## HOW TO GROW TOPICS

One-half carload of good seed potatoes at Hogg's Grocery Store.  
Fred A. Lewis, piano tuner, expects to be in Durham about the middle of May.

We are prepared to supply a limited number of customers with ice for the summer months. Prices and delivery on application. Phone 58. F. J. WELSH

WANTED.—One or two or three settings, green or turkey eggs. Highest prices paid.  
A. G. H. LUXTON,  
No. Forest, Ont.

The Doric Portland Cement Co. of Owen Sound, through in the hands of an assignee, started up a few days ago. The assignee is bearing the expense until the process of organizing a new company is completed, when it will be taken over.

SERVICES AT MULOCK.—The Baptist congregation and friends at Mulock wish to tender to Rev. Mr. Langton of Chesley, their appreciation of the splendid services he conducted there last Sunday. Next Sabbath, May 3, Rev. P. K. Dayfoot, Supt. of Baptist Sunday Schools in Ontario and Quebec, will conduct two services at Mulock at 12 noon and 7.30 p. m.

A TIP FOR ANGLERS.—Now that the fishing season is at hand a new labor-saving device for gathering fish worms is timely: You take a broom handle three and a half feet long, drive it into a spot likely to be inhabited by angle worms, leaving an end sticking up about six inches. Then take a rough board and rub it over the top of the broom handle. This rubbing will cause a vibration of the ground and the worms, angry and disturbed all work their way out of the ground. A flow can get a paillol in a short time.

THE LACROSSE OUTLOOK.—In the preliminary draft of groups in the O. A. L. A., Durham is given opportunity to enter Intermediate, Juvenile or Junior series in District No. 1. There will be no Intermediate or Juvenile teams and rather slim prospects for a Junior, in which series they are grouped with Hanover and Owen Sound. A number of the local boys hunted up sticks and field an initial practice Monday night, but it is doubtful if a team will be entered. Lack of consistent practice and a feeling of indifference to the game after Secy.-Referee Doyle's work in Orangeville last Sept., are two factors tending to produce a lacrosse apathy in town.

Mr. Tom Henderson, who moved to Dundalk recently, is one of the whitest men we know. Before retiring from farming a couple of months ago he held a question sale of stock and implements and Bert Osland, of the gravel road, purchased one of the cows. About six weeks after, the cow died and in order to show his sympathy for Bert, Mr. Henderson handed him back the purchase price. We got this information from Mr. Osland and Mr. Henderson may not be pleased with us for publishing it, but if he comes in to lean the office out there won't be a scrap for we'll meekly submit to any man with a heart as big as Tom Henderson has.—Dundalk Herald. (Tom had a parallel near Price's village some years ago, the parties both being well-known.)

OLD REBBER SOCIAL.—This now annual affair of the Baptist B. Y. P. U. came off on Tuesday night and despite the rain and thunder storms which kept up throughout the evening, the body of the church was comfortably filled. Mr. John A. Graham occupied the chair and to say that he admirably fitted it is putting it mildly. He had an interesting program to call off which kept the attention to the last. The Yirra's orchestra was in attendance and their numbers were greatly appreciated by the audience. This premier organization is rapidly coming to the fore and it is not hard to close the eyes and imagine a city orchestra performing. Rev. Mr. Wiley, the pastor, spoke facetiously, as also did Rev. Mr. Hartley of the Anglican church and Mr. Dan McLennan, the two latter's speeches being quite impromptu. A number of recitations and duets, all showing good training, were given by the Sunday School children, and two quartettes by Miss Arkell, Mrs. Search, Messrs Allan Bell and Theo. Fallaise, were acceptable numbers. The final number of the program took the form of a tableau, given by five of the B. Y. P. U. Lead Kindly Light was sung behind the scenes while the girls in white went through evolutions consistent with the song. Mr. Allan Bell was then called upon and in a few words presented the prizes for the one bringing the most old rubber which fell to Master Norman Search, he securing the 1st prize, a large box of bon bons, donated by Mrs. Wm Calder. The 2nd prize, also the same and donated by the Society came Master Donald Graham's way. Refreshments followed in the schoolroom which closed an enjoyable evening. The cash proceeds was near the \$13 mark, which with the rubber sale will bring it around \$25.

