scotland, are to a certain extent being revived in this place this winter.

The storms of the last few days are hard on mail carriers, but an attempt must be made to go their rounds.

but not necessary to put themselves to danger of being frozen.

This Monday, the 9th Feb., is blowing yet and we were just going out to town to attend the funeral of a young man, Dan McKechnie, brother of H. A. McKechnie, of this town. His remains came up from Toronto on Saturday night, where he died in the hospital of typhoid fever. He was about 45 years of age, born at Balsam Valley, township of Egremont. His father, the late Donald McKechnie, died 20 years ago and his mother died 3 years this winter. She was a sister of the late Donald Graham. The Priceville branch office will give the particulars of the funeral.

HOPEVILLE

Winter at last with three days severe storm on the roads.

Miss Mary Kiddell, Alwood, is a visitor with her grandparents.

Mr. Richard Hall received the news by telegram Thursday a. m. of the death of his sister Sarah at Orillia. The corpse was brought home on the noon train Saturday and interment to Salem Cemetery that afternoon, Rev. Kendell officiating.

Mr. Chas. McColl, Toronto, was a caller in our burg Saturday.

Study your Soil.

It would be well for every farmer to try the different fertilizers on his own farm and then he would be able to find out what element was lacking in his soil to produce the largest and best crops." said Mr. B. Leslie Emslie at the meeting of the Glenelg Centre Farmer's Club on Feb. 3rd last. While he did not condemn the ready mixed fertilizers he stated that it would be much cheaper for the farmer to buy the different ingredients and mix the fertilizer himself. In this way he would not be buying fertilizer that he did not need. For example nearly every farmer can get all the nitrogen he needs by growing clover and therefore will not need to buy the nitrogen at 30 cents per pound. The phosphate cost about 5 cents per pound and the potash about 4 cents per pound. By applying these prices to the analysis of the fertilizers which are sold ready mixed, one is able to value the fertilizer properly. It is best to apply the fertilizers to the root and loam crops, as there is always a certain amount of these fertilizers left in the soil for the following crops.

Mr. Emslie's address was illustrated by lantern views. These views showed the potash mines in Germany and the refining of the crude salts for use as fertilizers. They also showed the nitrate of soda mines in South America and the refining of these salts. As a favor Mr. Emslie showed some views which he had made himself from photos he had taken in the old land and in the Rocky Mountains. The effect of the fertilizers on the different crops was plainly seen in some of the views.

It was one of the largest crowds ever present at the Township Hall and these present were well pleased with the program. Songs were sung by Mr. Geo. Binnie and the President. At the next meeting addresses will be delivered by Jno. O'Neill and Ross Perdy, the latter giving an account of the Short Course at the Ontario Agricultural College.

Address and Presentation

We mentioned last week the recognition to Mrs. David McAuliffe. Following is the address presented to her and her reply:

Dear Mrs. McAuliffe,—

The members of St. Patrick's Choir have gathered here this evening to spend an hour with you and take this opportunity of thanking you for the valuable service you have rendered us as organist. We know that it costs you no small amount of trouble and inconvenience to fill this position but you have always done it cheerfully and with a good spirit. Consequently we wish to show our appreciation of your services and ask you to accept this mull, cross and chain, also this silver tea pot and set of silver spoons, not for their monetary value but as something for remembrance and as significant of the esteem in which you are held by the choir.

Margaret McAuliffe, Irene McPhee

My Dear Friends,—

With a heart truly grateful, I sincerely thank you one and all for the beautiful presents and the kind address which you have given me this evening of which I feel so unworthy. My prayer shall be that God may open for each one of you the golden gates of Paradise to admit you all into eternal bliss.

Mrs. David McAuliffe

OUR SPRING PRINTS ARE IN and are a thing of beauty

We have a large range to select from and prices are moderate as well. An early call is your advantage.

DROMORE

The Box Social held in Russell Hall Friday evening under the auspices of the Dromore Social Club, though unfavorable weather prevailed, was a decided success. Mr. Jno. Marsh of Holstein was present and delighted the audience with such numbers as "Afton Water," "Scots wha hae," "British to the Core," etc., all of which were heartily received and replied to. This is the second appearance of Mr. Marsh before a Dromore audience and we can assure him of a hearty appreciation at any future date.

