See Distinctly. A despatch from Quebec says: A remarkable case of the sudden recovery of sight through being struck that of Mr. Henri R. Germain, an employe of the local agency of the Marine and Fisheries Department, who resides at Beauport. Mr. Germain has been practically blind for over two years past, following a severe attack of inflammatory rheumatism. He was chopping wood at his home when a piece flew up and struck him on the bridge of the nose. This severed a vein, and as a result Mr. Germain lost much blood, which was black in color. Immediately after Mr. Germain discovered that he could see distinctly. Admiral Will Be Court-Martinled | Strange to say, he felt no pain when