## Did you Plant your Trees?

"Aye be stickin' in a tree, Jock," said the dying Laird o' Dumbiedykes to his son in Scott's novel, "they'll be growin' when ye're dead." The advice conveys a great truth for man and municipality at this season of the year.

Our attention has been called to this matter by Mr. Gilbert McKechnie who is an enthusiast in tree planting and his example might well and profitably be followed by many others. The getting of a tree or two is not a serious matter the main thing being to save roots and fibres in the digging, have the holes prepared beforehand and see that the earth is pressed well in among the roots. Save all the earth possible round the roots when digging.

Council meets on Monday night. Could they not make a small appropriation to have some trees planted on the sides of the hill on Garafra St. It needs no stretch of the imagination to picture the added beauty to our town by having the hill flanked with beautiful maples interspersed with some evergreens. Property owners can do much but the town can set a good example by stimulating to good deeds.

In this business the Horticultural Society might lend a guiding hand with helpful suggestions and if foreign trees be desired, they could perhaps be secured cheaply through the society. Again there are parts of the hillside between sidewalk and street where dainty flowerbeds might greet and gratify the eye and be safe from all traffic.

Who will make a beginning? Let us make Durham the town beautiful. This generation wants to see it so and leave it better than we found it. The trustees of the Library and Presbyterian church have opportunity to show example. The High School Board cannot begin the adornment of the new school grounds too soon and the streets leading to both stations should have gaps filled up.

## The Temple of the Body.

Mr. Arthur W. Beall, M. A., of Whitby, is an appointee of the Ontario government in a field few men could fill—that of lecturer to boys and girls of the teen age on sex hygiene. For an hour and a half on Friday last, he held the close attention of the High School boys while he discussed laws of health and the dangers surrounding the young boy from the ignorance of the true meaning and uses of the reproductive function and the phenomena of his sexual nature. With a beautiful parallel between the most Holy Place of the tabernacle into which the High P entered only once a year and the temple of the human body over which each individual boy had control and of which he alone was high priest, he inculcated the necessity of purity of mind and thought, of cleanliness in conversation, life and habits and the necessity of the control of the sexual impulse in relation to his physical health and well being. His happy choice of words and choice method of presentation, leaves nothing to be desired, and marks him as a fit man to deal with a subject that too often parents, guardians and teachers shun as if its consideration were a crime, and sex a sort of unfortunate attribute of human nature. Our educational system, both by parents and scholastic authorities has been based on silence and secrecy in everything relating to sex, and if silence and secrecy were effectual in guarding the young from the temptations and dangers of the sex function during the developing period it would be justified. No one pretends that it does, and the conclusion is inevitable that such knowledge and instruction should come from a pure rather than an impure source.

In Germany and France a system of lectures to parents has been established in order to enable them to deal with this delicate subject. In the United States the teaching of sex hygiene is made mandatory in the Normal schools, but with parents rests the primary obligation to give pure information.

Mr. Beall's lecture might well be extended to include boys of larger growth, he is doing a great work as it is, inculcating personal purity, reverence for women, and in trying to elevate thought in all that pertains to sex hygiene. He makes good use of Tennyson's fine lines "Self knowledge Tennyson's fine lines "Self knowledge reverence, self control, these three alone lead life to sovereign power."

## Shall Grey Try the Canada Temperance Act?

This was the burning question at Markdale on Monday last, when a fairly representative gathering of delegates and others met in Convention in the Presbyterian church there. The Convention was called by the Ontario Branch of the Dominion Alliance and two representatives of that body were present, Rev. Mr. Abraham and John Muir. Owen Sound sent a very strong delegation, both clerical and lay. Hanover was also well represented. From Durham there went Wm. Laidlaw, E. Watson, Will Glass, Rev. Mr. Prudden and Wylie. Allan Bell, Dr. Wolfe, C. Ramage and of course Markdale and vicinity sent their best men—and women. Through some looseness in announcements several parts of the County were not represented, amongst them being Mexford, Fiesheron, Egremont, Proton, Shallow Lake, Keppel and three or four other municipalities. Part of the abstention was no doubt due to the awkwardness of getting to Markdale from some parts of the big county, but as it was the gathering was a good one and wide awake.

The forenoon session, after appointment of Chairman and Secy., was spent in hearing reports and in these a hopeful, optimistic ring was prevalent. A committee was appointed to draft a set of permanent officials for a County Association to report in the afternoon.

