WANTED—By April 1st, good man for general farm work. T. H. BINSIE, Price, R. R. No. 2.

Formalin for prevention of Smut? Use only the best at Macfarlane's Drug Store.

Mr. Robt. Renwick, Drumore, has had a fine upright Bell piano placed in his home by Agent McFadden.

The run of maple sap this Spring is said to be of a very satisfactory nature. Mr. Mark Willis, of Allan Park, secured 95 large bushels of sap from 100 trees, in one day last week.

Anyone thinking of placing a monument at this time, or having inscription work done, should call at W. J. McFadden's and consult him before placing an order. He has given good satisfaction and can supply what you desire in this line on very reasonable terms.

SCHOOLS CLOSED.—Two Bentinck schools, those at Hutton Hill and Mullock, are closed till after Easter, owing to cases of contagious diseases, scarlet fever and diphtheria in the sections. The teachers, Misses Hazel Willis and Agnes Ramage, are having an extended vacation at their homes in Allan Park and Durham.

Next Sunday evening, Mardig Kruger Dyer, a native of Turkey, will preach in the Methodist Church. He is a graduate of Euphrates Wesleyan College, of Harport, Armenia, is an excellent speaker, and will discuss conditions of Turkey and Armenia.

The Durham Branch Women's Institute will meet at the home of Mrs. Jos. A. Brown on Thurs. April 2, at 2:30 p. m. Mrs. J. McGowan will speak on "Bread-making" and Mrs. J. S. McKeith on "Treatment of House Plants, Shrubs and Bulbs." Each member is asked to answer Roll Call by a quotation from a favorite author. All ladies are welcome.

NEW CARS HERE.—The first shipment of Ford cars here this season was received last week by James Smith, who has the agency for Durham and surrounding country, and will conduct a garage at the foundry. Mr. J. D. Abraham has purchased a car and there are two or three other citizens whom dance humor announces, will probably be "in the running" this summer.

A young lad employed in the Furniture factory, frequently purchased candies in some form at noon hour, and about as frequently was beset by some of his fellow-workers and deprived of his sweets. Last week he "evaded" by buying some chocolates, he "doctored" them with red pepper and on losing possession, he had the happy satisfaction of witnessing the very grimaces and strong language of their devourers.

Those who had the privilege of knowing Mrs. W. E. Brooker, of Cleveland, formerly of Durham, will regret to hear of her death which occurred Wednesday last, after a long illness. She was a public spirited woman in the best sense of the word and her sunny optimism and loving disposition will be missed and cherished by her family as well as others. She leaves to mourn her husband and three children, Earnest, Rosalie and Winnifred, who are all in good positions. The funeral was held Friday at Lakewood cemetery there.

The Ladies' Aid of the Presbyterian Church have nicely painted, papered, carpeted and furnished the vestry of the church, re-covered the raised doors each side of the pulpit and have bought a new pulpit and settee for the minister, besides carpeting the platform. They purpose holding a series of teas and sewing circles throughout the summer, with a bazaar in view towards the end of the year. Great credit is due them for their energetic efforts on behalf of the church.

IMPROVING THE WAREHOUSES.—Agent W. J. McFadden is purposing making a decided change on the appearance of his warehouses. The building is being re-painted, enlargement made by removing partitions, etc., and a new roof laid. During the past few weeks he has placed some fine pianos and organs of several different makes in many homes in town and the surrounding townships. He will be pleased at any time to have you visit the showroom and inspect the instruments on exhibition, even though you are not now considering purchasing.

Rev. Mr. Thynne, Toronto, occupied the Presbyterian pulpit on Sunday last and being the first speaker since the definite acceptance of the pastorate by Rev. Mr. Whaley, made the official announcement. He took occasion to say that from an intimate acquaintance with Mr. Whaley, formed while the latter was one of his "boys" in a former charge, the congregation had made a wise choice. Mr. Whaley was not only an able preacher and faithful pastor, he was a cultured gentleman of sympathetic nature, and his presence a benediction in a sick room. Mr. Thynne gave two able discourses and intends to be at the induction services on Wednesday, 15th April.

The Roll Call.

ALEX SMITH, Sr.

Tuesday evening of last week there passed away at the home of his son of the same name, 2nd con., Normanby, Alex Smith, one of the pioneers of the district and perhaps the father of the district as to age, being at the time of his death in his 83rd year. Of a sturdy, independent spirit, he clung to a house of his own, but near to his son's who, with his family, gave him all needed care. The Sunday previous, it is supposed by a stroke, he had fallen and was found by his grandchildren and help at once secured. He was removed to his son's home, one arm was broken at the wrist and this and the shock to a man of his years proved fatal.

Mr. Smith was a native of Aberdeen, Scotland, coming here in youth and early took up land on the 15th Con. of Normanby, where the best part of his life was spent. His wife, who was a daughter of the late Mr. and Mrs. Backus, predeceased him many years. Their family consisted of two sons, John in the west and Alexander on lot 14, Con. 2, Normanby, and one daughter, Mrs. Collet, who died a number of years ago, leaving one child.

Deceased was a member of the Presbyterian church, Liberal in politics, though never an active participant. He was one of the most genial of men, and his memory will long be cherished by many besides the circle of mourners. He took an intense delight in angling and few or none could excel him in this kind of sport. He was in ured on Thursday in Durham cemetery, where his wife lies, amid many tokens of respect. Rev. Dr. Marsh, Holstein, conducted the mortuary services.

