I had to take a rough towel and rub it until the blood would come sometimes. Many a night I had to sit up in bed and rub them and sometimes that didn't satisfy. I had to scratch with my Angers and the next morning I would find a big piece of skin which I had taken off. This winter I had sores on one of my hands. I thought they were ulcers. They pained and burned. They started just like a little jump and would be hard and sore and after that there would be a big bunch of pus and when that would be out it would leave an opening almost as big as haif a five-cent piece. I couldn't rest or sleep with the pain and the burning sensation. The ulcer I had on my finger this winter was still worse.