On resuming after noon hour, Rev. Mr. Muir set forth the policy of the Alliance, pointing out for the twentieth time that everybody knows that if that policy is to be successful, temperance people must abolish the slavish adherence to party. He did not propose a new party, but they should stand solid as the Laborites and Nationalists of Britain and influence both parties and by so doing would purify our political life. He condemned the iniquitous caucus pledge and looked for the day when moral questions

## Continued on page 8.

## Temperance Field Day

Sunday last from the great majority of pulpits in Grey County, representatives of the Ontario branch of the Dominion Alliance told the story of temperance activity and progress in our fair Province. It is in many respects a thrilling story. Ten years ago "dry" municipalities were in a great minority in Ontario about for years ago "dry" and the "wet" ran nearly neck and neck. Since then the dries have kept steadily gaining, till tomorrow, 1st of May, 77 per cent of the municipalities of this province have by a majority vote declared against the liquor traffic, though by the working of the three-fifths clause, not quite all of these can enjoy local option though having a majority in favor.

Rev. Mr. Kettlewell in two town churches showed how "everything was coming our way." All the churches in their highest courts, condemn the traffic; medical and other scientific men are a unit in condemning also, but as a beverage, and almost a unit in declaring its non-usefulness. Corporations and great Captains of industry are employing only total abstainers and even Labor Unions within the last year are putting themselves on record as opposed to the liquor traffic.

Rev. Mr. Kennedy took the Baptist pulpits of Glenelg and Durham. He pleads for united action by the churches, for a placing of temperance sentiment on top and lowering the participation that clings to Grit and Tory fetiches. He recalled the plebiscite vote when the province gave a majority of 96000 for temperance showing plainly that the churches could do it if they put first things first. He saw a brighter day coming from the action of the 9000 young Conservatives who petitioned their government for advanced legislation along temperance lines if they wished their loyalty to the party to be maintained.

All the addresses were marked by earnestness and power and showed a first hand acquaintance with facts and figures that made their utterances convincing.

Rev. Mr. Turner took the group of Presbyterian churches on the gravel road north of Durham.

## The Roll Call.

### LOCKWOOD ELVIDES

The death of the above gentleman took place on Saturday afternoon last, 25th April, 1914, at his home in Upper Town. About three years ago he met with an accident to his knee while handling boxes in his occupation as a drayman, which originated a trouble that never left him, and for months past a kidney trouble set in which caused him at times intense agony and lowered his vitality, till at last the strong constitution reached the breaking point and death came as a relief from the sufferings he bore with wonderful patience and fortitude. Mentally he was bright to the very last and was willing to meet and prepared for the great change.

Mr. Elvides was born in Champlain, New York State, on the very border of Quebec province, his father having farms in both countries. On reaching young manhood he came west and spent five or six years in Huron County, but over 80 years ago came to Durham and has been here since. A teamster and stage driver for many years he formed a wide acquaintance. On giving up stage driving he took hold of the dray business and for many years did the bulk of this work in town and did it well. The infirmities referred to forced him a few years ago to give it up.

Deceased married Miss Mead, one of a large family, daughter of the well-known pioneers of the 2nd Concession of Egremont, now both deceased. To them were born a family of three sons and three daughters who, with the mother are chief mourners. The sons are Edgar of Cleveland, Clifton, assessor of Durham, Walter, Principal of Whitby Public Schools. Daughters are Alice, Marion (Mrs. Kaiser of St. Thomas) and Ethel.

Deceased was of an observant nature and for many years took an active interest in civic affairs. He was an encyclopedia of knowledge about early Durham and few could better than he bring the past from the storehouse of memory. He was an adherent of the Anglican church and Conservative in politics. Interment took place on Tuesday in Durham cemetery many old friends as well as present day neighbors paying the last tribute.

Rev. Mr. Hartley conducted the services, Rev. Mr. Wylie assisting. A comforting discourse was given from the question in Job, "If a man die shall he live again?" He drew analogies from nature of life after death and found abundant testimony in the revealed Word to the same effect. All the children were home for the funeral, also his son-in-law, Mr. Kaiser. The pall bearers were; W. B. Vollett, C. L. Grant, Jno. Kelly, Robt. Mead, Wm. Irwin, C. Ramage. Beautiful floral offerings testified to the love of family and friends.