MRS. FRED NOBLE

Death almost always calls forth sorrow and regrets, but particularly distressing it is when wife and mother is taken and that suddenly, leaving behind six young children and a sorrowing husband. Such was the death of Mrs. Fred Noble of the 2nd con., Egrement, on Friday last, after only a few days' illness, resulting from blood poisoning and ending with pneumonia. Her husband is a member of the well-known Noble family, she was formerly resident in Muskoka, where relatives still live. She was a member of the Anglican communion and her pastor, Rev. Mr. Hartley, conducted appropriate services on Sunday last, when a very large and sympathetic company expressed by their presence their sympathy for the sorrowing husband and family in their bereavement. Interment took place to Durham cemetery.

JOHN TORRY

We regret very much indeed to chronicle the death of John Torry, who died on Thursday, the 26th inst. He had been in ill health for about two years and in his weakened condition, pneumonia set in and hastened the end. The deceased was born in Bentinck 43 years ago and was a carpenter by trade. 11 years ago he was married to Miss M. Johnston at Warrton. Of the three children resulting from the union, one is living, Edith, a little girl. Besides his wife and little daughter, he leaves to mourn his loss, an aged mother, two brothers and two sisters, William and Clark and Sarah. Mrs. Fred Roy, all of Bentinck, and Martha, of town. Mrs. John Roy who met a fatal accident by a C. P. R. train about five months ago, was also a sister.

The remains were laid to rest in the Durham cemetery on Sunday last at 2 p. m. and were followed by a large concourse of sorrowing relatives and friends. The services at the house and grave were conducted by his pastor, Rev. Mr. Prudden, Methodist minister. He was buried under the auster. Friends from a distance were his father-in-law and mother-in-law, Mr. and Mrs. Johnson and sister-in-law, Mrs. Chas. Winningburg, all of Southampton and Mr. J. Johnson, brother-in-law, from Berlin.

SAFETY.—The ice on the Saugeen has moved off safely this year and the swollen river has kept within bounds. No damage to dams and bridges is now anticipated which enables us to draw a municipal sigh of relief.

GOOD ROUTE FOR RADIAL RAILWAY.

Over 1500 delegates from a large number of Ontario municipalities endorsed the Ottawa government last week and led by Hon. Adam Beck, made a strong plea for Dominion aid to the extent of \$600 per mile for radial railways in Ontario under the Hydro-Electric Commission. Dr. Smith, Dornoch and Chas. Mortley, Glenelg, represented their townships and had the satisfaction of finding out that the route this way is much in favor. We hope to see the surveyors on soon.

The Sporting Situation

To-night a meeting of baseball enthusiasts is called to organize for the coming season, and in all probability a team will again be entered in the Saugeen League. Last summer in many of the games, untried players were utilized to complete the team, while possibly men of more latent ability, baselically speaking were overlooked. To overcome this experience and ensure having the nine best men to represent the town, a local league should be organized as well, with say teams representing the Furniture Factory, Cement, Town, and possibly another. All would then have a thorough trial and a line could be secured on choosing material for the Saugeen League representatives.

Lacrosse, which apparently is taking on new life throughout the province appears dormant here. It is possible a junior team may get together later, but no stir is as yet evident. Hanover has entered junior and intermediate teams and a school league of eight teams.

Lawn bowling is making rapid strides in town among those looking for a milder form of sport and amusement. The coming summer will see the local green busiest in its history, and the membership may climb to 40 or over. The bowlers intend to organize soon.

No other sports will engross the attention of Durhamites this summer, it is expected, though were there a suitable public court, lawn tennis would find a number of devotees.

Sporting goods of all kinds at Macfarlane's Drug Store.

Mr. W. J. McFadden intends brick his new residence on Bruce Street with the pressed red brick from Milton and has the material already on hand. Mr. McFadden through his real estate dealings and making aesthetic changes, has done much to improve the appearance of this part of the town.

The quarterly social of the Adult Bible Class of Latona Presbyterian Church will be held on the evening of Friday, the 3rd of April. Lantern slides on "Ben Hur" will be shown.

The Women's Institute Social passed off splendidly last Friday night. An excellent program, all rendered by local talent, was given. The outstanding feature of it was a dialogue entitled "Pumpkin Ridge" which reflects great credit upon those taking part in it.

A meeting was held in the Dornoch hall on Saturday night to elect representatives from the different townships to meet the Hon. Adam Beck at a meeting in Toronto on Tuesday, concerning the Electric Railway. Dr. Smith was elected to represent Bentinck section and Charles Mortley the Glenelg.

Miss Lydia Boldt, who for the past year has been working in our local store, has returned to her home in Williamsford.

Why Go to Church?

A Contest won by a Normanby Boy

A prize of \$10 was offered by the Detroit Tribune for the ten best reasons why one should go to church. Fifty contestants sent in lists and first prize was awarded to Mr. J. Wilfrid Watson, son of Jas. Watson of Normanby, and now manager of the Ellis Engine Co. We heartily congratulate our old pupil who midst a busy business life, and a successful life, thinks also of higher things. Here are his reasons:

1. It is the best known antidote for business anxiety and is therefore a good business asset.
2. The modern church provides intellectual as well as spiritual food; many churches also make provision for physical development.
3. It is inspirational. The uplift received in Divine worship gives proper perspective to life's important things; we see "First things first."
4. It is an excellent example to set for the rising generation.
5. The church is the only institution devoted to regular public worship.
6. The church is the one nursery of all philanthropic work; it should be supported and encouraged accordingly.
7. It affords opportunity for sane normal fellowship with congenial souls.