Solos, duets and recitations were given by the Misses Henderson of Priceville in a very pleasing and acceptable manner. The Swinton Park orchestra were unable to be present as expected but pleasing instrumentalists were supplied by Miss Louise Ramage and Messrs Geo. Bartley and Alex. Hay. The choir also gave the opening number. Dr. Sneath ably filled the position of chairman and in his address pointed out that the social side of man's nature required development along with the physical, intellectual and religious and that by the formation of such a club as we have here, country life is more attractive to the young people and tends to develop our social and intellectual nature.

The latter part of the program consisted in the sale of the boxes which were sold at a very moderate price by Mr. D. McNeil.

The proceeds of the evening amounted to \$46.00 after the deducting of expenses, will go towards purchasing an organ for the club.

Mr. Alex. Hildebrandt, Durham, visited with his friend Mr. Edgar Renwick over the week end.

Mr. Alex. Renwick after a two months visit at his home here left for the West on Tuesday last.

Mr. and Mrs. Shaw made a brief call on friends here on Friday before leaving for their new home, Webb, Sask.

Miss J. Aldcorn, Durham, spent the week end with Miss Mary Findlay.

At the close of the preparatory service held in Amos Church, Jan. 30 the congregation made the following presentations: On behalf of the W. M. S., Mrs. Jno. Renton read the address and Mrs. Hunter Sr. presented Mrs. Kendell with a life membership certificate in the W. M. Society, and on behalf of the congregation Mr. Jno. Findlay read an address and presented Mr. Kendell with a handsome leather grain club bag. Several spoke in appreciative terms of Mr. Kendell's work here and regret at his departure. Mr. Kendell replied, thanking all on behalf of himself and Mrs. Kendell for their kindnesses. Following are the addresses:

Dear Mr. Kendell,—

It is with a feeling of deep regret we have learned that you are about to sever your connection with our congregation and we do not like to let the occasion pass without trying in some way to show our appreciation of the work you have done here during the past year. The sorrow we feel at the breaking of those ties that have bound us together as pastor and people.

It is now seven years since you took up the work here as minister of this congregation and during that time you have not spared yourself in any way in promoting the interests of the church and the welfare of the people. You have been a true Shepherd to your flock, sharing with them both their joys and their sorrows. In their times of grief their sorrow has been lightened by your loving sympathy and counsel and you have greatly added to their joy in times of gladness by your participation in all their innocent pleasures.

We ask you to accept this club bag as a memento from the congregation as a slight token of their appreciation of your work among them. We wish for you every success and happiness in your new field of work and hope you will find as many warm friends in your new pastorate as you are leaving in your old.

Signed on behalf of the congregation,
Robt. Renwick, John Findlay, Wm. Ramage

Dear Mrs. Kendell,—

We, the members and Scattered Members of Amos Auxiliary, realizing very much to our regret that you are about to be separated from us would like to express the esteem we have for yourself, also our appreciation of your services so beneficial to us and so cheerfully given. As a member and especially as president of our Society we realize that you made many sacrifices on our behalf. Your zeal has stirred us to greater efforts in our Master's service. Our intercourse for the many years has been most happy, which speaks highly of your Christian forbearance towards us, as we must have tried your patience many times. We are pleased that it has been from no lack of harmony between us that has led to our separation and that you will still be our near neighbor. It is our wish to convey to you some token that will keep fresh memories of pleasant hours spent together. Kindly accept this certificate of Life Membership in the Women's Missionary Society which gives us great pleasure to present to you and our prayer is that your spe-

cial gifts and experience may be as well or better appreciated wherever your lot may be cast and that the Master's blessing may always rest upon you. Signed on behalf of the Society,
Mrs. Lothian, Hon. Pres.

Mrs. J. Renton, 1st Vice Pres.
Mrs. Garson, 2nd Vice Pres.
Mrs. Findlay, Secretary
Mrs. Atchison, Treasurer
Mrs. Hastie, H. M. Secy
Miss Snell, S. H. Secy

Flour that is essential but—it is not your work!

Flour varies from time to time in baking quality. This is because wheat continually varies according to soil conditions, etc.

Therefore, if baking results are to be constantly high, baking tests are essential. It is unreasonable to expect you to make these tests at your expense.

So from each shipment of wheat delivered at our mills we take a ten pound sample. This is ground into flour. If this bread is high in quality and large in quantity, we use the shipment. Otherwise we sell it.

By simply asking for **FLOUR** bearing this name you can always be sure of more bread and better bread.

"More Bread and Better Bread" and "Better Pastry Too" 523

PURITY

Your Chance for a New Overcoat

\$12 Overcoats, \$9.00
10 Overcoats, 7.00

These are all new goods bought this fall made by one of the best makers in Canada. If you require an Overcoat, give us a call. Only a few left.