### MRS. SAMUEL BLACK

Tuesday morning last after many months of trying illness from a cancerous affection, the above lady passed away at her home in Elgin St. in this town. Only last fall, she, with husband and family, moved from near Dornoch to town. She underwent an operation about that time and was afforded some relief, but the end has come as above and husband and family of two girls and one boy are left to mourn a loving wife and mother.

Deceased was Miss Annie Wilson, daughter of Mr. and Mrs. Jas. Wilson, Rocky Saugeen, and in addition to her parents, there survive three sisters, Janet, Mrs. Jas. Banks, Proton, Hannah, Mrs. Albert Middleton, Rocky Saugeen and Lizzie at home, two brothers are James and Samuel in the west. Interment takes place on Thursday, 30 April, 1914, at 2 p. m. to Rocky Saugeen cemetery.

## PERSONAL MENTION

Mr and Mrs Chas. Allen, Buffalo, are visiting the former's parents for a few weeks.

Miss Margaret Hunter left on Tuesday on a ten day's visit to friends in Toronto and to Mrs. J. R. Gan in Hamilton.

Mr Russel Burgman, of Mason City, Iowa, visited his old home town last week end. It is now seven or eight years since the Burgman's left town and they are now running a rooming house in Mason City. Russel is now with a production Co. in the show business and has a strong aptitude and liking for stage life.

Mr and Mrs Samuel Owens, Chesley, announce the engagement of their daughter, Ellen Carmichael, to George Wesley Pringle, M. D., Toronto, son of Mr and Mrs Joseph A. Pringle, of Madoc. The marriage will take place quietly on May 20.

Rev. John Muir, the Alliance man in charge of the Markdale Convention, was delighted to meet there with Rev. Mr. Wylie, with whom he was intimate in Ayrshire, Scotland. He came to Durham with the auto load and spent the evening with Mr. and Mrs. Wylie to their mutual pleasure.

Misses Ivy Dargavel and Etta McAuliffe spent the beginning of the week with their Dornoch friends.

Mr. Box, who recently arrived in this country from England came to Durham Saturday and has taken a position at the Cement works. He is an expert slide trombone player, and consequently a valuable addition to the band.

Mrs. Jackson, accompanied by her sister, Mrs. Smith, of Hamilton, arrived home last Friday from Guelph Sanatorium. Mrs. Jackson has been in poor health for some months past and returned to her residence here in an effort to restore it. We are pleased to note she has already shown a marked improvement.

DYING.—As we go to press it is feared Willie Collinson is passing away at the McAuliffe hospital home. Since the operation for appendicitis about a week ago, hopes and fears have alternated but hope is now given up and the bright young life of 8 years will become a memory to the sorrowing parents. His grandfather in the same home is making steady progress towards recovery.

A DURHAM PLAYWRITER.—In a conversation with Mr. E. D. McClocklin last week, subsequent to our write-up of "Old Boots" comedy we learned that he was the author of the play as well as the chief actor. In the rush of press day we failed to mention this, but offer him congratulations on his histrionic ability with the pen as well as on the platform. Further, we would suggest that he give us more of the same kind, for in plot, spirit and accessories it was good.

**NOTICE!**  
**Prof. E. Katz**  
The well-known Eye-sight Specialist, will be at the **Midday House, Durham** **Friday, May 1st, '14**  
Will examine eyes by the method that never fails. Guarantees to relieve eye-sight trouble, eye strain, headache in every case.  
**E. KATZ**

## Activity at the Cement Plant

This week the big wheels are turning at the Cement Plant and all departments are in full blast. Orders have been coming in such frequency and size as to give promise of a healthy season's work. It adds a spibe of activity to see the mail cars crossing our streets again.

We are prepared to supply a limited number of customers with ice for the summer months. Prices and delivery on application. Phone 58. F. J. WELSH

The annual meeting of the Durham Branch Women's Institute will be held at the home of Mrs. Thos. McComb on Thursday May 7, at 2.30 p. m. Officers for the coming year will be elected and several papers will be given. All ladies are welcome.

## Important Notice!

The season for seeding is near. Every farmer has to buy seed more or less. It will pay you to buy the best. We have it.
